Portfolio:

Environment & Sustainability

Overview and Scrutiny Area:

Environment & Waste Management

1.0 SUMMARY

- 1.1. This report seeks to update members on casualty levels and trends in Bradford East, and on the Road Safety education, training and publicity initiatives aimed at reducing these casualties.

2.0 BACKGROUND TO ROAD SAFETY AND CASUALTY REDUCTION

- 2.1. A report on proposals for the devolution of Road Safety funding was considered by the Bradford East Area Committee on 22 November 2012. Members resolved to adopt the proposals for decision making within the report whereby an annual 'State of the Nation' style report detailing casualty numbers/trends and details of ongoing and proposed road safety education, training and publicity initiatives will be presented to the Area Committee.
- 2.2. A 'Road Casualties' report is published annually. Based on Police Road Traffic Collision records the report identifies casualty reduction priorities for the District. This report takes into account the most recent full year data available, i.e. 2012, and trends in comparison to preceding years.
- 2.2 In 2012 there was an overall increase in casualties in the Bradford District but the long term downward trend has been maintained. Appendix 1 shows the present position for the Bradford District.
- 2.3 In Bradford East there was an overall increase in casualties but as with the District, the long term trend is downward. Appendix 2 shows the present position for Bradford East.
- 2.4 The Road Safety team operates on a district-wide basis. Staff and financial resources are allocated to education, training and publicity programmes based on priorities identified for greatest impact on casualty reduction. These programmes are highlighted in the Bradford Metropolitan District Road Safety Plan, which is supported by the Area Committees, and includes the aspects detailed in Appendix 3
- 2.5 Drivers and passengers account for the highest number of casualties and are targeted through publicity campaigns and enforcement. Education and training initiatives, delivered at local level, target the vulnerable 0 – 15 age group through work with schools, other educational establishments, youth organisations and multi-agency partnerships and Area Coordinator teams.

3.0 OVERVIEW AND SCRUTINY COMMITTEE CONSIDERATION

- 3.1. If any decisions arising from this report are called-in they will be considered by a future meeting of the Overview and Scrutiny Committee

4.0 OTHER CONSIDERATIONS

4.1. Performance

Between August 2012 and July 2013, training sessions have been carried out at 31 schools and Childrens Centres in Bradford East. Specific details of activities are shown in Appendix 3.

4.2. Service delivery plan

Specific service delivery proposals are detailed in Appendix 3

4.3. Involving citizens

The team has an established programme of working with schools, Childrens Centres and their wider communities. Advice, support and information are provided on an ongoing basis for citizens and community groups across the district. The team is currently involved in the development of the Self Assessment Toolkit linking road safety into the policy and procedures of Mosques and Madrassas which has been a difficult demographic group to reach.

4.4. Opportunities & Challenges

4.4 The service is in Year 1 of Community Right to Challenge and currently inviting expressions of interest, the closing date is 30 June.

4.5. Additional funding for Theatre in Education for the district's secondary schools has been secured to be delivered in the next academic year.

4.6. Given the relatively small data-set for user and demographic groups for individual constituencies, district-wide casualty data is more generally used to inform some intervention priorities.

4.7. Road safety activities contribute to the Safer Communities strand within the Bradford East Area Action Plan. Through education, and close working relationships with schools the Road Safety team raise awareness of the implications of inappropriate parking behaviour and its affect on children and the wider community.

5.0 OPTIONS

5.1. None

6.0 FINANCIAL AND RESOURCE APPRAISAL

6.1 The Road Safety budget allocation for education, training and publicity resources for 2013/14 is £32,800. This also covers contributions to wider West Yorkshire and Yorkshire and Humber campaigns and initiatives.

7.0 RISK MANAGEMENT

7.1. Budget spend on Road Safety is currently prioritised against overall district casualty reduction priorities which are based on analysis of statistical data relating to road casualties. This analysis, underpinned by the District Road Safety Plan priorities, is used to establish key themes of a district-based approach for the following 12 month period. It is anticipated that a failure to maintain this approach would have a detrimental effect on future casualty prevention/reduction.

7.2. Without continued strategic use of resources the ability of the Council to achieve value for money through procurement savings as well as participating in partnership working

on West Yorkshire and Yorkshire and Humber campaigns, initiatives and events would be at risk.

8.0 LEGAL APPRAISAL

The ongoing activities of the Road Safety team contribute to the Council's duties under the Road Traffic Act 1988

9.0 OTHER IMPLICATIONS

9.1. Equality and Diversity

Due regard is given to Section 149 of the Equality Act 2010 when formulating a programme of Road Safety activities and interventions

9.2. Sustainability Implications

Improvements in road safety conditions encourage a shift to more sustainable transport modes

9.3. Greenhouse Gas Emissions Impacts

Any increases in walking, cycling or public transport use encouraged by road safety improvements would have a positive impact on reducing Greenhouse Gas emissions.

9.4. Community Safety Implications

The work of the Road Safety team contributes towards improving community safety in the following areas:

- Drivers and passengers – speed, seatbelt wearing;
- Pedestrian safety;
- Vulnerable road users: children, cyclists; and motorcyclists
- Safety around schools.

9.5. Human Rights Act

There are no Human Rights Act implications arising from this report.

9.6. Trade Union Implications

There are no Trade Union implications associated with this report.

9.7. Ward Implications

The information in this report is relevant to all Wards.

10.0 NOT FOR PUBLICATION DOCUMENTS

None

11.0 RECOMMENDATIONS

- 11.1. That the Bradford East Area Committee notes the information in respect of casualty trends and Road Safety activities in Bradford East.
- 11.2. That the Bradford East Area Committee continues to support the evidence based approach to determine Road Safety priorities

12.0 APPENDICES

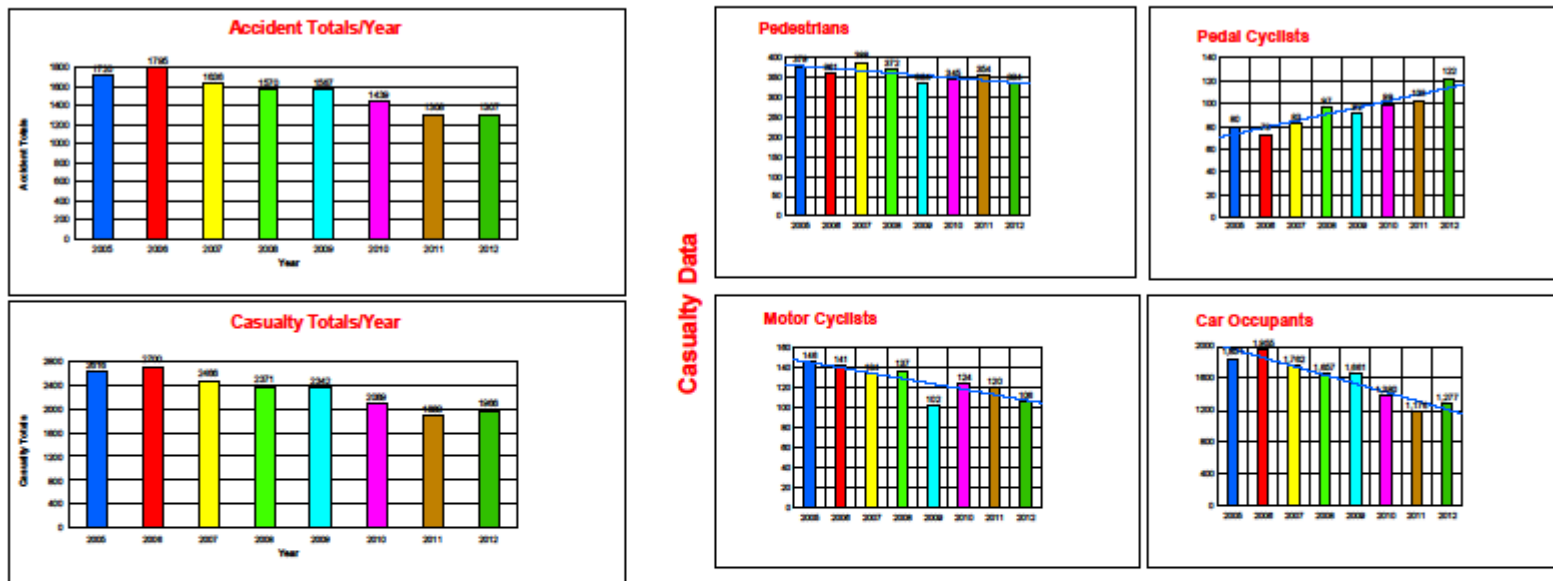

- 12.1 Appendix 1 – Road Casualties Bradford District 2005 to 2012
- 12.2 Appendix 2 – Road Casualties Area Committee: Bradford East 2005 to 2012
- 12.3 Appendix 3 - Road Safety Education Training and Publicity Interventions

ROAD SAFETY EDUCATION TRAINING AND PUBLICITY INTERVENTIONS

Education and Training

- A primary school programme which includes pedestrian and cycling training, in car safety sessions, starting school and transition information and parent/carer sessions. Resources to support school activities are also provided including School Gate Parking banners and boards and teaching resources
- A secondary school programme which covers key pedestrian and car passenger safety messages for KS3 pupils, a pre driver presentation and Theatre in Education for KS3/4 pupils
- Car seat checks and information sessions
- School gate parking
- Health visitors deliver a road safety information pack 'To Mum or Dad' aimed at parents on an annual basis
- Parents of 5-6 year olds are provided with 'Teddy Takes a Tumble' packs – car seat and seat belt wearing information, through the local primary school
- Support for Area Coordinator team initiatives focussing on local problems and issues
- Involvement in initiatives throughout the year including; Child Safety Week, Brake Road Safety Week, 'Be Bright Be Seen' the Stay Safe Programme, the Positive Lifestyle Project, Summer Holiday programmes and multi agency events and Health Fairs
- National Driver Improvement Scheme (Driver awareness courses)

Publicity

- Drivers, passengers, adult cyclists, motorcyclists and pedestrians are targeted through publicity activities. Press releases, advertising on buses, radio, JC Decaux boards, and leafleting through information points are used to put out key messages around issues related to seat belt wearing, speed, the use of mobile phones, drink driving, distractions and awareness of other road users.
- The team work with the other West Yorkshire and Yorkshire and Humber authorities on publicity campaigns and support the Governments 'Think' campaigns.

Work in priority Areas with key partners

Each year the team identify priority wards, based on child casualties and offer a comprehensive multi agency programme to the schools and communities in these areas. Partners include; police, F&R, engineers, NHS, local schools and the Area Co-ordinator teams. This work includes;

- Door to door knocking – seatbelts/speed/parental responsibility
- IMPS (Injury Minimumisation Programme) for parents

- Pedestrian Training for parents
- Health Fair & Extrication
- Parent's talks & forum
- Slow down correx boards
- Information news sheets for parents

Partnership Working

The team is small, delivering a district wide service; therefore working in close partnership with Public Health, the police, fire and rescue, schools, BSCB, Bradford Under 5's, health professionals and others is essential. West Yorkshire Road Safety Officers are currently working together to target 11 – 15 pedestrians who have been identified as a priority and co-operation and liaison on initiatives at a Yorkshire and Humber level also takes place.

Work in Bradford East August 2012 – July 2013

Pedestrian Training: Schools who take up pedestrian training include; All Saint's CE, Barkerend, Blakehill, Bradford Moor, Cavendish, Grove House, Killinghall, Lapage, Poplars Farm, St Luke's CE, St Stephen's and Thornbury.

Cycling Training: Schools who take up the cycling skills course include; Barkerend, Grove House, Holybrook, Idle CE, Our Lady & St Brendan's, Thorpe and Wellington.

Primary School Sessions: The team has worked with and delivered sessions from the Primary School Plan in; All Saint's CE, Barkerend Primary, Byron, Fagley, Feversham, Horton Park, Lapage, Parkland, St Joseph's, St Matthew's CE, Wellington and Westminster.

Secondary Schools: The team has worked with Hanson Upper and APE Theatre Company has performed in Carlton Bolling College and Laisterdyke Business and Enterprise College.

Other activities in Bradford East include:

- Work with Barkerend, Gateway and Ravenscliffe Childrens Centres
- All Children's Centres have been provided with road safety resource boxes funded by Childrens Services

Service Delivery Plan 2013 - 14

For 2013 -14 the section intends to continue to provide the activities as outlined above, but with greater importance being given to cycling due to an increase in child cyclists whilst at play.
