To whom it may concern.

I am writing in objection to the Alcohol Premise licence application made by one "Sally Brumfitt" on behalf of New Brook Street Deli 5-7 New Brook Street, Ilkley, LS29 8DQ.

The already very high number of licenced premises in Ilkley is becoming of grave concern to myself and others in the local area.

Given the ongoing, and increasing public order violations in and around the park and the area close to the suspension bridge and pebble beach, I can only foresee this problem becoming even more prevalent if there is yet another outlet en-route to these areas where people can purchase alcohol.

There are also retirement apartments in very close proximity as well as other residential properties (many of which including young children) that would also feel the detrimental effects of this business being granted an alcohol premise licence.

I hope you will take my strong, and justifiable objections into consideration.

Yours faithfully

[redacted] [redacted]
