The Director of Strategy, Bradford Districts Clinical Commissioning Group will present a report (**Document “A”**) which provides an update on the progress of Bradford's Children and Young People's Future in Mind local transformation plan since last reported to the Committees in October 2016.

Future in Mind was published in 2015 by the government's Children and Young People's Task force. It describes how children's mental health services need to be transformed through collaboration around five key areas.

Recommended –

The Committees are invited to:

- (1) Recognise the progress made in meeting the emotional and mental wellbeing needs of young people through the delivery of the Future in Mind transformation plan.**
- (2) Support and promote the work to improve emotional and mental wellbeing of young people in all work streams and programmes considered.**

7. AUTISM AND OTHER NEURODIVERSITY STRATEGY

73 - 138

The Director of Children’s Services and the Strategic Director of Health Partnerships will submit **Document “B”** which presents the Draft Bradford District and Craven Autism including other Neurodiversity Strategy. The strategy identifies a number of key areas for review and development in order to ensure that children and adults with Autism and other frequently co-occurring neuro-developmental conditions, living within our district, are able to lead rewarding and fulfilling lives from cradle to grave.

The strategy has been developed in response to the self assessment process that Local Authorities are required to undertake annually. This self assessment helps Local Authorities to determine what progress is being made towards meeting the requirements of the Autism Act 2010 (revised 2015). A local Autism strategy is a key requirement of the Act.

Recommended –

That the contents of the report be noted.

(Jo Butterfield/Ronnie Hartley – 01274 439496)

8. BETTER START BRADFORD PROGRAMME UPDATE

139 -

That the information provided in the report and the high commitment within the District to improving outcomes and reducing inequalities for all young children through evidence based early intervention and prevention to ensure all children reach their potential be noted.
