#### 64. **PETITION REGARDING PARKING AND ACCESS ISSUES ON Tong STEAD ROAD, TOFTSHAW LANE AND THORVERTON DRIVE**

The Strategic Director Regeneration and Culture submitted a report (**Document “AP”**) which set out a petition of 43 signatures which had been received requesting that consideration be given to developing parking and access restrictions on Stead Road, Toftshaw Lane and Thorverton Drive, Tong. The Strategic Director urged that the petition should be accepted and that officers develop a scheme to mitigate the problems during the next financial year. He added that an access only road could only be enforced by the Police and would therefore not be a viable option; however the manager of the depot was keen to resolve issues with residents.

The lead petitioner was present at the meeting and highlighted the noise, parking problems and obstruction caused by the depot, he also voiced concerns on health and safety grounds due to articulated Lorries reversing up Stead Road. He urged that a closure of the Toftshaw Lane entrance would solve the problems.

A Member of the Committee and Ward Councillor for the area expressed his sympathies with the petitioners and suggested that negotiations with the depot would resolve the problems together with signs encouraging sensible parking.

A Member echoed the above sentiments, adding that the Wardens should also look at the parking problems in the vicinity of the depot; however the situation did not meet the residents permit parking criteria.

The Chair acknowledged that there been issues for a number of years and that a solution could take some time to develop and it was therefore:

**Resolved -**

- (1) That the submitted petition be accepted.**
- (2) That further investigations into the matters raised be undertaken in the 2014 financial year (commencing April 2014) when funding is available.**

**65. OBJECTION RELATING TO APPLETON ACADEMY  
TRAFFIC REGUALTION ORDER**

**Wyke**

The Strategic Director Regeneration and Culture submitted a report (**Document “AQ”**) which set out one objection to the recently re-advertised permit parking zone on High Fernley Road and High Fernley Court, Wyke.

The Strategic Director reminded Members that the original TRO was implemented to protect residents from anti social parking and as the Academy would be used for a variety of purposes it was agreed that the parking permit would operate at all times. Following the introduction of the Order an amendment to the Order was processed to pick up any anomalies, and an objection had been received on the grounds that the severity of the restrictions were excessive and that it prevented visitors from parking, as only 1 visitor permit was allowed per household.

The objector was present at the meeting and stated that most residents had welcomed the parking restrictions when the Academy opened, however a blanket 24/7 restriction including Christmas day was unnecessary as parking restrictions outside of school hours and during holidays were onerous on residents.

In response the Strategic Director explained the rationale behind the proposals in that any relaxation of the parking would only cause problems to residents, as the school had events outside of school time and there were plans to extend these activities which would have a consequential impact on parking.

During the discussion Members expressed sympathy with the objector; however they felt that the parking restrictions were necessary but that the situation should be reviewed again in 12 months time in consultation with residents.

**Resolved -**

- (1) That the permit parking scheme remains unchanged in line with Option 9.1 set out in Document “AQ”, however the scheme be reviewed in 12 months time and that residents be consulted prior to this review.**
- (2) That the objector be informed of the decision.**
