## **A. PROCEDURAL ITEMS**

### **1. ALTERNATE MEMBERS** (Standing Order 34)

The Interim City Solicitor will report the names of alternate Members who are attending the meeting in place of appointed Members.

### **2. DISCLOSURES OF INTEREST** (Members Code of Conduct - Part 4A of the Constitution)

To receive disclosures of interests from members and co-opted members on matters to be considered at the meeting. The disclosure must include the nature of the interest.

An interest must also be disclosed in the meeting when it becomes apparent to the member during the meeting.

*Notes:*

- (1) Members may remain in the meeting and take part fully in discussion and voting unless the interest is a disclosable pecuniary interest or an interest which the Member feels would call into question their compliance with the wider principles set out in the Code of Conduct. Disclosable pecuniary interests relate to the Member concerned or their spouse/partner.
- (2) Members in arrears of Council Tax by more than two months must not vote in decisions on, or which might affect, budget calculations, and must disclose at the meeting that this restriction applies to them. A failure to comply with these requirements is a criminal offence under section 106 of the Local Government Finance Act 1992.
- (3) Members are also welcome to disclose interests which are not disclosable pecuniary interests but which they consider should be made in the interest of clarity.
- (4) Officers must disclose interests in accordance with Council Standing Order 44.

### **3. MINUTES**

**Recommended –**

**That the minutes of the meeting held on 19 November 2015 be signed as a correct record (previously circulated).**

### **4. INSPECTION OF REPORTS AND BACKGROUND PAPERS** (Access to Information Procedure Rules – Part 3B of the Constitution)

Reports and background papers for agenda items may be inspected by contacting the person shown after each agenda item. Certain reports and background papers may be restricted.

Any request to remove the restriction on a report or background paper should be made to the relevant Director or Head of Service whose name is shown on the front page of the report.

If that request is refused, there is a right of appeal to this meeting.

Please contact the officer shown below in advance of the meeting if you wish to appeal.

**Overview & Scrutiny Area:**  
**Environment and Waste Management**

**1.0 SUMMARY**

1.1 This report considers an objection to a recently advertised Traffic Regulation Order for No Waiting At Any Time restrictions on Leeds Road, Bradford at its junction with Seymour Street.

**2.0 BACKGROUND**

2.1 At its meeting of 15 April 2014 this Area Committee approved as part of its Safer Roads Programme a scheme to provide a pedestrian facility on Leeds Road near Seymour Street, Bradford.

2.2 A pedestrian refuge island is proposed on Leeds Road to the east of Seymour Street to improve facilities for pedestrians and road safety. The proposed No Waiting At Any Time restrictions on both sides of Leeds Road at this location are considered the minimum necessary to maintain free flowing traffic past the refuge island and protect sight lines for drivers and pedestrians using the island. A footway build-out is proposed on the north side of Leeds Road at the refuge location to minimise the loss of parking space. The proposals are shown on drawing No. TDG/THS/102732/CON-1A shown in Appendix 1.

2.3 The Traffic Regulation Order was advertised between 9 October and 30 October 2015. One letter of objection has been received; the points of objection and corresponding officer comments are summarised as follows:

Objectors concerns	Officer comments
1. The loss of parking space on Leeds Road adjacent to properties numbered 311 and 321 which have no off street parking and which the owners would like to regenerate and bring back into use.	The double yellow lines would displace about 6 car lengths. 2 on the north side of Leeds Road and 4 on the south. The extension of the yellow lines has been minimised by the introduction of the footway buildout.
2. The Hindu Temple at 323 – 341 Leeds Road is regularly visited by people travelling by coaches who are dropped off on Leeds Road. Turning this area into a formal parking bay will prejudice this use and make it harder for coaches to drop off older and disabled people close to the main entrance.	There are no proposed waiting restrictions adjacent to the Temple. The intermittent white line will mark out an informal parking area and the carriageway running lane. This will have no effect on the current dropping off by coaches. This area will be available for use by any driver as it currently is. This white lining could be omitted.
3. They do not consider that this crossing point will be used and think that adding this feature will increase congestion on this already busy and congested road.	There are a disproportionate number of pedestrian casualties on Leeds Road and because it is busy and congested with traffic additional facilities are needed for pedestrian safety. In a snap shot 30 minute observation (14.40 – 15.10) 3 pedestrians crossed near the proposed refuge location and 38 vehicles turned right into Upper Seymour Street. The refuge island will also offer some protection for turning traffic.

	There have been 11 collisions at this junction in the last 5 years, 3 involving pedestrians.
--	--

**3.0 OTHER CONSIDERATIONS**

3.1 Local ward members and the emergency services have been consulted. No comments have been received.

**4.0 FINANCIAL AND RESOURCE APPRAISAL**

4.1 The cost of the proposals will be met from the Safer Roads Budget. The proposals form part of a series of measures for which a total budget of £35,000 has been previously approved by this committee.

**5.0 RISK MANAGEMENT AND GOVERNANCE ISSUES**

5.1 There is a proven history of pedestrian casualties at this location; it is likely that this will continue unless a facility for pedestrians is provided. If appropriate waiting restrictions are not introduced as part of the scheme, this would impact on safety and congestion.

**6.0 LEGAL APPRAISAL**

6.1 The options contained in this report are within the Councils powers as Highway Authority and Traffic Regulation Authority.

**7.0 OTHER IMPLICATIONS**

**7.1 EQUALITY & DIVERSITY**

Due regard has been given to Section 149 of the Equality Act when determining the proposals in this report.

**7.2 SUSTAINABILITY IMPLICATIONS**

There are no sustainability implications arising from this report.

**7.3 GREENHOUSE GAS EMISSIONS IMPACTS**

There is no impact on the Council's own and the wider District's carbon footprint and emissions from other greenhouse gasses arising from this report.

**7.4 COMMUNITY SAFETY IMPLICATIONS**

The proposed traffic measures will reduce conflict on the road and improve road safety.

**7.5 HUMAN RIGHTS ACT**

None

**7.6 TRADE UNION**

None

**7.7 WARD IMPLICATIONS**

Bowling and Barkerend Ward Members have been consulted on the proposals.

**7.8 AREA COMMITTEE WARD PLAN IMPLICATIONS**

The development and implementation of the scheme supports priorities within the Bradford East Area Committee Ward Plan 2015-16.

**8.0 NOT FOR PUBLICATION DOCUMENTS**

8.1 None

**9.0 OPTIONS**

9.1 That the scheme for the pedestrian refuge island and associated Traffic Regulation Order be abandoned.

9.2 Members may propose an alternative course of action; in which case they will receive appropriate guidance from officers.

**10.0 RECOMMENDATIONS**

10.1 That the objection is overruled and that the Traffic Regulation Order for waiting restrictions on Leeds Road, Seymour Street and Upper Seymour Street is sealed and implemented as advertised.

10.2 That the objector be informed accordingly.

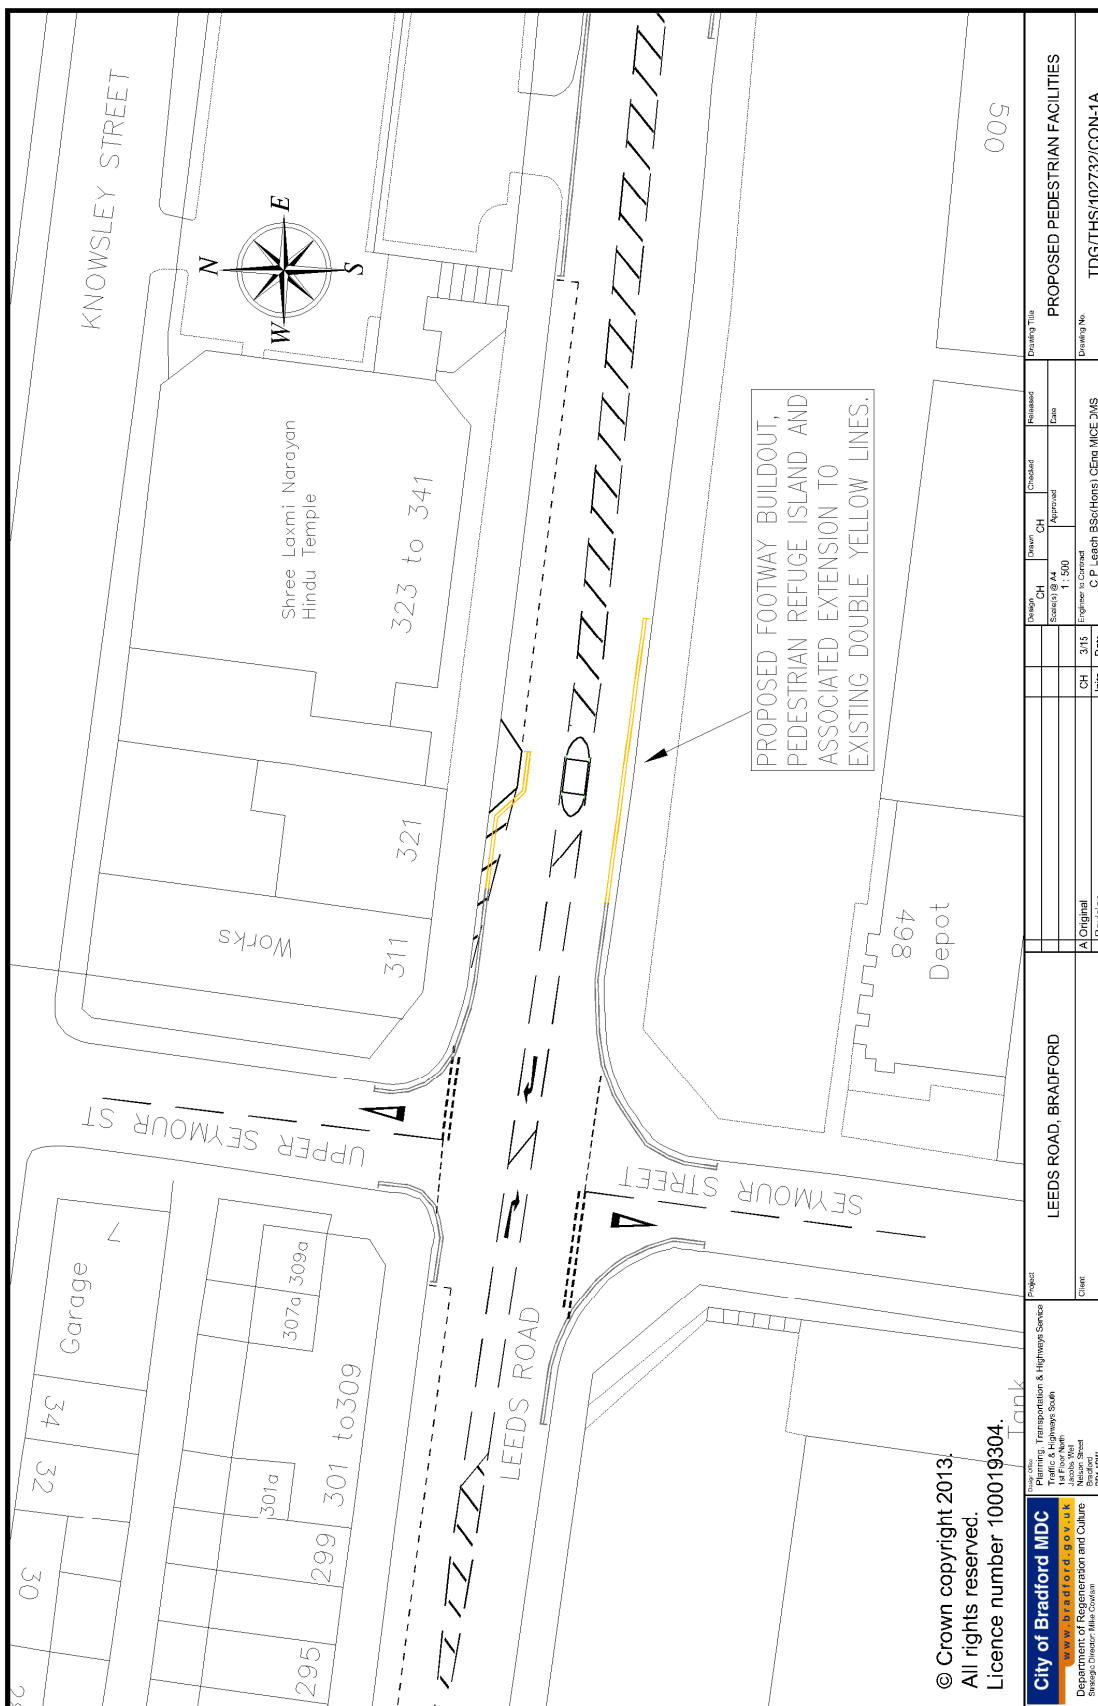

**11.0 APPENDICES**

11.1 Appendix 1 – Drawing No. TDG/THS/102732/CON-1A.

**Children’s Services**

## 1. SUMMARY

- 1.1 This report gives information on work undertaken by the Youth Service in the Bradford East area, in particular the work with NEET and young carers, and further information about the buildings managed by the Youth Service and the Youth Offer. The review of the open access provision in East is also included.

## 2. BACKGROUND

- 2.1 **At the Bradford East Area Committee on 22 July 2015 members resolved that a further report be presented including additional information about work with specific groups, youth service buildings in Bradford East and the 'Youth Offer'.**

The resolutions from the Bradford East Area Committee meeting on the 22 July 2015 are included below. Following each resolution, there is an explanation of the work that has been undertaken.

- 2.2 **That the Committee recommends that a review of the open access provision across Bradford East is conducted to demonstrate how the local authority's duty to secure, as far as reasonably practical, equality of access to provision is delivered so young people can improve their well-being.**

- Bradford East currently runs 18 weekly sessions. Of the 18 sessions 16 are open access and 2 are sports-based. Day time work is carried out in schools and youth centres, this work is targeted short term project work with the ultimate aim of improving young people's life chances. Holiday programmes are delivered in wards. In the last year we delivered the connecting communities project which enabled diverse communities to learn alongside each other. Appendix A shows the sessions delivered by the Youth Service in each Ward.
- Youth workers work alongside Ward Officers to ensure that youth work sessions are informed by the needs of the Ward Plan. The corner stones of youth work, education, empowerment, equality and participation, are used to draw up and evaluate the 12 week plan. Every quarter youth workers facilitate a planning, review and evaluation session with young people. An evaluation takes place at the end of each session with young people and then the staff team. The evaluations are used to inform any necessary amendments to the following session.
- Six ward-based meetings were held, Ward Councillors were invited to meet with the Youth Worker, Advanced Practitioner and Ward Officer. Questions were asked relating to the type of activities offered and the learning potential for young people. There were wide ranging discussions to identify the key issues and ways of responding to them. A summary of the meetings is included within Appendix A.
- Appendix A shows that there are common themes across East such as low educational attainment and aspirations, challenging behaviour, drug and alcohol use. It should also be noted that specific issues also emerged in wards such as:

Eccleshill - 13 - 16 year olds not accessing education.

Bolton and Undercliffe – Anti-Social behaviour of 13 -19 year olds.

Bowling and Barkerend – Lack of cohesion between different communities.

Little Horton – Lack opportunities for older young people aged 20 - 25.  
 Idle and Thackley – Young people congregating in public spaces.  
 Bradford Moor – Poor literacy skills of British born young people.

- At the meeting youth provision delivered by the community and voluntary sector was also considered. A list of this can be found within Appendix A. It should be noted that this is not an exhaustive list.
- There was a general consensus that the vast majority of the youth provision delivered by the Youth Service was to a good standard, resources were well utilised and partnership arrangements enabled better quality services for young people. It was acknowledged that some provision was not well used and consideration should be given as to the viability of the provision. It was agreed that the Monday night at Parkside should close. Bowling and Barkerend Ward Councillors agreed that outreach work should be carried out in a bid to increase take up at the Monday night session which runs at the Karmand centre. The session should be reviewed in late January and a decision made as to whether to continue with the Karmand session.
- The table included as Appendix A shows how it is proposed to respond to issues identified.

**2.3 That the Committee welcomes the reduction in the number of Tier 1 young people not in education, employment or training and requests a further report detailing how this work is carried out. The report should also include a report from Prospects Services Limited to be brought to a meeting in the autumn.**

- Bradford Council provides a careers information and guidance service to all young people, in particular supporting those that are Not in Education, Employment or Training (NEET).
- This service is provided through a combination of a procured service and the local authority Youth Service. The procured contract is a district-wide contract and is valued at £1,453,606.00. Some schools in the district also buy in the careers information services and contribute an additional £259,100.00 giving a total of £1,712,706.00. The current provider of the procured service to all young people is Prospects Services Ltd who operate under the title of Connexions Bradford.
- The Council’s Youth Service has responsibility for the Tier 1 NEET delivery with Youth Service staff each holding a caseload of vulnerable young people who are NEET.
- Young people are identified as being NEET at the point of leaving school and are allocated to a Tier, which tier is dependent upon their individual support needs. There are 3 tiers to the NEET service in the District, with Tier 1 being the most vulnerable group. The Youth Service support those who are Tier 1 and are also NEET, with Prospects delivering the rest of the service as can be seen below:

<b>Level of Need</b>	<b>EET</b>	<b>NEET</b>
Intensive Support (Tier 1)	Prospects	Youth Service
Extra Support (Tier 2)	Prospects	Prospects

Minimum Support (Tier 3)	Prospects	Prospects
--------------------------	-----------	-----------

- The 2 services have clear targets in relation to the transitions of young people from being Not in Education Employment or Training into Education, Employment or Training (NEET to EET).
- Bradford East area has traditionally had high levels of NEET in comparison to other Constituency areas – these remain despite Bradford district overall having its lowest level ever of NEET young people.
- Appendix B provides further detail about the work carried out in Bradford East with regard to the Youth Service work to support young people who are Tier 1 NEET.
- Appendix C is a report from Prospects who are the current provider, under a procurement contract, for the delivery and support to young people who are Tier 2 and 3 NEET.

**2.4 That the Committee requests that the Executive reconsiders the funding devolved to Area Committees using a revised system of funding weighting by the population of young people as recommended in the Youth Offer.**

- This was considered by the Executive at its meeting on 15 September 2015 and members resolved that this be considered as part of the budget process for 2016 / 18.

**2.5 That the Committee requests a budget and a plan is prepared to bring the youth service buildings up to standard within 2 years and that the plan and budget is sent to the Executive requesting funding is released into the Capital Plan from the Council's Reserves to support the retention of those properties in Bradford East retained by the Executive.**

- The Executive resolved that this request be considered as part of the Council's budget for 2016 / 18.
- The Council has a strict prioritisation process that is applied to its estate. Each building is surveyed and evaluated against specific criteria e.g. a Children's/Adults Home would be evaluated higher than the needs of office accommodation. Annually this process is undertaken to inform the Council's property capital programme. Currently the Council has in excess of £64m priority 1 backlog maintenance in properties across the estate (including schools). Annual funding approved for the capital programme is approximately £2m. The Youth Service Buildings in Bradford East are captured within the process but are not currently high in the order of priority.

**2.6 That the Committee requests that the Interim Director of Customer Services and Neighbourhoods brings a report to an Autumn meeting of the Committee detailing what work has been done to generate income to ensure the youth service buildings are managed and maintained on a sustainable basis for the future.**

- The 3 youth service buildings in Bradford East (the Arc in Canterbury, Laisterdyke Youth and Community Centre and Ravenscliffe Youth and Community Centre) are managed by the Youth Service Workers in the ward and the Senior Youth Worker. There are varying levels of interest from external organisations in using these buildings.
- There is demand from organisations and community members for the use of both Ravenscliffe and Canterbury youth Centre. Appendix D shows use of the buildings from other organisations and income generated.
- Work has been carried out at the Laisterdyke Youth and Community Centre which has included a deep clean of the full site, repairs to the roof, security measures installed to prevent access to the roof top area, refurbishment and redecorating of the communal entrance area. In addition, discussions are taking place with Facilities Management and local Ward Councillors exploring options to increase the occupancy and usage of the building by making rooms and spaces available for hire by interested parties.

**2.7 That the Committee requests that consideration be given to the use of funding to support the development of innovative projects to support the development of the learning potential of young people.**

- Youth Workers are constantly challenged to think about innovative projects to engage young people in learning. Established partnerships with voluntary organisations, community interest companies and such have given access to funding streams not open to the youth service. In the last 12 months over £20,000 has been secured to enable projects to be delivered which support the learning potential of young people. Sources of funding included the Local Award, All Teed Up and POCA. £7,900 of Youth Opportunity Funding was secured by nine youth service projects. The Funding has enabled day time work with young people on the verge of exclusion from schools, residential opportunities focussed on identity and aspirations and a breadth of emotional and physical well being activities which have addressed issues of child sexual exploitation and anti-social behaviour.

**2.8 That the Committee requests that a further update is brought which details progress with the Youth Offer including how youth work is monitored and impact judged, including what has taken place to increase accessibility for disabled to open access sessions.**

- The Youth Offer Review looked at the offer to young people from across the whole youth sector recognising the offer is provided by a wide range of providers including the local authority youth services, uniformed organisations, faith groups, voluntary groups and community-led organisations. The Youth Offer Review Report and recommendations were taken to the Council Executive meeting of 10<sup>th</sup> March 2015.
- Since this date there has been the formulation of a cross sector Youth Offer Working group. The group has active membership from across the Youth Sector including representatives from faith groups, voluntary and community groups, the Police and local authority Youth Services and Neighbourhoods Services.

- This group has enabled a more cohesive communication in the sector which is starting to lead to a more joined up offer and sector-led response to the many of the recommendations from the report. The true element of partnership working of this group has required some time and nurturing, and a trust has been developed that has enabled difficult and critical discussions to take place. This in turn has allowed for the exploration of different ways of working across the Youth Sector and of the potential and strengths of more joined up working, different ways of delivering and funding services and the clearer identification of who in the sector is best placed to deliver what services.
- The group has contributed towards the Youth Offer proposition making recommendations for consideration as part of the New Deal proposals. They are exploring and considering sector strengths and capacity in the future and ways to sustain delivery across the district.
- There is recognition that the outcomes frameworks across the sector that are currently used to monitor work are diverse and disallow uniformed reporting against district priorities. Work is being undertaken to explore and suggest improvements that enable increased clarity around quality and impact that the whole sector can relate to and they feel empowered to use. The working group will lead on this development and the inclusion of the wider Youth Sector.
- A review has been undertaken of the existing providers funded under the historic Community Funding Unit grants agreements. The Youth Offer Working Group is making recommendations for consideration about how this funded work would better align to the required outcomes from the Youth Offer Report and the District and locally identified priorities.
- The Youth Service has started making steps towards empowering and capacity building the voluntary sector provides, where necessary offering support alongside volunteers in weekly run sessions and access to training that supports quality and youth work values.
- Youth voice work is developing within each project in Bradford East ensuring youth voice influences their work. There are plans to run a District wide networking event planned in Spring of 2016 that will bring together young people to share practice on increasing participation and youth voice.
- The Youth Work Team has looked to encourage disabled young people to access open access provisions. Within the district 1666 young people are identified as SEND, meaning they either have a Statement, an Education, Health and Care Plan (EHC) or a Learning Difficulty Assessment (LDA). 344 of these young people live in the Bradford East area. 75 young people have attended provisions in the Bradford East area, although this figure includes young people who reside outside of East area.

The table below outlines the attendance at open access provisions by disabled young people

- A full report to update on the Youth Offer recommendations is scheduled to be taken to the Council Executive in the spring of 2016.

### 3. OTHER CONSIDERATIONS

#### 3.1 Engagement with Young carers

- Young carers take responsibility for parents, siblings or a family member who may have caring needs including those with severe mental illness, recovering drug user / alcoholic or have a disability. It is difficult to capture the numbers of young carers across the district as young people seldom identify as carers. They will often grow up with the responsibility of caring and though they may struggle with the responsibilities they do not always recognise themselves as a young carer. Coupled with this, young people are not asked at point of membership to declare if they are a young carer and data on young carers is not collated as a matter of course. However, the Youth Service is aware that that they work with some young people who also undertake caring responsibilities at home in both the long and shorter term. Barnardos runs a group to support young carers and is currently working with 42 young people from the Bradford East area.

- In order to ensure that as many young carers as possible are supported by the Youth Service, partnerships between the Service and Barnardos Young Carers have been formalised. A worker from Barnardos has been identified as the East Teams Youth Service link. Information on regular club sessions and holiday activities are routinely passed to the identified worker and where the need is identified the workers will act as a bridge to introduce young carers to Youth Service provisions.
- Staff training for the Bradford East Youth Work Team is planned to be delivered by the Barnardos worker with responsibilities for young carers which is hoped to enhance understanding of how to best support young carers.

#### **4. FINANCIAL & RESOURCE APPRAISAL**

##### **4.1 Financial**

As part of the Budget decisions taken by the Council for the financial years 2014 / 2015 and 2015 / 2016 the Youth Service budget for the District is £2,430,684, with £410,282 allocated for delivery of youth work in the Bradford East Area. More detailed information was presented in the report to the Area Committee on the 22 July 2015

##### **4.2 Staffing**

The Area Co-ordinator has responsibility for directing the staffing and resources of the Youth Service in line with the identified needs and wishes of the Area Committee, local communities and young people.

#### **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

A Transition Plan for the transfer of Youth Services to the Neighbourhood and Customer Services Department was implemented in July 2014. There were identified risks arising from the transfer which to date have all been effectively managed or mitigated.

#### **6. LEGAL APPRAISAL**

The Council has a responsibility to ensure compliance with the statutory guidance to local authorities on services and activities that improve young peoples well-being. The duty is to secure equality of access for all young people to the positive, preventative and early help they need to improve their well-being. This includes youth work and other services and activities that:

- Connect young people with communities so they contribute to society including through volunteering and ensure they have a voice in decisions affecting them
- Offer young people opportunities in safe environments so they develop a sense of belonging, socialise safely with their peers, enjoy social mixing, experience time with older people and develop relationships with adults they trust
- Support the personal and social development of young people to build capabilities needed for learning, work and the transition to adulthood
- Improve young people's physical and mental health and emotional well-being;

- Help those at risk of dropping out of learning or not achieving their full potential to engage and attain in education or training; and
- Raise young people's aspirations, build resilience and informs their decisions – particularly to address risky behaviours

## **7. OTHER IMPLICATIONS**

### **7.1 EQUALITY & DIVERSITY**

Equal Rights legislation has been considered as part of the detailed proposals for the devolution of services. The Youth Service as part of the Council's commitment to the District has a responsibility to ensure that the service is accessible to all young people and that participation in the service reflects this approach.

### **7.2 SUSTAINABILITY IMPLICATIONS**

The Youth Service delivery enables local initiatives to be supported, encouraging groups and individuals to undertake activities that improve the social, economic and environmental well being of their communities.

### **7.3 GREENHOUSE GAS EMISSIONS IMPACTS**

Greenhouse gas emissions and wider environmental impacts was a consideration of the Buildings Review.

### **7.4 COMMUNITY SAFETY IMPLICATIONS**

A number of youth projects are either directly or indirectly concerned with improving community safety within local communities. The increased involvement of young people in local decision making has the potential to improve community safety. The Youth Service plays a key role in ensuring that young people's voices are heard. The strengthened approach by the devolution of the Youth Service allows:

- an increased sense of local democracy for both young people and communities
- young people to be more active in democratic, decision-making processes alongside their political representatives
- the voice and influence of young people to remain central, meaningful and paramount in identifying and addressing needs and issues in their communities
- the requirements of the localism/devolution agenda to be met effectively and efficiently

### **7.5 HUMAN RIGHTS ACT**

## **APPENDIX B**

### **NEET Services in Bradford East**

#### **Tier 1 NEET – Bradford**

Pre the budget cuts of 2012 the Youth Service took in house through TUPE arrangements Personal Advisors who were used to deliver Tier 1 NEET Services and were funded through the Children's commissioning budget. In December 2012, £481,000 was put into the base budget of the Youth Service from the Children's Commissioning budget, to enable the role of Youth Worker and Personal Advisor to be merged and the Youth Service has since this date had responsibility for the Tier 1 element of the NEET service.

As young people move into school year 7 their details are inputted on to the Integrated Youth Support System (IYSS) and they are allocated a personal advisor from Prospects. In school year 11 Information Guidance and Advice work will begin with the young person. Prospects will identify young people who are at risk of becoming Tier 1 NEET when they leave school and these young people are case loaded to the Youth Service to provide more intensive support. The remainder are case loaded to Prospects.

There are clear guidelines that support the differentiation between the different Tiers of support and young people can transition through the Tiers as their support needs change. Tier 1 young people are the districts most vulnerable young people and includes those excluded from education, non attendees, young carers, care leavers, pregnant girls, young parents and young people involved with the criminal justice system

Working within the parameters set by the Business Rules professionals who work with NEET young people determine the level of need for individual young people. Those identified as Tier 1 are referred to the Youth Service for support. In Bradford East referrals are made to the Senior Youth Worker who will allocate the case to a local youth worker. Bradford East Youth Workers have on average 6 Tier 1 NEET young people on their caseloads.

Once a young person has been allocated to a youth worker they arrange to meet the young person to make an assessment and they will work with a young person to draw up an agreed action plan. The youth worker will try to meet with the young person weekly to support them in identifying areas of interest, training, employment and opportunities that support their transitions from NEET to EET.

This work is both challenging and time consuming; initial contact can be difficult - workers will often make several visits to the registered address in attempts to make contact. Some of the young people at Tier 1 can have chaotic lifestyles and frequently change addresses and contact numbers so workers often have to undertake research with other organisations (YOT, Social Care, Families First etc) with a view to making contact with an individual young person. It is not unusual to find a young person has moved out of the area, and some young people are not willing to engage with the youth worker. Young people may be homeless, have mental health issues, drug or alcohol use, involved in the criminal justice system, have drug or alcohol misuse issues, and these issues often present a barrier to their successful transition to EET. These primary needs need to be addressed before the young person is in a position to begin to think about education training and employment.

Youth workers work hard to develop positive and voluntary relationships with young people and will offer a young person a wide range of opportunities to develop their skills. They will be offered

opportunity to participate in youth provision or volunteering in an attempt to build skills and confidence and become work ready. The Youth Workers will adopt a range of approaches to overcome the challenges of working with young people who are living chaotic lifestyles. Youth Workers will team up with other professionals and agencies working with the young person to get a team around the young person. Youth workers will support young people to attend appointments e.g. doctors, Job centre, getting birth certificates, bank accounts etc. Day time drop in sessions have been run to support young people's primary needs including emotional well being and budgeting. Time and space has been created within open access sessions to support CV writing and job searches. The Youth Work Team offer one-to-one coaching sessions with interview techniques, 'counselling' and advice to young people on life choices.

Between 1 September 2014 and 1 September 2015 Bradford East Youth Work Team worked with 99 Tier 1 NEET young people of which 38 have progressed to Education, Employment or Training.

The table below outlines profile of the existing Tier 1 young people supported by the Bradford East team in comparison to other Constituency areas.

Appendix C outlines the work undertaken by Prospects delivering the Connexions Service to young people who are NEET and in Tier 2 and Tier 3 or EET and in Tier 1.

**Appendix C Prospects Tier 2 and 3 NEET****Connexions Service Delivered by Prospects****Report for Bradford East Area Committee****Prepared by: Jenny Cryer Regional Operations Director Prospects****Date: 30.9.2015****Prospects**

Prospects is a national employee-owned mutual, set up over 20 years ago following the privatisation of careers services. Prospects has a strong national profile – they are Work Programme Primes in both London and the West Country, have managed large ESF programmes pan London, in Leicester and the Black Country and run Ofsted Early Years Inspections for the North of England. Prospects manage the national Youth Contract programme in Yorkshire and Humber, West Midlands, and in both North and South London. We deliver the National Careers Service for London, the Black Country and in South Yorkshire, providing IAG for thousands of adults each year.

In Yorkshire and the Humber we are best known for our delivery of Targeted IAG and Youth Contract for Bradford and Wakefield and the Leaving Care Service in Calderdale. We also deliver a wider range of other contracts including employer engagement under Head Start for Kirklees, Family Support and Talent Match in both Bradford and Wakefield.

**Prospects in Bradford**

Prospects have been working in partnership with Bradford Council since 2011 when it initially won the contract in the District to deliver the Connexions Service. 80% of Prospects staff are Bradford residents. The relationship has grown and developed throughout the period, with Prospects' contribution to driving forward improved outcomes for young people born out both in the delivery of the contracts with the Council, and through a strategic contribution. Prospects are an active member of both the Children's Trust Board and also the Safeguarding Board. Prospects has also played an active role in helping to frame the early help offer in Bradford, as members of the Early Help Board and also through work done with senior colleagues away from the Board. Prospects is active in the skills agenda, attending the Education and Skills Partnership and working closely with DWP in the delivery of job clubs, Talent Match and around services for 16-18s. Prospects supports the Raising of the Participation Age agenda through the Council led participation strategy group where they play a key role around identifying gaps in provision. Prospects has used its expertise to bid for additional pots of money to enhance the work that they do, but has also supported the local authority when they are bidding, helping to bring together and frame bids, and offering the support of their Business Development Unit to council colleagues when they are leading and writing tenders. Prospects support the Bradford Council "Get Bradford Working Programme" by providing work placements for unemployed young people from both the Council programme and also the job centre.

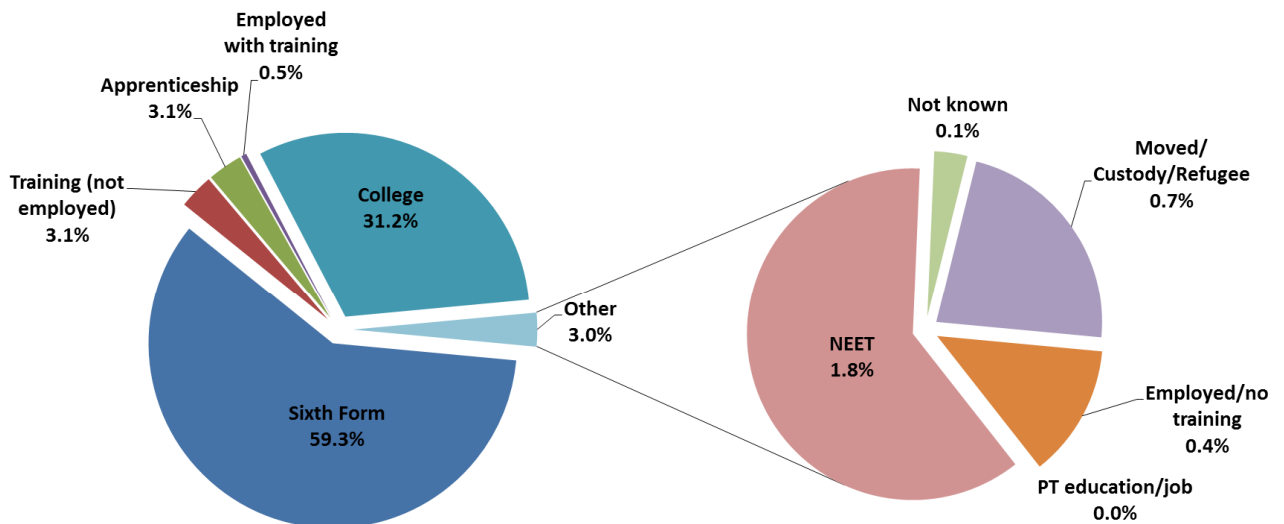

**Young people in Bradford East - the Data**

There are currently 1085 young people in year 11 in schools in Bradford East, broken down by school as follows:

School	Count
Carlton Bolling College	239
Feversham College	96
Hanson Academy	307
Immanuel College	246
Laisterdyke Business & Enterprise College	197
<b>Total</b>	<b>1085</b>

At the end of year 11 last year, young people from the Bradford East schools were in the following destinations. As can be seen over half stayed in 6<sup>th</sup> form, and the area actually had lower than Bradford average NEET in the November following the school leaving date.

**Bradford East Year 11 Destinations 2014 ( last years leavers)**

**Bradford year 11 Destinations 2014 ( last year's leavers)**

**NEET in Bradford East**

Bradford East has traditionally had high levels of NEET 16-18 (not in education, employment and training) young people due in most part to the well documented levels of need and deprivation in parts of the constituency. In August 2015, Bradford East had the highest levels of NEET in the District, although this is within the context of Bradford overall having its lowest ever NEET levels. The area comparisons in July are given below.

	Bradford East	Bradford South	Bradford West	Keighley	Shipley	Bradford
<b>Cohort</b>	4359	3258	4537	3034	2645	17833
<b>NEET</b>	272	163	243	148	69	895
<b>NEET%</b>	6.2%	5.0%	5.4%	4.9%	2.6%	5.0%

A breakdown of ward level NEET data shows that the highest NEET levels in July are in Eccleshill and the lowest in Bolton and Undercliffe.

Area	Ward	Total	Unknown	%	NEET	%	% of NEET total
East	Bolton & Undercliffe & Bowling	614	42	6.8%	31	5.0%	3.5%
	Barkerend	888	76	8.6%	65	7.3%	7.3%
	Bradford Moor	963	75	7.8%	44	4.6%	4.9%

### The Connexions Service in Bradford East

All secondary schools in Bradford East are part of the joint commissioning arrangement with Bradford Council and have paid for a Personal Adviser (Careers Adviser) to work in their school for one and a half days per week. Carlton Bolling purchase an additional half day per week directly from Prospects. In addition, the Council-funded service for vulnerable young people provides PA support to vulnerable young people in year 11 from each of the schools. These are young people identified as being at risk of not making a successful transition for a range of issues including being in care, having a disability or experiencing family issues. Referrals for this element of the service come through consultation with the school. These young people are supported throughout year 11 and into September as they move on to their next destination. The support includes home outreach where appropriate; completion of outcome star; work on self confidence; advocacy; help with interview applications; support to attend interviews; referral to specialist agencies and support when starting provision.

School	Personal Adviser ( Careers)	Targeted Support Adviser
Carlton Bolling College	Annie Gibson	Amanda Rayner Sugden
Feversham Academy	Nadine Willow	Amanda Rayner Sugden
Hanson Academy	Sajid Patel	Simon Holmes
Immanuel College	Dina Mistry	Amanda Rayner Sugden
Laisterdyke Business and Enterprise College	Lee Grant	Amir Majid

In addition there will be Bradford East young people in the PRUs, educated at home and for whom no local school is identified who are also supported by a Prospects PA.

**Services for NEET young people in Bradford East**

NEET young people in Bradford East who are T2 or T3 are caseloaded to one of three Connexions PAs, Suhel Miah, Louise Skelton or Waheed Ali. These PAs are in contact with the young people at least every four weeks, encouraging them to apply for opportunities and to make use of the Connexions Centre at Culture Fusion. All young people are on the Connexions database from year 9 and are followed up by the Connexions Service according to rules set down by the Department for Education. This is how the vast majority of NEET young people are identified by the service. The service also takes referrals from other partners, parents and young people themselves. The service at the Connexions Centre in Culture Fusion is open Monday, Tuesday, Thursday and Friday until 4.30pm, until 7pm on Wednesday, and on Saturday mornings. Prospects also offers Fast Track - an online and telephone service four evenings a week, where young people can speak to an Adviser through webchat, Facebook or by telephone.
