1. SUMMARY

This report outlines the work of the Bradford South Area Co-ordinator's Office in the period 1 April to 30 September 2012 to support Ward priorities within the Bradford South Area Committee Action Plan 2011-14 utilising the four key elements of the Neighbourhood Service.

2. BACKGROUND

2.1 This work outlined in this report has been undertaken to support the Area Committee in the implementation of the Bradford South Area Committee Action Plan 2011-14 utilising the four key elements of the Neighbourhood Service. These four key elements are:

- Integrated Area teams
- Streamlined locality planning and performance management
- Connecting the strategic to the neighbourhood
- Co-ordinating local partnership action

2.2 Partners, Services and Agencies are committed to supporting action planning at a Neighbourhood and Area-level. They have supported Locality Planning and work with Bradford South Area Co-ordinator's Office to address issues.

2.3 The development of Ward Assessments has been used to underpin the Bradford South Area Committee Action Plan 2011-14.

2.4 Appendices 1 – 6 outline a number of specific actions, undertaken between 1 April and 30 September 2012, within Wards which have contributed to addressing priorities within the Bradford South Area Committee Action Plan 2011-14.

2.5 To enable these specific actions Ward Officers undertake and support a partnership approach which involve Ward Leadership Teams, Ward Officer Teams, Ward Partnerships, Days of Action and PACT Events, etc. These are underpinned by Neighbourhood Forums, Single Issue Forums and a number of other consultation events.

2.6 A total of 17 Neighbourhood Forums, including Tong Ward Forum, and 3 Single Issue Forums took place in Bradford South within this period with an attendance figure of 319 (Appendix 7).

2.7 The Area Co-ordinator's Office also continues to seek to 'tailor' Single Issue Forums and other forms of consultation and community engagement to the interests and character of each individual Neighbourhood. This is illustrated by the broad range of issues discussed; the number of partner agencies contributing; and the range of different "styles" of Forums which have been developed including the pilot Tong Ward Forum which is the subject of a separate report.

- 2.8 The Area Co-ordinator's Office continues to support Local Action Planning supported by consultation with and involvement of local residents and partner agencies in decision making through: partnership bodies, local problem-solving groups (Ward Safer Community Partnerships), special events, action planning and through the work of Council Wardens
- 2.9 Council Wardens enable significant increased levels of Community Engagement to be sustained. Council Wardens' work has included Days of Action, Visual Audits; work with schools and individual local residents. This is addition to their responsibility for Parking Enforcement.
- 2.10 Bradford South Area Co-ordinator's Office also provide support to new and continuing community initiatives as well as advice, guidance or support in relation to assisting the effective functioning of local Voluntary and Community Organisations as requested.
