Previous reference: Minute 94 (2016/2017) 116

Respiratory disease is an important cause of ill health and early death in Bradford District. The District performs relatively poorly compared to other areas in England. Recognising this, partners across the District, including the local authority and NHS, have prioritised respiratory health with the aim of improving health outcomes and reducing inequalities.

The Strategic Director, Health and Wellbeing will submit **Document "X"** which provides an overview of respiratory health in Bradford District and outlines what partners across the NHS and local authority are doing to improve outcomes for people in the District. There is a specific focus on prevention and on asthma and chronic obstructive pulmonary disease (COPD), as these conditions account for a significant amount of the ill health and subsequent costs associated with respiratory disease in the District.

Recommended –

That the Committee note the information provided in the report and support on-going work seeking to address the main challenges going forward.

(Toni Williams – 01274 434071)

10. **BRADFORD DISTRICT CARE NHS FOUNDATION TRUST CQC
INSPECTION: OUTCOME AND RESPONSE**

117 -

Previous reference: Minute 80 (2017/2018)

Following an inspection of nine, out of fourteen, core services, in February 2018 the CQC published an updated report on Bradford District Care NHS Foundation Trust. The Trust was rated as 'Requires Improvement' overall which was a deterioration from the previous rating of 'Good'. Community services were rated as 'Good' with some aspects of care rated 'Outstanding'. Mental health services were rated as 'Requires Improvement'. An action plan was developed, in response to the CQC's findings, and the Committee requested that a progress update be provided.

The Trust will submit **Document "Y"** which outlines that the Trust Board has overseen delivery of the action plan and has recently approved the introduction of a formal Quality Improvement System, throughout the Trust, which will deliver long term, sustainable, staff-led improvements to the quality of its services.

The next CQC inspection is expected in early 2019.

Recommended –

That the Committee notes the progress made, during 2018, by Bradford District Care NHS Foundation Trust, in response to its February 2018 CQC report and the Trust Board's commitment to long-term, sustainable improvement via the implementation of a formal Quality Improvement System.
