---

**Members of the Committee – Councillors**

LABOUR	CONSERVATIVE	THE QUEENSBURY WARD INDEPENDENTS	GREEN
Dodds S Khan Thornton Warburton Wood T Hussain	Bibby	J Clarke	Edwards

**Alternates:**

LABOUR	THE QUEENSBURY WARD INDEPENDENTS
Berry Ferriby D Green Jabar Tait Wainwright	Hargreaves Majkowski

**Notes:**

- This agenda can be made available in Braille, large print or tape format on request by contacting the Agenda contact shown below.
- The taking of photographs, filming and sound recording of the meeting is allowed except if Councillors vote to exclude the public to discuss confidential matters covered by Schedule 12A of the Local Government Act 1972. Recording activity should be respectful to the conduct of the meeting and behaviour that disrupts the meeting (such as oral commentary) will not be permitted. Anyone attending the meeting who wishes to record or film the meeting's proceedings is advised to liaise with the Agenda Contact who will provide guidance and ensure that any necessary arrangements are in place. Those present who are invited to make spoken contributions to the meeting should be aware that they may be filmed or sound recorded.
- If any further information is required about any item on this agenda, please contact the officer named at the foot of that agenda item.
- If you wish to make a contribution at the meeting are asked to email [yusuf.patel@bradford.gov.uk](mailto:yusuf.patel@bradford.gov.uk) by mid-day on Tuesday 15 March 2022 and request to do so. You will then be advised on how you can participate in the meeting.

---

**From:**

Parveen Akhtar  
City Solicitor  
Agenda Contact: Yusuf Patel  
Phone: 01274 434579  
E-Mail: [yusuf.patel@bradford.gov.uk](mailto:yusuf.patel@bradford.gov.uk)

**To:**

## **A. PROCEDURAL ITEMS**

### **1. ALTERNATE MEMBERS (Standing Order 34)**

The City Solicitor will report the names of alternate Members who are attending the meeting in place of appointed Members.

### **2. DISCLOSURES OF INTEREST**

(Members Code of Conduct - Part 4A of the Constitution)

To receive disclosures of interests from members and co-opted members on matters to be considered at the meeting. The disclosure must include the nature of the interest.

An interest must also be disclosed in the meeting when it becomes apparent to the member during the meeting.

*Notes:*

- (1) Members may remain in the meeting and take part fully in discussion and voting unless the interest is a disclosable pecuniary interest or an interest which the Member feels would call into question their compliance with the wider principles set out in the Code of Conduct. Disclosable pecuniary interests relate to the Member concerned or their spouse/partner.*
- (2) Members in arrears of Council Tax by more than two months must not vote in decisions on, or which might affect, budget calculations, and must disclose at the meeting that this restriction applies to them. A failure to comply with these requirements is a criminal offence under section 106 of the Local Government Finance Act 1992.*
- (3) Members are also welcome to disclose interests which are not disclosable pecuniary interests but which they consider should be made in the interest of clarity.*
- (4) Officers must disclose interests in accordance with Council Standing Order 44.*

### 3. MINUTES

#### Recommended –

**That the minutes of the meeting held on 27 January 2022 be signed as a correct record (previously circulated).**

(Yusuf Patel – 01274 434579)

### 4. INSPECTION OF REPORTS AND BACKGROUND PAPERS

(Access to Information Procedure Rules – Part 3B of the Constitution)

Reports and background papers for agenda items may be inspected by contacting the person shown after each agenda item. Certain reports and background papers may be restricted.

Any request to remove the restriction on a report or background paper should be made to the relevant Strategic Director or Assistant Director whose name is shown on the front page of the report.

If that request is refused, there is a right of appeal to this meeting.

Please contact the officer shown below in advance of the meeting if you wish to appeal.

(Yusuf Patel - 01274 434579)

### 5. PUBLIC QUESTION TIME

(Access to Information Procedure Rules – Part 3B of the Constitution)

To hear questions from electors within the District on any matter this is the responsibility of the Committee.

**Questions must be received in writing by the City Solicitor in Room 112, City Hall, Bradford, BD1 1HY, by mid-day on Tuesday 15 March 2022.**

(Yusuf Patel - 01274 434579)

## B. BUSINESS ITEMS

### 6. HIGHWAY MAINTENANCE NON-CLASSIFIED ROADS AND SURFACE DRESSING ALLOCATION FOR BRADFORD SOUTH - 2022/23

1 - 8

The Strategic Director, Place will submit a report (**Document “U”**) which provides information on Capital Highway Maintenance funding and makes recommendations on the allocation for Non-Classified road resurfacing schemes and Surface Dressing sites.

**Recommended –**

**That the Bradford South Area Committee approves the proposed programme of works as shown in Appendix 1 and 2 to Document “U”.**

Overview and Scrutiny Committee: Regeneration & Environment

(Andrew Whelan - 01274 434409)

**7. PETITION RELATING TO A TRAFFIC MATTER - BRADFORD SOUTH 9 - 16**

The Strategic Director, Place will submit a report (**Document “V”**) which sets out a petition relating to a Traffic matter at the following location: Reevy Road West, Bradford.

**Recommended –**

- (1) That the request for a controlled crossing point on Reevy Road West be retained on the list of schemes to be given consideration by the Bradford South Area Committee when the 2022-23 Safer Roads schemes programme is determined.**
- (2) That Parking Services be requested to increase passing patrols of Reevy Road West and that residents be encouraged to contact the Police in respect of obstructive and/or dangerous parking.**

Overview and Scrutiny Committee: Regeneration & Environment

(Andrew Smith - 01274 434674)

**8. OBJECTIONS RECEIVED TO THE TRAFFIC REGULATION ORDER FOR WAITING RESTRICTIONS ON VARIOUS ROADS IN THE BRADFORD SOUTH CONSTITUENCY 17 - 30**

The Strategic Director, Place will submit a report (**Document “W”**) which sets out objections to the proposed Traffic Regulation Order on various roads in the Bradford South Constituency.

**Recommended –**

- (1) That the proposed ‘no waiting at any time’ restrictions on Comondale Way from the southern entrance of VCS and the entrance to the south of this be removed from the Order just leaving corner protection at both entrances and that the one objection to the proposed ‘no waiting at any time’**

**on Paternoster lane be overruled and the Traffic Regulation Order be sealed and implemented as modified.**

**(2) That the objectors be informed accordingly.**

Overview and Scrutiny Committee: Regeneration & Environment

(Andrew Smith - 01274 434674)

**9. HEALTH AND WELLBEING IN THE BRADFORD SOUTH AREA OF BRADFORD METROPOLITAN DISTRICT** 31 - 50

The Strategic Director of Health and Wellbeing will submit a report (**Document “X”**) which seeks to inform Bradford South Area Committee of data and activities relating to the health and wellbeing of the population of Bradford South constituency.

**Recommended –**

**It is recommended that option 9.2 set out on Document “X” is adopted in order to support the overall health and well-being of the residents of Bradford South.**

Overview and Scrutiny Committee: Health & Social Care

(Angela Hutton - 01274 437345)

**10. LOCALITIES UPDATE** 51 - 64

The Area Office is leading on an engagement process across Bradford South. The Bradford South Area Coordinator will submit a report (**Document “Y”**) which gives Committee members the opportunity to discuss relevant issues to include in the process.

**Recommended –**

**The Area Coordinator to include ideas from the discussion in the December, January and March Area Committees within the development of the Bradford South Localities Plan 2022-26**

Overview and Scrutiny Committee: Corporate

(Mick Charlton - 01274 431155)

**11. 2021 / 2022 - BRADFORD SOUTH GRANTS** 65 - 78

The Bradford South Area Coordinator will submit a report (**Document “Z”**) which summarises the grants that have been awarded in the Bradford South Constituency from 2021 to 2022.

**Recommended –**

- (1) That the wide range of applications from groups and organisations across Bradford South are noted and welcomed.**
- (2) That the Grants Advisory Group is thanked for their work in allocating all of the grants from the past financial year – 2021/2022.**

Overview and Scrutiny Committee: Corporate

(Mick Charlton - 01274 431155)

**12. SUPPORTING COVID RESPONSE ACTIVITY - £60,000 REWARD GRANT 79 - 82**

Bradford South Area Committee has been allocated £60,000 for voluntary organisations who supported and continue to support local communities since the pandemic started in March 2020. The Bradford South Area Coordinator will submit a report (**Document “AA”**) which proposes how grants could be allocated.

**Recommended –**

- (1) The £60,000.00 is split equally between each of the 6 wards - £10,000 each.**
- (2) That Ward Officers liaise with their Ward Councillors to decide which organisations will receive a proportion of the grant.**

Overview and Scrutiny Committee: Corporate

(Mick Charlton - 01274 431155)

## **Report of the Strategic Director, Place to the meeting of Bradford South Area Committee to be held on 17th March 2022.**

**U**

---

### **Subject:**

**HIGHWAY MAINTENANCE NON-CLASSIFIED ROADS AND SURFACE DRESSING  
ALLOCATION FOR BRADFORD SOUTH - 2022/23**

### **Summary statement:**

This report provides information on Capital Highway Maintenance funding and makes recommendations on the allocation for Non-Classified road resurfacing schemes and Surface Dressing sites.

### **EQUALITY & DIVERSITY:**

It is expected that there will be no disproportionate impact on Equality & Diversity from the project recommended for implementation within this report.

### **Portfolio:**

Regeneration, Planning & Transport

### **Overview & Scrutiny Area:**

Regeneration and Environment

## **1.0. SUMMARY**

- 1.1. This report details the allocation of the capital highway maintenance budget to the Non-Classified road network and Surface Dressing sites for 2022/23 in Bradford South.

## **2.0. BACKGROUND**

- 2.1. The capital highway maintenance element of the Local Transport Plan for all classification of road for Bradford in 2022/23 is anticipated to be £4,286,000.
- 2.2. It is essential that local highway maintenance continues to be prioritised, reflecting the economic and social importance to communities and the need to safeguard the largest single local public asset. As such the allocation is to be prioritised on those roads in most need of maintenance.
- 2.3. The varying types and classifications of roads are routinely monitored by standardised survey equipment. The sites chosen for inclusion are those that have been shown to be in the most need of repair on the most recent survey. This is supplemented by those roads that are known to have suffered increased deterioration due to the ageing process and recent winter weather.
- 2.4. An initial recommended selection of Non-Classified and Surface Dressing sites is included in Appendices 1 and 2 (respectively) attached.
- 2.5. The list of Non-Classified resurfacing sites (Appendix 1) shows an initially recommended priority programme, based on overall condition to the value of £300,000. This is anticipated to be the budget available for Bradford South. A reserve list is also presented within Appendix 1. Members may seek to substitute schemes from the recommended programme for those on the reserve list as is deemed necessary to meet local highway maintenance concerns. Also, if it transpires that it is not feasible to progress any of the originally selected schemes, these will be substituted with alternatives from the reserve lists.
- 2.6. The suggested programme of Surface Dressing sites, totalling 55,839m<sup>2</sup> (approx. £195,436) is attached as Appendix 2.
- 2.7. In order that programme delivery can be achieved within the appropriate financial year it is imperative that the committee approves a works programme at this stage.

### **3.0. OTHER CONSIDERATIONS**

- 3.1. None.

### **4.0. FINANCIAL & RESOURCE APPRAISAL**

- 4.1. The total value of schemes on the Appendix 1 list exceeds the likely allocated spend on Non-Classified roads for this financial year. This is in the region of £1.5 million for the whole of the Bradford Metropolitan District, which would equate to around £300,000 for Bradford South.
- 4.2. Indicative funding has been identified for each scheme but the actual cost will be determined through the scheme development process. The identification of a reserve list of works is necessary in order to offset schemes that inevitably will be delayed as a consequence of unforeseen circumstances such as work by statutory bodies and conflicts with other major schemes etc. There may also need to be further adjustment to the programme following the more detailed costing process. Any sites that are deferred for whatever reason will roll over to the following years list.
- 4.3. The total value of the schemes identified in Appendix 2 does not exceed the capital allocation for Surface Dressing, consequently it is the intention that work will be completed on all of those sites listed, however it is possible that some of the schemes may need to be deferred, again likely due to conflicts with works by other bodies, statutory undertakers etc. Any schemes that are deferred for whatever reason will roll over to the following years programme.

### **5.0. RISK MANAGEMENT AND GOVERNANCE ISSUES**

- 5.1. A failure to prioritise highway maintenance schemes based upon condition and safety survey data will result in an increased requirement for reactive maintenance and lead to a reduction in road safety conditions and an associated increase in successful insurance claims against the Council.

### **6.0. LEGAL APPRAISAL**

- 6.1. There are no specific issues arising from this report. The course of action proposed is in accordance with the Council's power as Highway Authority.

### **7.0. OTHER IMPLICATIONS**

#### **7.1. SUSTAINABILITY IMPLICATIONS**

None.

#### **7.2. GREENHOUSE GAS EMISSIONS IMPACTS**

There is no impact on the Council's own and the wider District's carbon footprint and emissions from other greenhouse gases arising from this report.

#### **7.3. COMMUNITY SAFETY IMPLICATIONS**

Effective maintenance of the highway network is essential to ensure the safe passage of pedestrians and road users alike.

**7.4. HUMAN RIGHTS ACT**

In formatting the proposals, due regard has been given to the Human Rights Act and there are no implications which have been identified.

**7.5. TRADE UNION**

None.

**7.6. WARD IMPLICATIONS**

The suggested programmes have been determined on the basis of condition surveys, hence the proposed level of funding may differ from ward to ward for the programme year. However, it is considered that, over a number of years, monies expended on maintenance works within each Area Committee will even out (proportionate to the length, nature and condition of highways).

**7.7. AREA COMMITTEE ACTION PLAN IMPLICATIONS**

The development and implementation of schemes included in this report support priorities within the Bradford South Area Committee Ward Plans.

**7.8 IMPLICATIONS FOR CORPORATE PARENTING**

None.

**7.9 ISSUES ARISING FROM PRIVACY IMPACT ASSESSMENT**

None.

**8.0. NOT FOR PUBLICATION DOCUMENTS**

8.1. None.

**9.0. OPTIONS**

9.1. That the Bradford South Area Committee adopts the recommended schemes detailed in Appendix 1 and 2.

9.2. That the Bradford South Area Committee adopts the recommended schemes detailed in Appendix 1 and 2, with any substitutions (to a similar value) from the reserve list in Appendix 1.

**10.0. RECOMMENDATIONS**

10.1. That the Bradford South Area Committee approves the proposed programme of works as shown in Appendix 1 and 2.

**11.0. APPENDICES**

11.1 Appendix 1 – Highway Maintenance Proposed Capital Programme for Non-PRN (Non-classified roads).

11.2 Appendix 2 – Proposed Programme for Surface Dressing.

**12.0. BACKGROUND DOCUMENTS**

12.1. None.

## Appendix 1 - Highway Maintenance Proposed Capital Programme for Non-PRN (Non-classified roads)

Road Name	Ward	From	To	Length	Budget
<b><u>Priority Sites</u></b>					
Necropolis Road, Lidget Green	Great Horton	Cemetery Road	End	380	£39,000

## **Report of the Strategic Director Place to the meeting of the Bradford South Area Committee to be held on 17 March 2022**

**V**

---

### **Subject:**

**PETITION RELATING TO A TRAFFIC MATTER – BRADFORD SOUTH**

### **Summary statement:**

**This report considers a petition relating to a Traffic matter at the following location:**

- i. Reevy Road West, Bradford**

### **EQUALITY & DIVERSITY:**

It is expected that there would be no disproportionate impact from the scheme recommended for future consideration within this report. Where a scheme is prioritised for funding it will be subject to Equality Impact Assessments if potential disproportionate impact is identified through more detailed investigation and design.

**Ward: Royds**

### **Overview & Scrutiny Area:**

**Regeneration and Environment**

## **1. SUMMARY**

- 1.1 This report considers a petition requesting controlled crossing point at Reevy Road West, Bradford

## **2. BACKGROUND**

- 2.1 Background information is provided in the Appendix 1 to this report as follows:  
Comments from the lead petitioner, officer comments and site location plan

## **3. OTHER CONSIDERATIONS**

- 3.1 The petition in respect of Reevy Road West was presented to the meeting of the Council on 25 January 2022 where it was resolved:

*‘That the petition be referred to Bradford South Area Committee.’*

## **4. FINANCIAL & RESOURCE APPRAISAL**

- 4.1 There are no direct financial implications associated with the recommendations within this report. Funding for a controlled crossing point on Reevy Road West would be subject to future prioritisation by the Bradford South Area Committee as and when the Safer Roads budget is next determined.

## **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

- 5.1 There are no significant risks arising out of the implementation of the proposed recommendations.

## **6. LEGAL APPRAISAL**

- 6.1 There are no specific issues arising from this report. Any future Traffic schemes will be promoted in accordance with the Council's powers as Highway Authority.

## **7. OTHER IMPLICATIONS**

### **7.1 SUSTAINABILITY IMPLICATIONS**

- 7.1.1 None

### **7.2 GREENHOUSE GAS EMISSIONS IMPACTS**

- 7.2.1 None

### **7.3 COMMUNITY SAFETY IMPLICATIONS**

- 7.3.1 There are no community safety implications arising from the report recommendations.

## **7.4 HUMAN RIGHTS ACT**

7.4.1 There are no implications on the Human Rights Act

## **7.5 TRADE UNION**

7.5.1 There are no implications for the Trade Unions

## **7.6 WARD IMPLICATIONS**

7.6.1 Ward members have been consulted on the petitions.

## **7.7 AREA COMMITTEE ACTION PLAN IMPLICATIONS**

7.7.1 There are no relevant priorities within the Royd ward plan

## **7.8 IMPLICATIONS FOR CORPORATE PARENTING**

None

## **7.9 ISSUES ARISING FROM PRIVACY IMPACT ASSESMENT**

None

## **8. NOT FOR PUBLICATION DOCUMENTS**

8.1 None

## **9. OPTIONS**

9.1 Members may propose alternative actions from those recommended on which they will receive appropriate officer advice.

## **10. RECOMMENDATIONS**

10.1 That the request for a controlled crossing point on Reevy Road West be retained on the list of schemes to be given consideration by the Bradford South Area Committee when the 2022-23 Safer Roads schemes programme is determined.

10.2 That Parking Services be requested to increase passing patrols of Reevy Road West and that residents be encouraged to contact the Police in respect of obstructive and/or dangerous parking.

## **11. APPENDICES**

11.1 Appendix 1 – Petition, Reevy Road West, Bradford.

## **12. BACKGROUND DOCUMENTS**

None

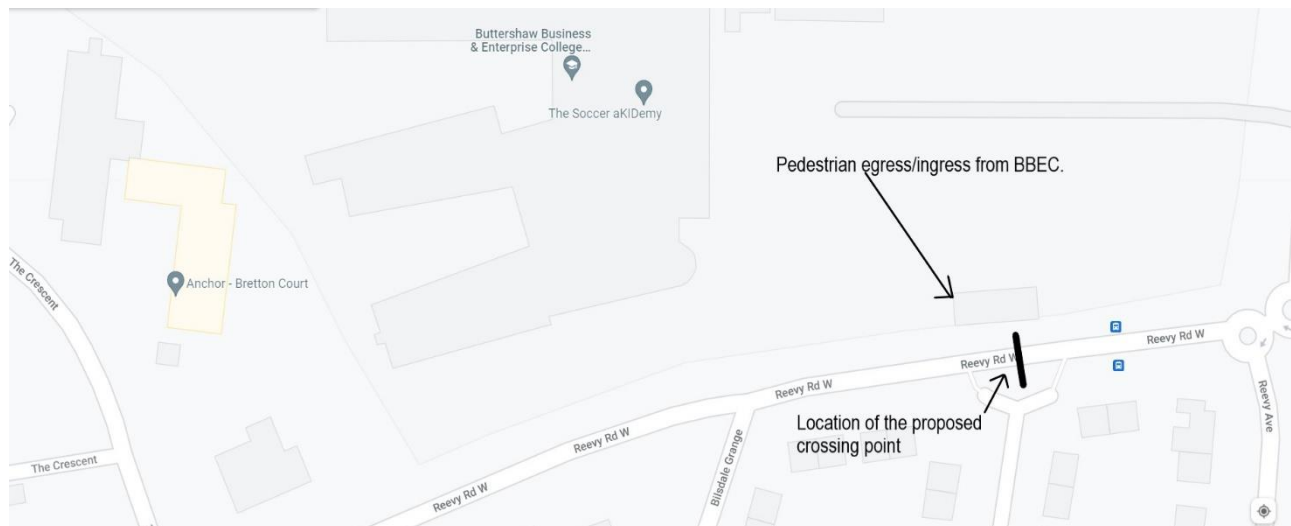

## Reevy Road West, Bradford (959 signatures)

### Background Information

#### The petition

- *Today, my 11 year old daughter was hit by a car outside this school in Bradford, West Yorkshire. She has been left battered and bruised, that's without the emotional trauma that she has sustained. For years, I have watched children battle across this dangerously, busy road. There is no safe space for children to cross. This is not acceptable outside a school, it needs to change before the next child that is hit by a car loses their life! My little girl has lived to tell the tale, but it could have ended so differently & as a parent, that is my worst nightmare. I want to make it clear, I do not blame the driver of the vehicle, she was not at fault. The fact is the children at this school have to take their lives in their hands to cross this road on a daily basis, this is why I'm petitioning for a permanent crossing, a zebra crossing for example. Please help me bring this to the attention of our local council, something needs to be done to prevent another accident.*
- *Buttershaw Business & Enterprise Collage and the council officer have identified a potential site for a controlled crossing point.*
- *The ward members for Royds are strongly in favour of a controlled crossing point at this location (Figure 1).*

*As a result of the above, the undersigned are petitioning for a controlled crossing point as shown in **Figure 1***

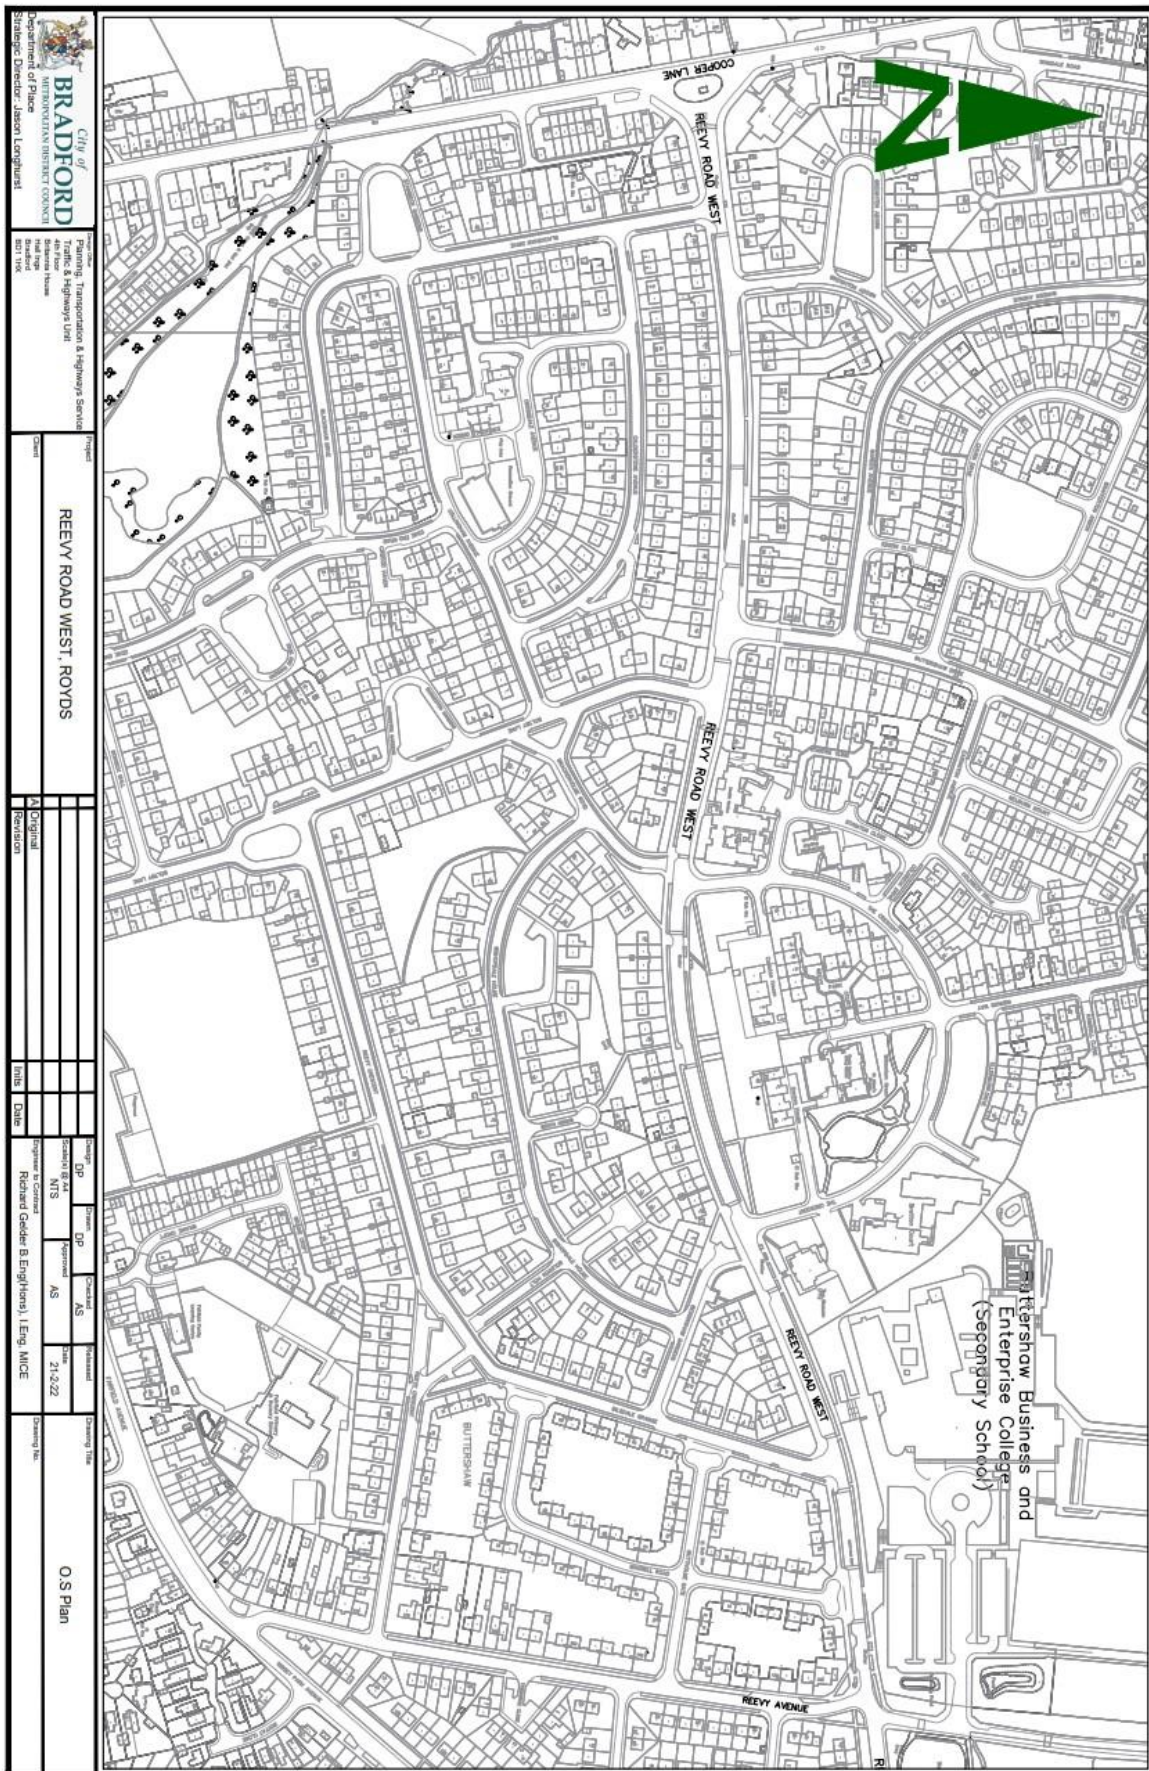

**Figure 1: Suggested location of the controlled crossing point.**

## **Officer comments**

1. Reevy Road West is a busy route from Cooper Lane and is the main artery road to many residential roads within the Buttershaw estate, BBEC and Wibsey Park.
2. There have been 3 recorded collisions resulting in injury within the last 5 years on the length of Reevy Road West in the vicinity of BBEC; 2 of these involved pedestrians (one being the subject of this petition).
3. Reevy Road West is already traffic calmed in the form of speed cushions.
4. Currently there are two ingress/egress points for students of BBEC. As and when a new formal crossing point is introduced one of these could potentially be closed to encourage use of the crossing.
5. Parking problems exist at present at dropping off and picking up times on Reevy Road West. There are proposals to introduce additional parking restrictions in this area.
6. It would also be possible to formalise, add and relocate 'School Keep Clear' markings on Reevy Road West as there is no Traffic Regulation Order (TRO) at the moment to enforce the existing 'School Keep Clear' markings.
7. Road Safety Staff recently worked with Buttershaw Business and Enterprise College to support them in the delivery of their 'Drop the Distraction' campaign & Road Safety week in January 2022 and will also offer further road safety support to the school when they hold their transition days for Y6 pupils early in the summer term."
8. Form time Road Safety lesson delivered to all students linked to 'Drop the Distraction'.
9. 'Drop the Distraction' campaign with placards held by prefects at the end of school and posters around school.
10. 'Drop the Distraction' blazer top pocket cards.
11. Traffic survey with police officer 3 times during the week focusing on counting traffic and measuring vehicle speed.
12. Letter sent by head of school to all parents explaining about Road Safety Week and asking parents to think about alternative locations to park further from school.
13. Community traffic wardens interacting with parents parking outside school at 3pm.
14. Break time collection of student voice about methods of travel to school and feelings of safety when heading home.
15. Survey of students using crossing points on Reevy Road to establish footfall at each location.

### **Recommendations**

1. That the request for a Zebra crossing on Reevy Road West be retained on the list of schemes to be given consideration by the Bradford South Area Committee when the 2022-23 Safer Roads schemes programme is determined.
2. That Parking Services be requested to increase passing patrols of Reevy Road West and that residents be encouraged to contact the Police in respect of obstructive and/or dangerous parking.

### **Overview & Scrutiny Area:**

**Regeneration & Environment**

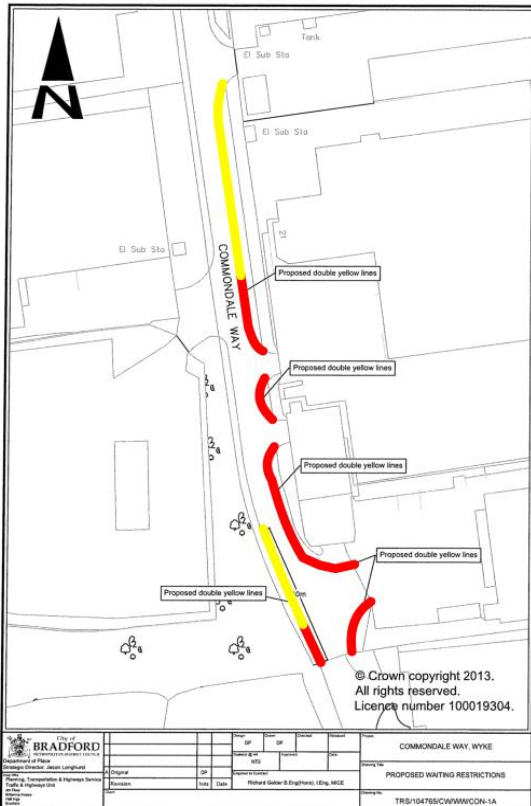

## **1.0 SUMMARY**

- 1.1. This report considers objections to the proposed Traffic Regulation Order on various roads in the Bradford South Constituency.

## **2.0 BACKGROUND**

- 2.1. At its meeting on the 15 July 2021 this committee approved as part of its Safer Roads Programme, a scheme to introduce a Traffic Regulation Order on various roads throughout the Bradford South Constituency.
- 2.2. The Order has been promoted to resolve a number of requests for small areas of existing waiting restrictions to be amended or new restrictions to be introduced. The requests to resolve various traffic management issues have been raised by ward members, officers or local residents and businesses.
- 2.3. The Traffic Regulation Order was formally advertised between the 20<sup>th</sup> January and 11<sup>th</sup> February 2021. At the same time consultation notices were erected on-street to lighting columns. This resulted in 2 objections to the proposals. Drawings showing the locations that received objections are attached as Appendix 1.
- 2.4. A summary of the points of objection and corresponding officer comments is tabulated below: -

Objectors concerns	Officer comments																
<p><b><u>Comondale Way (Drawing No. TRSS/104756/CW/WW/CON-1A)</u></b></p> <p><b><u>Objector</u></b></p> <p><b>Counter proposal</b></p> <p>Our counter proposal for this are the <b>RED</b> lines as follows.</p> <p>i.e. red to have the double yellow lines, however the yellow marking is to remove where you propose to add the lines.</p>  <p>© Crown copyright 2013. All rights reserved. Licence number 100019304.</p> <table border="1" data-bbox="201 1257 729 1331"><tr><td colspan="2">City of BRADFORD</td><td colspan="2">COMONDALE WAY, WYKE</td></tr><tr><td>Project Name</td><td>Proposed double yellow lines</td><td>Project No.</td><td>TRSS/104756/CW/WW/CON-1A</td></tr><tr><td>Project Manager</td><td>Project Manager</td><td>Project Date</td><td>Project Date</td></tr><tr><td>Project Status</td><td>Project Status</td><td>Project Location</td><td>Project Location</td></tr></table>	City of BRADFORD		COMONDALE WAY, WYKE		Project Name	Proposed double yellow lines	Project No.	TRSS/104756/CW/WW/CON-1A	Project Manager	Project Manager	Project Date	Project Date	Project Status	Project Status	Project Location	Project Location	<p>The proposals shown in drawing number TRSS/104765/CW/WW/CON-1A shown in Appendix 1 for ‘no waiting at any time’ restrictions originated from local businesses and are supported by Councillors.</p>
City of BRADFORD		COMONDALE WAY, WYKE															
Project Name	Proposed double yellow lines	Project No.	TRSS/104756/CW/WW/CON-1A														
Project Manager	Project Manager	Project Date	Project Date														
Project Status	Project Status	Project Location	Project Location														
<p>Current challenges with the parking</p> <p>1. Articulated vehicles</p> <p>One of the main reasons why there are parking problems is due to one of the two companies at the bottom of the road constantly parking articulated vehicles on the main road. This can be shown in the image below.</p>	<p>The proposed waiting restrictions will remove parking of articulated vehicles and trailers on the main road at this location. North of this location is much narrower and any parking of articulated lorries &amp; trailers will result in an obstruction of two-way traffic.</p>																

Objectors concerns	Officer comments
 <p>When this occurs, it pushes available parking up the street as there are fewer parking spaces for employees at all other companies.</p> <p>Suggestion 1 – to advise these companies not to park these large articulated vehicles on the main road.</p> <p><b>2. Double yellows on both sides</b></p> <p>The next point of concern is that there are double yellows, unnecessarily, on both sides of the road outside This means people have to park on both sides of the road further down.</p>  <p>I can appreciate that when people park on both sides of the road it means they park on the pavement – however, if you are to remove the parking from one side of the road, would you be able to free up parking from one side of the road further up, outside VCS Ltd?</p> <p>Suggestion 2 – free up parking outside VCS Ltd by removing the double yellow lines from one side</p>	<p>The existing double yellow lines opposite and covering the northern radii of the VCS southern entrance and the eastern kerb line of Commondale Way between VCS's two entrances are historical and were probably implemented to protect deliveries coming in and out of the VCS entrances. Freeing up any parking would most probably lead to objections from the companies that first instigated the existing restrictions.</p>

Objectors concerns	Officer comments
<p>I think everyone wants to avoid. This is the only access to the street (there is no other access) and there is <b><u>no pavement on either side</u></b>. Should people not be able to park on the road or park at the top of the road they will have to walk down the <b><u>road</u></b> (as there is no path) to get to work. With the addition of cars parked on both sides, then people will have to walk on the road around the cars to get to work.</p>  <p>Suggestion 4 – Consider that if you moved parking away from the bottom of Comondale Way, people will have to walk down the road from the top (where there is available parking and as you can see from the image, there is no pathway on either side of the road and this will force people to have to walk on the road which is incredibly dangerous. If you then add cars to that area then people would have to walk around cars and effectively walk down the middle of the road. Buses do not come down the road but without pavement or access to the street whatsoever I would be concerned there could be a serious accident.</p> <p>Thanks for your time reading this.</p> <p>I hope you consider that we are coming from a health and safety perspective and not from a convenience factor.</p>	<p>option is to omit the proposed restrictions in between these entrances just leaving 'no waiting at any time' on the radii of the two entrances.</p> <p>The option would require less restrictions than advertised so it would not require the re-advertisement of an amended Traffic Regulation Order.</p>

Objectors concerns	Officer comments
<p><b><u>Paternoster Lane (Drawing No. HS/TRSS/104756/BS/CON-1A)</u></b></p> <p><b><u>Objector</u></b></p> <p>I have noticed of you marking double yellow lines On paternoster lane I live at the property on no [REDACTED] some of my family members or students they need the cars to get to uni and college We have few cars if you mark as no waiting at any time where would i park my cars if we park it outside someone else's house they will kick off I don't want any trouble i have little kids it's dangerous for them to cross the road and get in to the house or in car also making hard for me to carry my shopping i also have elderly visitors who can barely walk so i need the access for my little kids to be safe as people drive stupid in this street i cant take any risk so i kindly request your management to look into this matter for me please and not make it no waiting at anytime outside [REDACTED] paternoster lane please I hope you will understand my situation.</p>	<p>The proposed extended 'No waiting at any time' restrictions would be implemented to maintain access to the back of 463 Great Horton Road and will not parking elsewhere or parking where the objectors lives.</p>

### 3.0 OTHER CONSIDERATIONS

- 3.1. Ward members and emergency services have been consulted and there have been no adverse comments to the advertised proposals.
- 3.2. Bradford South ward members are supportive of the Council's proposals to introduce the waiting restrictions.

### 4.0 FINANCIAL & RESOURCE APPRAISAL

- 4.1. A budget of £14,000 has been allocated from the 2021/2 Bradford South Safer Roads Budget. The project can be delivered within budget.

### 5.0 RISK MANAGEMENT AND GOVERNANCE ISSUES

- 5.1. There are no significant risks arising from this report.

## **6.0 LEGAL APPRAISAL**

- 6.1. There are no specific issues arising from this report. The course of action proposed is in general accordance with the Council's power as Highway Authority and Traffic Regulation Authority.

## **7.0 OTHER IMPLICATIONS**

### **7.1. SUSTAINABILITY IMPLICATIONS**

There are no significant Sustainability implications arising from this report.

### **7.2. GREENHOUSE GAS EMISSIONS IMPACTS**

There is no impact on the Council's own and the wider District's carbon footprint and emissions from other greenhouse gases arising from this report.

### **7.3. COMMUNITY SAFETY IMPLICATIONS**

The introduction of some of the waiting restrictions in the Order will be beneficial in terms of road safety.

### **7.4. HUMAN RIGHTS ACT**

None

### **7.5. TRADE UNION**

None.

### **7.6. WARD IMPLICATIONS**

Ward members have been consulted on the advertised Traffic Regulation Order.

### **7.7. AREA COMMITTEE ACTION PLAN IMPLICATIONS**

None

### **7.8. IMPLICATIONS FOR CORPORATE PARENTING**

None

### **7.9. ISSUES ARISING FROM PRIVACY IMPACT ASSESSMENT**

None

## **8.0 NOT FOR PUBLICATION DOCUMENTS**

- 8.1. None

## **9.0 OPTIONS**

- 9.1. That the proposed of 'no waiting at any time' restrictions on Comondale Way from the southern entrance of VCS and the entrance to the south of this be removed from the Order just leaving corner protection at both entrances and that the one objection to the proposed 'no waiting at any time' on Paternoster lane be overruled and the Traffic Regulation Order be sealed and implemented as modified.
- 9.2. That the objection to the introduction of waiting restrictions on Comondale Way be upheld.
- 9.3. Councillors may propose an alternative course of action.

## **10.0 RECOMMENDATIONS**

- 10.1 That the proposed 'no waiting at any time' restrictions on Comondale Way from the southern entrance of VCS and the entrance to the south of this be removed from the Order just leaving corner protection at both entrances and that the one objection to the proposed 'no waiting at any time' on Paternoster lane be overruled and the Traffic Regulation Order be sealed and implemented as modified.
- 10.2 That the objectors be informed accordingly.

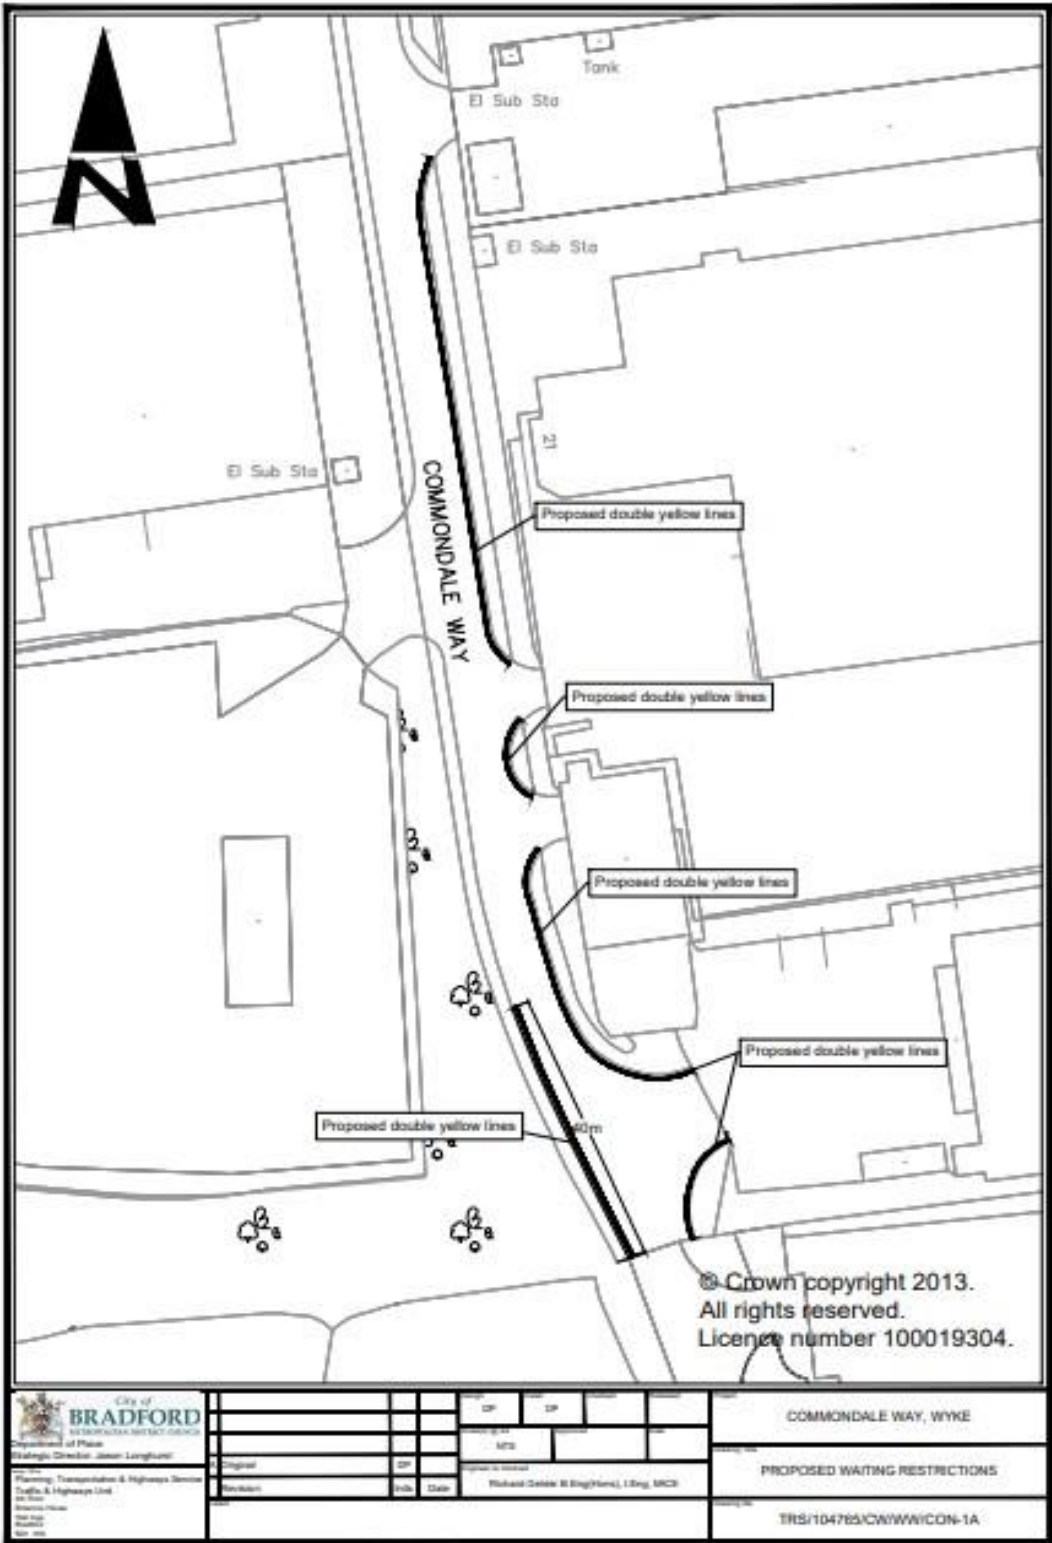

## **11.0 APPENDICES**

- 11.1. Appendix 1 – Drawings showing the proposals that have received objections

## **12.0 BACKGROUND DOCUMENTS**

- 12.1. None

Appendix 1

This page is intentionally left blank

## **Report of the Strategic Director of Health and Wellbeing to the meeting of Bradford South Area Committee to be held on March 17<sup>th</sup> 2022**

**X**

---

### **Subject:**

**HEALTH AND WELLBEING IN THE BRADFORD SOUTH AREA OF BRADFORD  
METROPOLITAN DISTRICT**

### **Summary statement:**

**This report from the Public Health team seeks to inform Bradford South Area Committee of data and activities relating to the health and wellbeing of the population of Bradford South constituency.**

Iain MacBeath  
Strategic Director –Health and Wellbeing

**Portfolio: Healthy People and Place**

**Cllr Sarah Ferriby**

Report Contact:

Angela Hutton (01274) 437345  
E-mail: [angela.hutton@bradford.gov.uk](mailto:angela.hutton@bradford.gov.uk)

**Overview & Scrutiny Area:**

**Health and Wellbeing**

## **1. SUMMARY**

The following report aims to update members on local health and wellbeing data and information for the Bradford South Area. This is summarised in Appendix 1 by a data report that outlines a range of health and wellbeing issues, needs and disparities for people living in the Bradford South area compared to the District as a whole.

Page | 1

The Joint Strategic Needs Assessment, and further needs assessments carried out in respect of populations or areas of need, help to provide direction and a strategic view of the changing health and wellbeing needs of the local population, and support the development of services which aim to reduce inequalities.

## **2. BACKGROUND**

Public Health last reported to Bradford South Area committee on 27<sup>th</sup> February 2020. There was no report in 2021 due to the pandemic. This year's report is based on key health indicators reported as of January 2021. As the public health intelligence team continues to provide daily and weekly covid-19 intelligence reports to inform the activity of both the council and the local NHS, the 2022 update is not yet available. Where possible information is provided for the population of Bradford South, and then compared with information for Bradford District and the national picture. However some indicators are only available on a district wide basis.

The report also outlines some of the work and activities of teams within Public Health and work with partners. Where possible this relates to activity in Bradford South. Under the Health and Social Care Act 2012 Regulations (18 6C) the Council, through the Director of Public Health, assumed duties formerly held by various NHS bodies, primarily those of Health Improvement and Health protection.

## **3. OTHER CONSIDERATIONS**

The population of Bradford South is following the same growth trend as the District, but increasing at a slightly higher rate. It has grown by 3.4% since 2014. 21% of Bradford South's population described themselves as being from a Black, Asian or Minority Ethnic (BAME) background in the 2011 census, compared to the Bradford District-wide figure of 33%. When available, reporting on the 2021 census will provide more accurate baseline information on the District's population.

### **3.1 Key health indicators**

3.1.1 Average Life Expectancy at Birth is lower in Bradford South for both males and females compared to the District as a whole and to national rates. It is an important health indicator that estimates how long people in an area can be expected to live. It is based on very robust data and to make the information more robust, it is averaged across a three year period. This tells us a lot about health inequalities. The CCG uses an infographic to show that in the 10 miles between Ilkley and Manningham average life expectancy at birth drops by approximately 10 years.

Table 1 below gives these estimates as of 2018-2020 for wards and the overall Bradford South area and for Bradford District, Yorkshire and Humber and England for comparison.

<b>Table 1</b> 2018-20	Average Life Expectancy at Birth	
	Females	Males
Great Horton	79.0	74.0
Queensbury	80.7	77.3
Royds	79.6	75.9
Tong	78.5	74.4
Wibsey	81.4	79.5
Wyke	83.9	79.0
<b>Bradford South</b>	<b>80.3</b>	<b>76.4</b>
Bradford District	81.5	77.3
Yorkshire and Humber	82.2	78.4
England	83.1	79.4

This is an update on the life expectancy data given in Appendix 1

### 3.1.2 *Infant mortality*

Infant mortality remains a key health outcome for infant and child health. The 3-year rolling Infant Mortality Rate (IMR) in Bradford reduced from 8.2 deaths per 1000 live births in 2006-08 to 6.1 in 2017-19. Following five successive years of reductions, the District's rate has been fairly static since 2011-13 with a slight increase from 5.7 to 6.1 in the latest figures. The latest rate remains higher than the average rate for England (3.9 deaths per 1000 live births) and is higher in the more deprived parts of the district. Analysis shows that the rate has reduced faster over time in the more deprived areas of the district, but wide variation and health inequalities remain across the district. The rate for Bradford South is lower at 4.9 deaths per 1000, but is still a cause for concern and action. The District has one of the highest rates nationally, and the highest in the region.

### 3.1.3 *Early deaths (defined as deaths under the age of 75).*

Bradford South has a significantly higher rate of early deaths than the average across the District, including early death from cancers and respiratory disease. Deaths of people aged under 75 from cancer in South area decreased from 146 deaths per year 2016-18 to 135 per year from 2017-19, but Bradford South area continues to have the second highest figure in the district. Potential reasons for early deaths and actions to reduce them are explored in the report, for example the risks of developing many forms of cancer can be reduced through keeping active and maintaining a healthy diet and healthy weight.

The rest of the report looks at a range of ways that the Public Health team work in partnership with many other organisations to address these and other health inequalities and issues.

## 3.2 **Respiratory Health**

*Stop Smoking services and tackling illicit tobacco*

3.2.1 Reducing smoking in pregnancy continues to be a priority, including for the Every Baby Matters programme. Public Health work with a range of health partners to ensure a systematic and evidence based approach to tackle maternal smoking is embedded throughout the antenatal care pathway.

3.2.2 - Breathe 2025 is the smoking reduction vision for the Yorkshire and Humber. Its aim is to see the next generation of children born and raised in a place free from tobacco, where smoking is unusual, and not seen as the norm. A multipronged approach to reduce the number of young people taking up smoking is a priority: tackling the trade in illegal and illicit tobacco which can be even more damaging to health than regular tobacco, in order to reduce harm. Its sale seriously undermines the impact of other tobacco control measures, makes it easier for children to start smoking, enabling them to become addicted to nicotine at a young age.

Page | 3

3.2.3 Services - Public Health continue to work in partnership with the Clinical Commissioning Group. The Bradford Breathing Better programme focuses on improving respiratory health outcomes for children, young people and adults in the District and CCG area with asthma or Chronic Obstructive Pulmonary (lung) disease (COPD). Stop smoking support is provided by a team of specialists based in Public Health and via a network of providers in primary care and pharmacies. Within secondary care services a tobacco lead at Bradford Royal Infirmary acts as the first point of contact to refer patients into the specialist team. These services are key to reducing tobacco consumption, and reducing health inequalities in our communities.

3.2.4 The public health Stop Smoking Support team have been mapping prevalence of smoking (how many people are current smokers) at GP practice level, and comparing this information to where services are provided in the District, to ensure there is a good match and to increase access to stop smoking services. Of nine GP practices within the Bradford South Constituency, seven have a smoking prevalence rate that is higher than the national average. Four of the practices provide a stop smoking service directly. There are also five pharmacies and one clinic (located in Wibsey library) which provide a stop smoking service within Bradford South. The team will be working more closely with a range of different communities in the coming months to gather insight and increase access to support, in order to meet different population and cultural needs.

### 3.3 Health Improvement and the Living Well Approach in Bradford

*“Making the healthy choice, the easy choice for people in Bradford District”*

3.3.1. Living Well is the name for Bradford’s whole system, partnership approach to addressing the rising levels of obesity and reducing the high levels of premature and preventable deaths within the district. It is about everyone **working together** to make it easier for us all to live a healthier and more active lifestyle whichever part of the district you live in. Our whole systems approach aims to identify and tackle these root causes and coordinate our system to work together to enable sustainable, population level preventive interventions that make it easier to be healthy and active.

3.3.2 The root causes of less healthy habits are most often the outcome of the social and structural systems in which an individual lives, we also recognise that providing direct support to people who need a little help to make changes towards a healthier lifestyle is

critical to reducing inequalities in health outcomes. The Living Well approach aims to create and promote access to opportunities to help people of all ages and abilities engage in living healthier lifestyles and accessing the right help and support to make changes towards healthier habits as individuals or as families.

### 3.3.3

The focus on helping children to be active and healthy is important for their future wellbeing and quality of life. The number of children who are overweight or obese living in Bradford is higher than the national average and is increasing. 40.8% of children in Bradford District leave primary school carrying excess weight (either overweight or obese) putting them at greater risk of long term conditions. Local research has shown an increase in sedentary behaviour increase in all our children across the District and this shift has not affected all groups equally with both non-white ethnicity and deprivation increasing the risk of children being less active. 77% of 5-11 year olds in Bradford don't do the recommended 60 minutes of moderate to vigorous physical activity each day. Being active doesn't only improve children's physical health, but also their emotional wellbeing, meaning that active children are more confident and happier.

Page | 4

3.3.4 There has been a national gap in appropriate support services for children who want support with managing their weight. In 2021 the Council's Health Improvement team make a successful bid to Public Health England (now the Office of Health Improvement and Disparities) for the resource to establish an innovative new child and family weight service which will launch in Spring 2022.

3.3.5 Adults who become active on a regular basis can halve their risk of developing long-term health conditions such as obesity, diabetes, hypertension, some cancers, Coronary Heart Disease and bone conditions (Chief Medical Officer, 2019). In turn this helps to reduce people's risk of early death. The Bradford Encouraging Exercise in People (BEEP) service is Living Well's multi-agency exercise referral scheme for adults. It offers a safe and practical approach to promoting exercise as a positive method of prevention and treatment of long-term health conditions.

3.3.6 Referrals into the BEEP service from primary care ranged from obesity, depression, hypertension, type 2 diabetes and back pain, people were enabled to become more active with an excellent 92% appointment attendance rate. In 2021, 183 inactive people from Bradford South were referred into the BEEP service, 24% of total referrals. The majority had never exercised before, were living with long-term health conditions and started a behaviour change programme during the ongoing adverse conditions of the pandemic. Despite this, at 12 weeks 72% were still doing 30-149 minutes moderate intensity per week, and 36% were achieving the Chief Medical Officer's recommended 150 minutes per week. The outcome of the full 52 week follow-up will report at the end of 2022.

## 3.4 Services for Children and Families

### 3.4.1 The *Every Baby Matters* Programme (EBM)

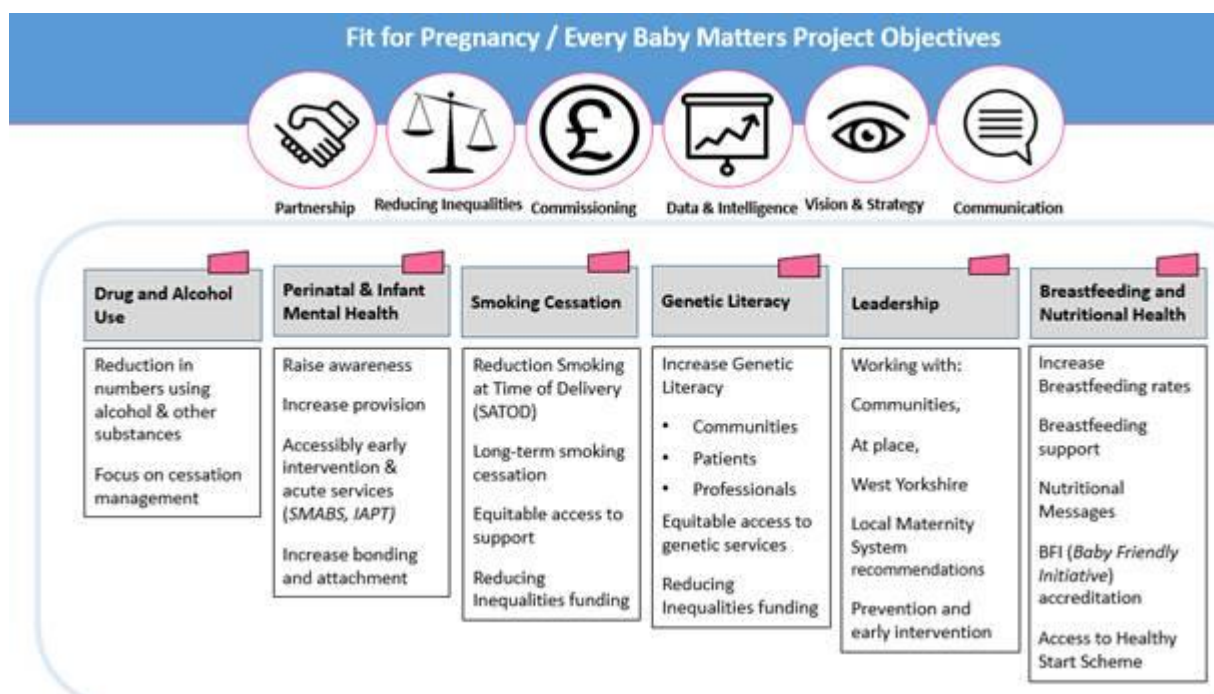

Every Baby Matters is a coordinated programme of work led by Bradford Council public health team and is part of Bradford District's local maternity strategy *Better Births*. The Better Births strategy aims to improve the outcomes for maternal care across Bradford District and Craven, reduce health inequalities during the first 1,000 days of life and reduce infant mortality. Two-thirds of child deaths in Bradford District occur before the first birthday. The

Every Baby Matters programme takes recommendations from the district's Child Death Overview Panel (CDOP) to reduce the risk of poor pregnancy and child health outcomes.

3.4.2 The Every Baby Matters programme takes a lead on prevention efforts for the Better Births programme. It leads a coordinated response across various public health issues (see below) with subgroups working to reduce alcohol/drug use and smoking during pregnancy, and increase genetic literacy, infant feeding, good nutrition, and safe-sleeping practice and is also working closely with the local maternity system on the Maternity transformation programme work stream on prevention..

Page | 5

The programme also works closely with the Bradford District programme dedicated to improving the mental health of expectant, of new mothers and their babies (peri-natal and infant mental health).

3.4.3 *Key EBM work streams.* Over the past year these have included:

- i) Systematic work across the district to promote breastfeeding using evidence based approaches and promoting healthy eating and healthy weight for pregnant women, as well as continued promotion of Vitamin D tablets and Vitamin D awareness.
- ii) Support for women to stop smoking in pregnancy with specialist midwifery services (13.6% of women report being smokers at time of delivery in Bradford, England 9.6% - National Ambition: The Tobacco Control Plan by 2022 reduce SATOD to 6%)
- iii) Development of family, community and health professional resources and training within the Reducing Inequalities in Communities (RIC) programme around increasing genetic inheritance awareness. Womenzone are commissioned to implement the RIC programme.
- iv) As part of West Yorkshire recommendations on prevention a task and finish group have explored progress to date, shared evidence and best practice; and will launch 'Every Sleep a Safe Sleep' (7<sup>th</sup> March 2022) this is a Multi-agency risk minimisation Guidance Tool and Training and will be rolled out across Bradford District.

- v) Continued in depth analysis of why infants die in the district as part of the Child Death Overview Panel work with the annual published report
- vi) Use of national and local intelligence from the Born in Bradford research and emerging research and evaluation from the Big Lottery funded Better Start Bradford programme.

#### 3.4.5 *Children's Dental Health Needs*

The public health team continues to commission evidence based programmes for oral health, currently provided by Bradford District Care Trust as part of the 0-19 contract. The oral health programmes include the continuation of the well-received fluoride varnish programme. The varnish programme is delivered to a target of 5000 children and prior to covid was exceeding this target, using a priority ward system (much of the South of the district is in the priority 2 area). Supervised tooth brushing programmes are well established in 40 primary schools and a new project "Bradford babies Brushing" will commence in early years settings from April 2022 targeted to areas of greatest need. A new model of delivering oral health promotion through the health visiting service following a successful pilot "HABIT" is also now being used for all 1 year reviews alongside the gifting of the "Brushing for life" dental packs.

Page | 6

### 3.5 *Community Mental Wellbeing*

3.5.1 A mental health needs assessment in 2020 considered the impact of the pandemic on mental health.<sup>1</sup> Although evidence suggests that the prevalence of mental illness is likely to increase as a result of the ongoing pandemic, local outcomes data that is collated nationally does not always bear this out, although data are only available up to 2019/20 to date. There is some national evidence to suggest that on average, anxiety had decreased since the start of the first national lockdown in 2020, yet continues to fluctuate and further evidence shows that levels of depression increased during the first half of 2021, reaching a peak in May 2021, followed by a gradual decline in the number of people reporting depression.

3.5.2 In young adults data showed that needs increased. In addition, the mental health needs of children and young people have increased significantly, which are likely to have an impact on future demand within adult services for those who continue to require support or present within adulthood. The needs assessment also highlighted the increased impact on Black and Minority Ethnic communities, people with a high level of poor wellbeing and mental health conditions, older people and other vulnerable groups.

3.5.4 In response to the findings some Public Health and CCG funds were re-prioritised to address the challenges identified. Funds were mainly invested in a range of VCS providers including MIND, the Cellar Trust, CNET, Sharing Voices, Carer's Resource, Horton Housing, Lions' Den (Men in Sheds project), Yorkshire MESMAC, Better Start Bradford and also the Bradford District Care Trust. Projects funded addressed perinatal mental health, provided small grants to community organisations, improved support for carers, with a particular focus on BAME carers, bereavement support, culturally competent counselling, financial inclusion through Credit Union and access to online support through Qwell whose digital platform provides a free, safe and anonymous online emotional-wellbeing community. This is accessible 24 hours, 7 days a week, every day of the year,

<sup>1</sup> <https://jsna.bradford.gov.uk/documents/Mental%20wellbeing/01%20Mental%20Health%20Needs%20Assessment/COVID19%20Mental%20Health%20Needs%20Assessment%20-%20Stage%203%20Final%20report%20-%20July%202020.pdf>

providing resources, discussion forums and text based chat sessions with qualified counsellors.

3.5.3 Locally, demand for services gives us some information about the level of need in the District. The Guide-Line helpline became a Freephone number early in 2020 to reduce barriers to access. Guide-Line is a confidential telephone helpline for people of any age in Bradford, Airedale, Wharfedale or Craven who feel in need of support for themselves or someone else. Demand increased rapidly between January- September 2020 and remained high until around April of 2021, before gradually reducing to baseline levels of demand. Conversely, the First Response all-age crisis service did not see a higher rate of calls during the 18 months to October 2021, possibly indicating that the other pathways were working well in preventing the escalation of mental illness. However, it must be remembered that there will be additional unmet need from people who are not accessing services, for multiple reasons.

Page | 7

3.5.6 An update to the Health and Social Care Overview and Scrutiny Committee in December 2021 outlined how local VCS providers have delivered support to people where and when they need it over the last 18 months. VCS partners have responded to the changes needed due to Covid by adapting services, moving staff across the system, for example seconding staff into Guide-Line to broaden the languages spoken and innovating new ways of working to better meet needs. For example the SMILE project is a collaboration of VCS providers providing support to people on Community Mental Health Teams (CMHT) waiting list. In July 2021 the Council received additional grant funding from the Office for Health Improvement and Disparities (Previously PHE) which is being used to fund projects that aim to improve mental health and tackle inequalities in mental health across the district. Specific projects include a mental health social marketing campaign aimed at people who may not be reached by traditional national campaigns.

s

## **3.6 Health Protection**

### **3.6.1 Health Protection**

The Bradford Health Protection Committee, chaired by the Director of Public Health ensures that robust plans and arrangements are in place for responding to public health incidents and emergencies. Its scope includes:

- Infection prevention and control (IPC)
- Communicable disease control
- Tuberculosis and Blood Borne Viruses commissioning
- Environmental hazards including air, water and food safety
- Immunisation and vaccination programmes
- Health-related Emergency Preparedness, Response and Resilience (EPRR)
- Health Protection out of hours on call rotas to cover outbreaks and incidents
- Sexual health services
- Screening programmes for:
  - Young people and adults: *Breast Cancer, Cervical Cancer, Bowel Cancer, Abdominal Aortic Aneurysm, Diabetic Retinopathy*
  - Antenatal and newborn: *Down's Syndrome, Foetal Anomaly Ultrasound Scan, Infectious Diseases in Pregnancy, Antenatal Sickle Cell and Thalassaemia, Newborn and Infant Physical Examination, Newborn Blood Spot, Newborn Hearing Screening.*

3.6.2 In addition to COVID response, priority areas over the past 12 months included:

- Measles: one of the most highly communicable infectious diseases, which can be prevented by vaccination, a 2% reduction in Measles, Mumps & Rubella (MMR) vaccination coverage in 2020 compared with 2019 is reflective of national and international trends. In 2020-21 89.4% of two-year olds in the district had received their first dose of MMR. This is statistically significantly worse than the national average and the WHO coverage target of 95% (assured to provide herd immunity).
- Infection Prevention and Control (IPC). IPC teams work in acute settings, mental health, community settings and within the council and work collaboratively reduce infection including healthcare associated infections. During the pandemic IPC professionals across the District have also provided support to business and faith settings to minimise the risks of covid-19 whilst the Council IPC Team worked with every care home in the District, supported Council teams and reviewed core functions to minimise risk.
- Sexual Health. A Needs Assessment shows rising Sexually Transmitted Infections across the district, and that improvements are needed to support women's reproductive choices in order to reduce unwanted pregnancies (eg strengthening the availability and offer of contraception). Access to sexual health services was impacted as a result of COVID, but extending online and postal services to a wider range of services helped to reduce the level of impact. System-wide re-design is ongoing to improve performance and tackle inequalities with engagement activities planned to ensure that specific groups like young people, people of BAME background or LGBTQI+ help to shape future service provision.
- Air Quality. Poor air quality is the largest environmental risk to public health in the UK. Long-term exposure can cause chronic conditions such as cardiovascular and respiratory diseases as well as lung cancer, leading to reduced life expectancy. The Government mandated Clean Air Zone (CAZ) is due to start in Spring 2022. It is designed to bring levels of nitrogen dioxide within legal limits five years sooner than without intervention and it is important that all communities are aware of it.
- Vaccination. Challenges for the 2021-22 Flu programme included the need for clarity about the programme as it was delivered alongside the COVID-19 Vaccination programme; and addressing the potential for vaccine hesitancy. In 2020-21 across Bradford district and Craven, 55% of eligible people received the Flu vaccination, a 10% from 2019-20.
- Antimicrobial Resistance (AMR) leads to valuable treatments becoming ineffective, increasing the risk of illness and death. It complicates treatment decisions and increases healthcare costs. Reducing antimicrobial resistant infections by 10% by 2024 and reducing antibiotic use by 15% is one of the West Yorkshire Health Care Partnership's 20 "big ambitions".

Priorities for the year ahead include: childhood vaccinations (including MMR), sexual health, Anti-Microbial Resistance and TB.

### 3.7 Anti-poverty initiatives

3.7.1 *Welfare Advice*. In Bradford South St Vincent du Paul -Catholic Housing Aid Society (CHAS) is the contracted local provider of welfare advice. Throughout the pandemic they have continued to support those in need of advice across a range of issues. Over 500 people contacted the service during 2020-21, and over 600 people to date in 2021-22 to

date. During this time access to the service has predominately been by telephone. Work is developing around new digital access systems to ensure that these customer facing services focus on customers getting the 'right support at the right time'. St Vincent du Paul has also been working closely with locally-based Social Prescribers from the general practitioner (GP) surgeries to ensure that those in need of welfare advice can access the services. Over 80% of enquiries received in 2020-21 related to Benefits, 13.5% to Debt and 4% to Housing. Figures for 2021-22 are similar to date

**3.7.2 Household Support Fund** – The Council received additional government funding of £5.6m to address food and fuel poverty during winter 2021-21. Of this, half was directed to fuel poverty and paid directly to low-income households by the Council's Revenue and Benefits Service in December 2021 and February 2022. Low-income households were defined as any household with a reduced Council Tax bill. The Food Poverty portion of the Household Support fund monies has been managed by Children's Services and directed to families and households through schools and the voluntary and community sector, apart from £150k allocated to Public Health to recommission support to the foodbank sector during winter 2021-22, in anticipation of high winter demand on foodbanks.

**3.7.3 Fuel Poverty - Warm Homes Healthy People (WHHP)** programme. This programme works to reduce the impact of fuel poverty and cold weather for cold-vulnerable households in the district and is jointly funded by public health, adult social care and the CCG. A provider manages the programme, triages referrals and co-ordinates local delivery partners who between them provide minor insulation measures, warm clothing, bedding, bespoke warm packs. The providers 'Green Doctors' service carries out home energy checks, training to use thermostats and heating efficiently, tariff checks and switching support to reduce bills (when available), supports people to apply for Winter warmth payments and registers vulnerable households with the Priority Service Registers of energy and water providers. The service also refers households to a wide range of other support and services. From October 2021 the service is operating year-round, enabling a sustained focus on winter preparation and addressing excess heat in summer which can affect the same dwellings that are prone to excess cold, and also be dangerous to babies and very young children, older people and people with some health conditions. The West Yorkshire NHS Health and Care Partnership has been allocated government monies for fuel poverty for the West Yorkshire CCGs. Bradford and Craven CCG has worked with the Council to allocate these to expand the Warm Homes Programme during 2022.

**3.7.4 Food Poverty.** During 2020-21 a local provider was commissioned by Public Health to support the supply of food into the foodbank sector which experienced exceptionally high demand throughout the pandemic. In the last year Public Health has commissioned the same provider to extend its FoodSavers model which supports organisations providing free food to consider becoming membership-based. This is a model in which people pay a weekly membership fee and choose the food they wish to eat, rather than collecting a food parcel. This aims to create a different and ongoing level of support rather than a point of crisis intervention, and is a part of the sector exploring how to become more sustainable. Even recaptured food has to be collected, stored and redistributed. An extended version of the scheme offers a Credit Union savings account to members and diverts £1 of their weekly membership fee to savings, without reducing the value of the food 'shop'. This is in the early stages but is already seeing people who have never had savings opening accounts. A similar scheme funded through the public mental health budget is supporting people to save for school uniform costs.

## **4. FINANCIAL & RESOURCE APPRAISAL**

At the time of writing the Council has just finalised its budget for 2022-23. As the majority of these programmes are district wide it is difficult to identify the individual impacts on specific wards including those for Bradford South. Public Health remains committed to targeting resources to areas of need. The Joint Strategic Needs Assessment and further needs assessment carried out in respect of populations or areas of need help to provide direction and a strategic view of health and wellbeing needs of the local population and support the development of services which aim to reduce inequalities.

Page | 10

## **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

This report contains information contributed by colleagues from different teams within Public Health; independent provider agencies and different parts of the Council.

## **6. LEGAL APPRAISAL**

The City of Bradford Metropolitan District Council (CBMDC) was created on the 1 April 1974 as a result of the Local Government Act 1972 and empowered to provide services and support for the residents of the District. This incorporates the responsibilities laid out in the Education Acts of 1944 and 1996 and the Local Government Act 2000.

As a Local Authority CBMDC has statutory Public Health responsibilities as set out in the Health and Social Care Act 2012. Many of the services narrated in this report are underpinned by the Health and Social Care Act 2012 and by the Duty of wellbeing placed upon the Council - to promote and improve the wellbeing of the District and protect the health of the local population.

## **7. OTHER IMPLICATIONS**

### **7.1 EQUALITY & DIVERSITY**

The Equality Act 2010 sets out the public sector equality duty replacing the three previous duties for race, disability and gender. In engaging with our stakeholders, the Public Health Department has regard to our Equality and Diversity Policy.

Bradford South's population, in common with Bradford's wider district, includes a range of communities, nationalities and residents many of whom have distinct needs and experiences.

Public Health therefore recognises that services, consultations and communication must be delivered in an inclusive and appropriate way to ensure equality of access. This includes specific language and cultural needs.

An example of a proactive approach to population health is the use of Controlling Migration funding (CMF) from the Home Office to facilitate better access to welfare advice services for people from Central and Eastern European origins. This has helped skill up community members in relevant languages; trained people in interpretation and/ or translation skills and qualifications and supported the extension of immigration advice training and accreditation across the Bradford District.

## **7.2 SUSTAINABILITY IMPLICATIONS**

A population health approach contributes to sustainability by supporting and building on the community assets in communities and wards across Bradford.

Bradford South area ward plans are vital as they reflect the needs and concerns of people and places in their strategic development and can help to empower the population to participate in programmes which support health and wellbeing at neighbourhood level.

Page | 11

## **7.3 GREENHOUSE GAS EMISSIONS IMPACTS**

Many services delivered in neighbourhoods are switching over time to transportation which is less damaging to the wider environment. This includes use of public transport and the use of Bradford Council's lease cars which are electric and therefore emit less harmful pollutants into the air.

## **7.4 COMMUNITY SAFETY IMPLICATIONS**

Community safety concerns can and do impact on people's sense of health and wellbeing at an individual, family and community-wide level. This is particularly relevant in relation to crime and the fear of crime; concerns relating to drug and alcohol use; the sale of illicit tobacco. These issues can disrupt feelings of safety and security in communities and can contribute to low level anxiety and have a detrimental impact on mental wellbeing.

Public Health contributes to a number of key programmes tackling Community Safety concerns; some of which are noted earlier in this report

## **7.5 HUMAN RIGHTS ACT**

There are no direct implications arising from the Human Rights Act in relation to this report however some of the services listed above contribute significantly to quality of life for individuals and families.

## **7.6 TRADE UNION**

N/A

## **7.7 WARD IMPLICATIONS**

See content of report and particularly Appendix 1 for data and information for the six wards within the area; Great Horton, Queensbury, Royds, Tong, Wibsey and Wyke wards.

## **7.8 AREA COMMITTEE ACTION PLAN IMPLICATIONS**

This report has been prepared for Bradford South Area Committee and includes data and information for the six wards within the area; Great Horton, Queensbury, Royds, Tong, Wibsey and Wyke wards. Where possible data and service details are provided at ward level, where this is not possible district-wide activity and information has been provided.

## 7.9 IMPLICATIONS FOR CORPORATE PARENTING

The role of local authorities and the application of corporate parenting principles are set out in section 1 of the Children and Social Work Act 2017. In order to thrive, children and young people have certain key needs that good parents generally meet. Local authorities **must** have regard to these seven needs identified in the Children and Social Work Act, when exercising their functions in relation to looked-after children and care leavers (relevant children and former relevant children) as follows:

Page | 12

- to act in the best interests, and promote the physical and mental health and wellbeing, of those children and young people
- to encourage those children and young people to express their views, wishes and feelings
- to take into account the views, wishes and feelings of those children and young people
- to help those children and young people gain access to, and make the best use of, services provided by the local authority and its relevant partners
- to promote high aspirations, and seek to secure the best outcomes, for those children and young people
- for those children and young people to be safe, and for stability in their home lives, relationships and education or work; and
- to prepare those children and young people for adulthood and independent living.

In common with other areas of the district there will be 'looked after' children resident in Bradford South for whom the Local Authority has Corporate Parenting responsibility. These may be children and young people living in temporary housing and/or foster care, or other settings where the Council retains a Corporate Parenting role. This responsibility will remain despite the proposed arrangements for a Children's Company. Ensuring the safety and well-being of children is a requirement of all Council officers not only those whose specific job is to work with looked after children. As such, arrangements for the delivery of services should include specific terms to ensure that this important statutory role is maintained and supported.

## 7.10 ISSUES ARISING FROM PRIVACY IMPACT ASSESMENT

The Council has a privacy notice in place and as this report contains no personal data there are no impacts under the relevant data management and/or data sharing legislation

## 8. NOT FOR PUBLICATION DOCUMENTS

None

## 9. OPTIONS

9.1 That Bradford South Area Committee considers the contents of this report.

9.2 That Bradford South Area Committee engages with and encourages community and residents of Bradford South to take up all available and relevant wellbeing offers in order to maximise their health and wellbeing.

## **10. RECOMMENDATIONS**

10.1 It is recommended that option 9.2 above is adopted in order to support the overall health and well-being of the residents of Bradford South.

## **11. APPENDICES**

Appendix 1 - Public Health data report for Bradford South Area 2021.

# Public Health Profile

## Bradford South

## Population & Demographics

### Bradford South population, 2019

**106,524** 

3.4% increase since 2014

■ Non-White Residents ■ White Residents

### Age Distribution

**0 to 15 years old = 26,129**

**16 to 64 years old = 65,174**

**65+ years old = 15,221**

Bradford South has a similar population age distribution as the district as a whole, except a higher proportion of people aged between 45-60 years old. Bradford South's population has grown 3.4% since 2014 – more than the district average. Bradford South has the third highest proportion of non-white residents in the district.

# Life Expectancy at Birth

## Bradford South

Three Year Averages  
2017-19

Bradford District Males

78

Bradford South Males

77.3

Bradford District Females

81.7

Bradford South Females

80.6

● Significantly better    ● Not significantly different    ● Significantly worse

### Males

### Females

The 2017-19 life expectancy for males living in Bradford South is 77.3 years which is similar to the district average. The female life expectancy in Bradford South is 80.6 years which is slightly lower than the district average. Male life expectancy is lower than the district average in three of the six Bradford South wards and female life expectancy is lower than the district average in four of the six Bradford South wards.

# Premature Mortality

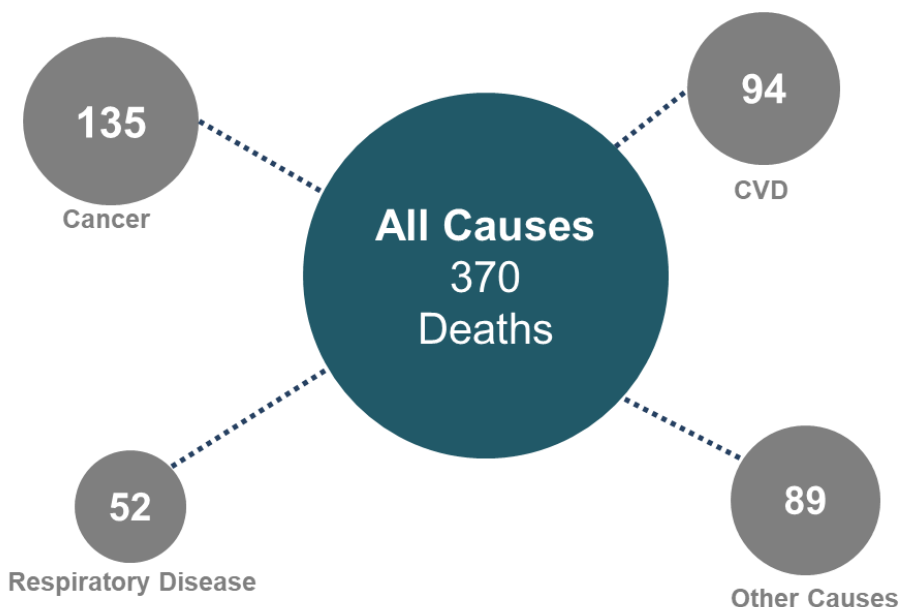

## Bradford South

Deaths in persons age 0-74 years

Three Year Averages

2017-19

Average Number of Deaths (per year)

Death Rate: per 100,000 population

Cause of Death	Bradford District		Bradford South	
	Cancer	137.6	168.0	●
	Cardiovascular Disease	101.2	117.6	●
	Respiratory Disease	48.0	60.5	●
	All Causes	390.8	454.5	●

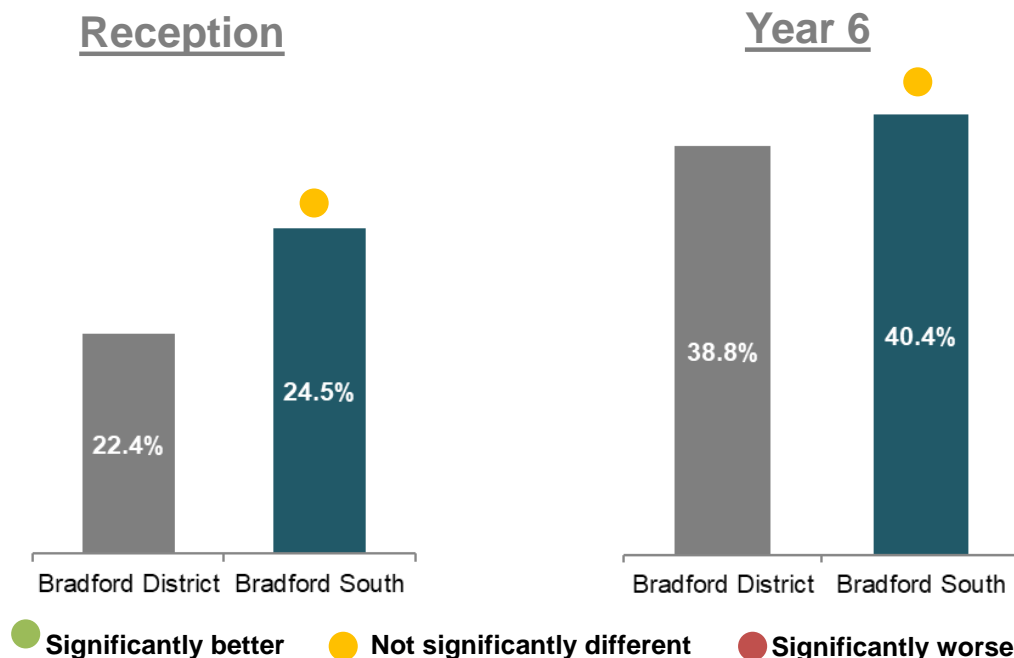

● Significantly better
● Not significantly different
● Significantly worse

During 2017-19 there were an average of 370 premature mortalities per year in Bradford South, equating to a rate of 454.5 deaths per 100,000 population. This is significantly higher than the district average. Similarly the premature mortality rate from cancer in Bradford South is also significantly higher than the district average.

# Child Excess Weight

## Bradford South

Proportion of children classified as overweight or obese  
2017/18 – 2019/20

Ward		
	<u>Reception</u>	<u>Year 6</u>
Great Horton	22.4%	43.3%
Queensbury	23.5%	35.6%
Royds	26.7%	38.2%
Tong	25.1%	42.9%
Wibsey	25.7%	40.2%
Wyke	23.5%	38.7%

The proportion of children in reception that are classed as overweight or obese in Bradford South is higher than the district average. The ward within Bradford South with the highest rate of excess weight in reception is Royds. The proportion of children in year 6 classed as overweight or obese in Bradford South is also higher than the district average. The ward with the highest rate of excess weight in Bradford South is Great Horton.

# Ward Summary

## Bradford South

The chart below shows how people's health and wellbeing within this area compares to Bradford District. Values are rated using the RAG system where Red = statistically worse than district average; Amber = statistically similar to district average and Green = statistically better than district average.

Indicator	<u>Bradford District</u>	<u>Bradford South Average</u>	Great Horton	Queensbury	Royds	Tong	Wibsey	Wyke
Life Expectancy - Males	78	77.3	76.4	77.7	76.5	76.1	79.9	78.3
Life Expectancy - Females	81.9	80.6	80.1	80.7	79.6	78.9	82.5	83.4
Infant Mortality	6.1	4.9	9.3	6.0	2.7	4.1	1.7	3.3
Reception excess weight	22.4	24.5	22.4	23.5	26.7	25.1	25.7	23.5
Year 6 excess weight	38.8	40.4	43.3	35.6	38.2	42.9	40.2	38.7
U75 mortality from Respiratory Disease	48	66.1	59.5	50.1	90.5	105.9	41.7	42.4
U75 mortality from CVD	101.2	117.6	188.2	83.7	96.9	152.6	102.6	91.5
U75 mortality from Cancer	137.6	168.0	160.9	169.3	178.9	190.6	138.0	165.8
Self harm admissions (10-24 years)	575.2	698.6	484.2	567.4	614.9	1232.7	588.2	560.7
Diabetes Prevalence	7.7	7.7	8.6	6.8	7.9	7.7	4.9	7.4
COPD Prevalence	2.1	2.5	2	2.2	2.4	3.1	2.3	3.2
Adult Obesity Prevalence	10.4	10.6	10.2	10.1	10	12.1	10	10.7
Depression Prevalence	9.8	10.4	9.6	10.1	10.3	12.6	9.4	9.7

### Indicator definitions

**1** Life expectancy at birth in years (males), 2017-19

**2** Life expectancy at birth in years (females), 2017-19

**3** Infant Mortality (deaths per 1,000 live births) 2017-19

**4** % of reception children who are overweight or obese, 2017/18-2019/20

**5** % of reception children who are overweight or obese, 2017/18-2019/20

**6** Under 75 mortality rate (dsr) per 100,000 population due to respiratory disease, 2017-19

**7** Under 75 mortality rate (dsr) per 100,000 population due to cardiovascular disease, 2017-19

**8** Under 75 mortality rate (dsr) per 100,000 population due to cancer, 2017-19

**9** Self harm admissions age 10-24 years per 100,000 population, 2017-18

**10** Estimated % of adults age 17+ with diabetes 2019/20

**11** Estimated % of population with COPD 2019/20

**12** Estimated % of adults age 18+ that are obese 2019/20

**13** Estimated % of adults age 18+ with depression 2019/20

**Portfolio:**  
**Safer and Stronger Communities**  
**Abdul Jabar**  
**Overview & Scrutiny Area:**

**Corporate**

## **1. SUMMARY**

- 1.1 The Area Office is leading on an engagement process across Bradford South. This report gives Committee members the opportunity to discuss relevant issues to include in the process.

## **2. BACKGROUND**

- 2.1 See Localities Review to the Bradford South Area Committee report on October 28<sup>th</sup> 2021

## **3. OTHER CONSIDERATIONS**

- 3.1 In the December meeting the following were raised and will be included in the Localities Plan:

1. Avoidable deaths of young men and developing preventative approaches
2. Locality approaches to dealing with Domestic Violence and learning from the IDVA in Buttershaw on how to improve support across the Area
3. Dealing with inappropriate use of Quads and Nuisance Motorbikes
4. Improving the identifying of people who may become vulnerable during inclement weather conditions to offer appropriate support when necessary
5. Stone throwing and the wider impact on communities

- 3.2 The following issues were added in the January meeting

1. Supporting the further development of Dementia Friendly Communities
2. Developing better connections with the natural world\climate issues as a means of building resilience in children, young people and families, as well as caring for the neighbourhood:
3. Enjoyment of local green space – impacting on physical and mental health, awareness of stewardship
4. Linking people with food growing opportunities in their neighbourhoods, and developing new ones – impacting on physical\mental health, saving money, developing self-reliance, raising awareness of provenance etc
5. Helping people save money on fuel – sign posting to practical help with energy efficiency\insulation, Advice worker support
6. Developing information on all neighbourhood resources and activities which is kept up to date for use by all partners working on prevention:
  - Link up all partners currently working on such a resource to create one offer
  - Devise ways of ensuring this is kept updated and accessible to all who can benefit, including residents

- 3.3 Councillors were supportive in the January meeting of the specific issues highlighted above and also asked that broader analysis is undertaken on Education, Housing, Jobs and the Environment that have been articulated in the Council Plan.

Councillors also highlighted:

- That ward issues were picked up in developing the Plan as they differed from ward to ward.
- That issues around education, employment, environment were the bigger issues, however speeding and parking issues affected people's quality of life and therefore actions had to be ward specific.
- That addressing the issue of those Not in Employment, Education and Training were crucial in solving issues around anti-social behaviour.

- 3.4 A dataset has been developed using Power Bi. The appendix to this report is based on this information and this will provide a significant part of the evidence which will be used to prioritise.

- 3.5 A Localities Survey has also been undertaken and there will be a verbal update to the meeting on progress on this survey.

#### **4. FINANCIAL & RESOURCE APPRAISAL**

- 4.1 Not applicable.

#### **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

- 5.1 No significant risks.

#### **6. LEGAL APPRAISAL**

- 6.1 There are no known legal implications.

#### **7. OTHER IMPLICATIONS**

##### **7.1 EQUALITY & DIVERSITY**

- 7.1.1 Opportunity for Councillors to discuss how to address inequalities

##### **7.2 SUSTAINABILITY IMPLICATIONS**

- 7.2.2 The involvement of a wide range of partners in working together to address community safety and crime issues contributes to finding sustainable solutions.

##### **7.3 GREENHOUSE GAS EMISSIONS IMPACTS**

- 7.3.1 No impacts.

##### **7.4 COMMUNITY SAFETY IMPLICATIONS**

- 7.4.1 Opportunities for Councillors to discuss issues related to Community Safety.

## **7.5 HUMAN RIGHTS ACT**

7.5.1 No specific implications.

## **7.6 TRADE UNION**

7.6.1 None.

## **7.7 WARD IMPLICATIONS**

7.7.1 The information provided in this report is relevant to all Wards within Bradford South Area.

## **7.8 AREA COMMITTEE WARD PLAN IMPLICATIONS**

7.8.1 The actions contained within this report impact on all the priorities.

## **8. NOT FOR PUBLICATION DOCUMENTS**

8.1 None.

## **9. OPTIONS**

9.1 This report is presented primarily for information.

## **10. RECOMMENDATIONS**

10.1 Area Coordinator to include ideas from the discussion in the December, January and March Area Committees within the development of the Bradford South Localities Plan 2022-26

## **11. APPENDICES**

11.1 APPENDIX A Bradford South Statistics

## **12. BACKGROUND DOCUMENTS**

12.1 Localities Review report to the Bradford South Area Committee on the 28<sup>th</sup> October.

Demographics
Better Skills, More Good Jobs and a Growing Economy
Decent Homes
Good Start, Great Schools
Better Health, Better Lives
Safe, Strong and Active Communities
A Sustainable District

If you have any queries please contact: Anne-Marie Woolham (anne-marie.woolham@bradford.gov.uk)

This is the front index page of the powerbi, where indicators have been sorted under the Council Plan themes and demographics.

Demographics

Population by Age
Religion and Ethnicity
Population Density
Indices of Multiple Deprivation

Under each of the themes, is the list of topics included. In demographics this is population by age, religion and ethnicity, population density and indices of multiple deprivation.

## Better Skills, More Good Jobs and a Growing Economy

Claimant Count
Universal Credit
Job Seekers Allowance
Annual Individual Incomes
Annual Household Income
Occupations
Enterprises
Working Households
Employment Centre Accessibility
Employment Rate
Economically Inactive Rate
Qualifications
Apprenticeships

Under Better Skills, More Good Jobs and a Growing Economy are: claimant count, universal credit, job seekers allowance, annual individual income, annual household income, occupation, enterprises, working households, employment centre accessibility, employment rate, economically inactive rate, qualifications and apprenticeships.

## Decent Homes

Property Sales and Types of Property
House Prices
Overcrowding
Energy Efficiency and Fuel Poverty
Tenure Types

Under Decent Homes are: property sales and types of property, house prices, overcrowding, energy efficiency and fuel poverty and tenure types.

## Good Start, Great Schools

\*\*\*

Low Income Families
Child Dependency Ratio
Young Person Hospital Admissions
Childhood Obesity
0-5 Framework
Key Stage 2
Key Stage 4
Key Stage 5
NEET

Under Good Start, Great Schools are: low income families, child dependency ratio, young person hospital admissions, childhood obesity, 0-5 framework, key stage 2, key stage 4, key stage 5 and NEET.

## Better Health, Better Lives

Life Expectancy
Health and Illness
Emergency Hospital Admissions
Deaths
Cancer
Health Related Benefits
Mental Health
COVID
Old Age Dependency Ratio

Under Better Health, Better Lives are: life expectancy, health and illness, emergency hospital admissions, deaths, cancer, health related benefits, mental health, COVID and old age dependency ratio.

## Safe, Strong and Active Communities

Crime Numbers

Ambulance Call Out for Assault

Police Recorded Violence

Fire Call Out

CRM Report

Fly Tipping

Under Strong, Safe and Active Communities are: crime numbers, ambulance call outs for assault, police recorded violence, fire call outs, CRM report and fly tipping.

## A Sustainable District

Domestic Gas Use

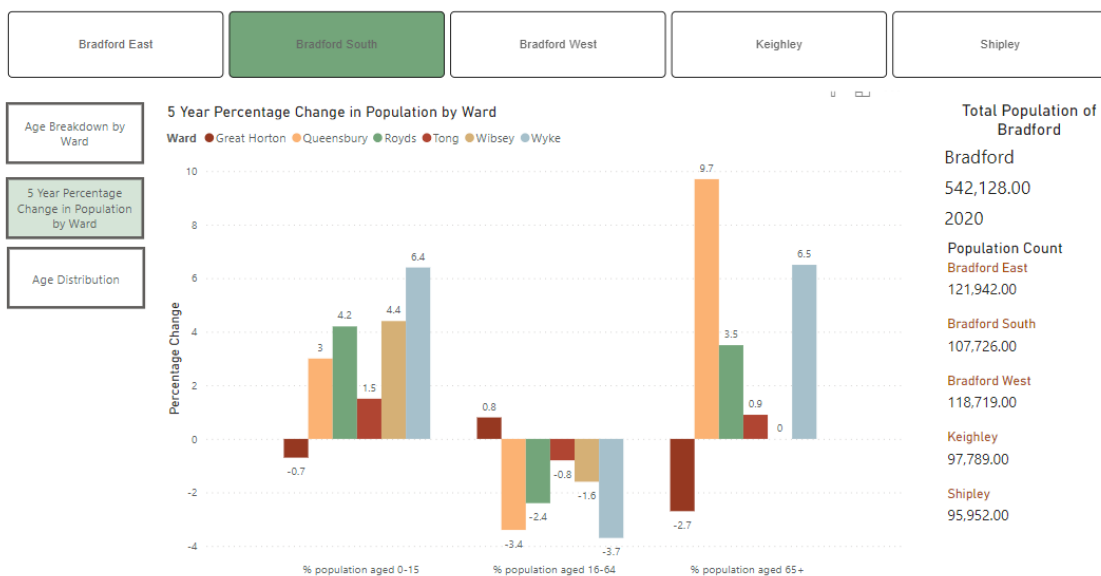

Domestic Electricity Use

Under A Sustainable District are: domestic gas use and domestic electricity use. There are still some indicators which have not yet been input into the powerbi.

## Population by Age

Once clicking on the topics the data is displayed like this. On the left hand side are the indicators included within the topic to choose from (5 Year Percentage Change is chosen here). At the top is the option to view wards within one constituency (Bradford South is chosen here), or you can view all 30 for comparison.

All wards apart from Great Horton have seen an increase in the proportion of the population aged 0-15 and aged 65+ (asides from Wibsey where 65+ has stayed the same), with a decrease in the since of the working aged population (16-64) from 2015 to 2020. Great Horton has seen an increase in its working age population of 0.8% and a decline in the proportion of those aged 0-15 and 65+. Some of the most significant increases are in the 65+ population in Queensbury and Wyke which have increase in their share of the population by 9.7% and 6.5% respectively from 2015 to 2020.

## Claimant Count

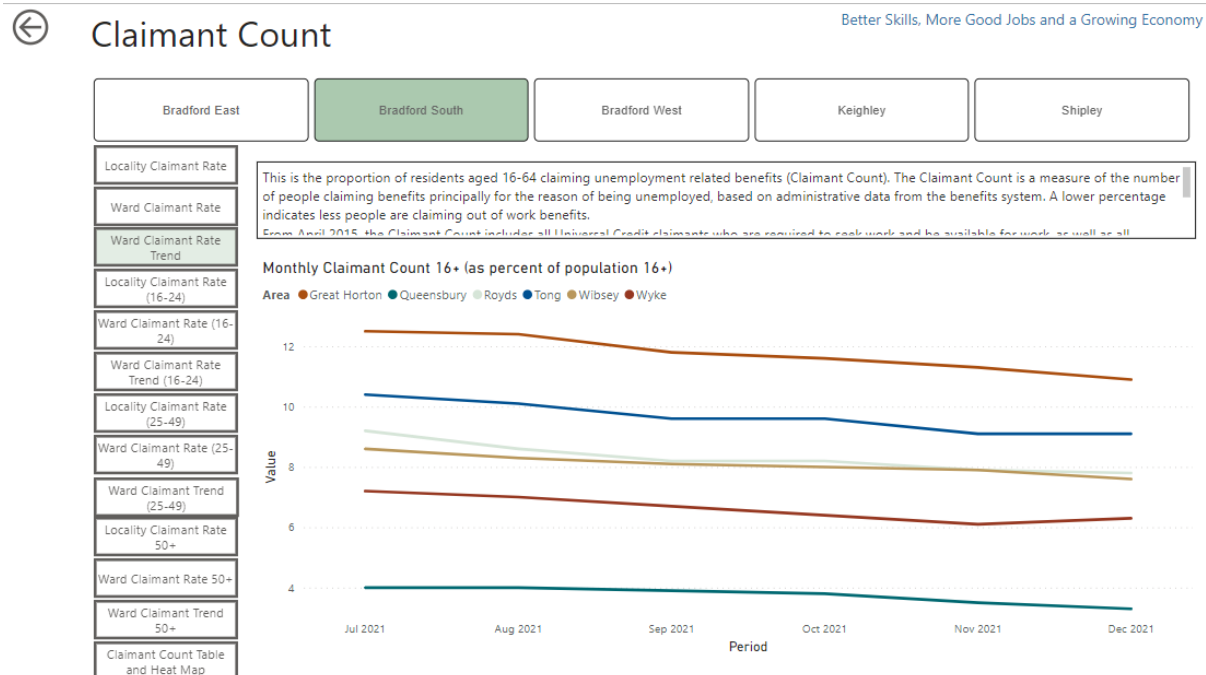

Better Skills, More Good Jobs and a Growing Economy

Pages contain data information at the top which includes the definitions of the indicators and their source.

Great Horton has the 6<sup>th</sup> highest claimant rate in the district (Jan 2022) with a rate of 10.9% and Tong the 8<sup>th</sup>, 9.1%, the highest rate in Bradford is Manningham 14.4%. Royds

has a claimant rate of 7.8%, Wibsey 7.6% and Wyke 6.3%. All wards apart from Queensbury (3.3%) have a higher rate than the national average of 4.4% and the lowest rate in Bradford is Wharfedale 1.4%.

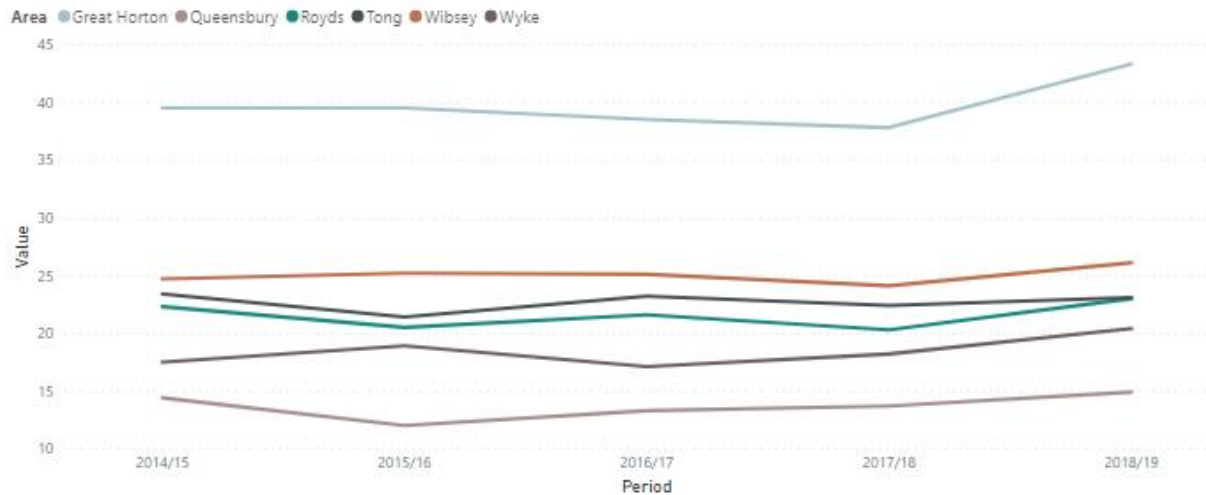

In the past 6 months the claimant rate in all six wards has been slowly decreasing.

The 2016 HHSR survey indicates that 9% of families with 0-5 year olds in Great Horton are living in poor quality housing. 8% of families in Wibsey are, 6% in Queensbury and Wyke and 5% in Tong and Royds. The poor quality housing measure indicates that houses have at least one of damp, vermin, no heating and/or is in need of major repairs.

### Absolute Low Income Families

The district rate of absolute low income families is 30.4%. Great Horton is ranked 6<sup>th</sup> highest in the district with a rate of 43.3%. Wibsey has a rate of 26.1%, Tong 23.1%, Royds 23%, Wyke 20.4% and Queensbury 14.9%. The national average is 15.3% and the lowest rate in Bradford is 5.9% in Wharfedale. The rates have risen slightly since 2014/2015 in 5 of the wards but in Great Horton there was an almost 6% increase from 2017/2018 to 2018-2019.

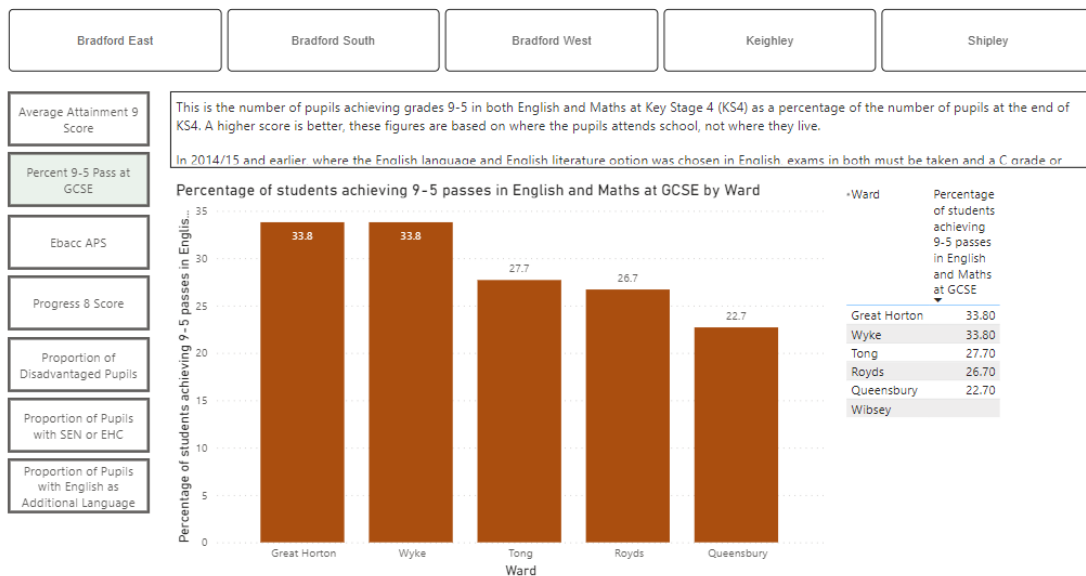

### Education- Key Stage 2

Good Start, Great Schools

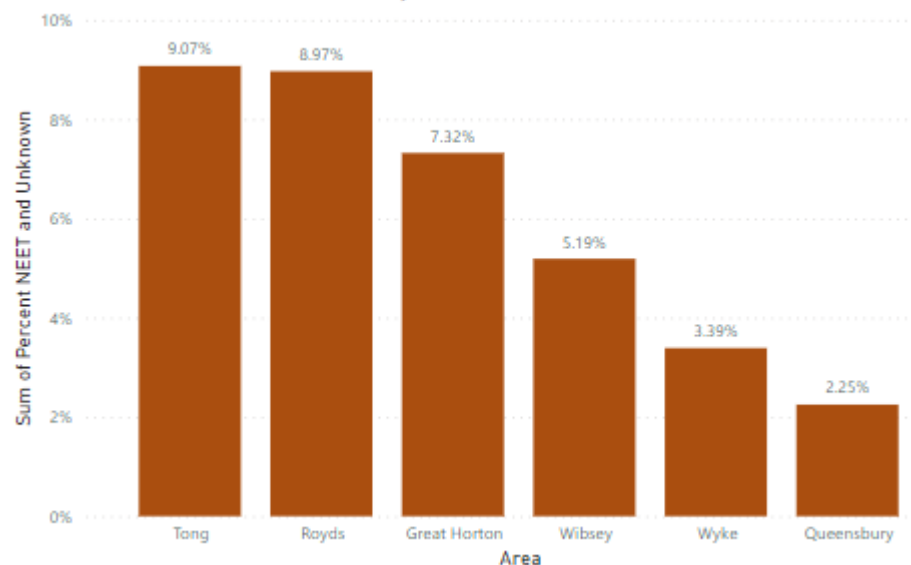

All wards accept Great Horton have a lower than district, statistical neighbours and regional average of pupils achieving the expected level in KS2 reading, writing and maths. These statistics are based on school achievements within each ward. Tong has the 2<sup>nd</sup> lowest rate of pupils achieving the expected level in RWM in the district with only 52%, Royds is 5<sup>th</sup> with 57%, Wyke 6<sup>th</sup> with 58%, Queensbury 12<sup>th</sup> with 59%, Wibsey 16<sup>th</sup> at 61% and Great Horton 24<sup>th</sup> with 69%. The highest rate in the district is in Wharfedale 82%.

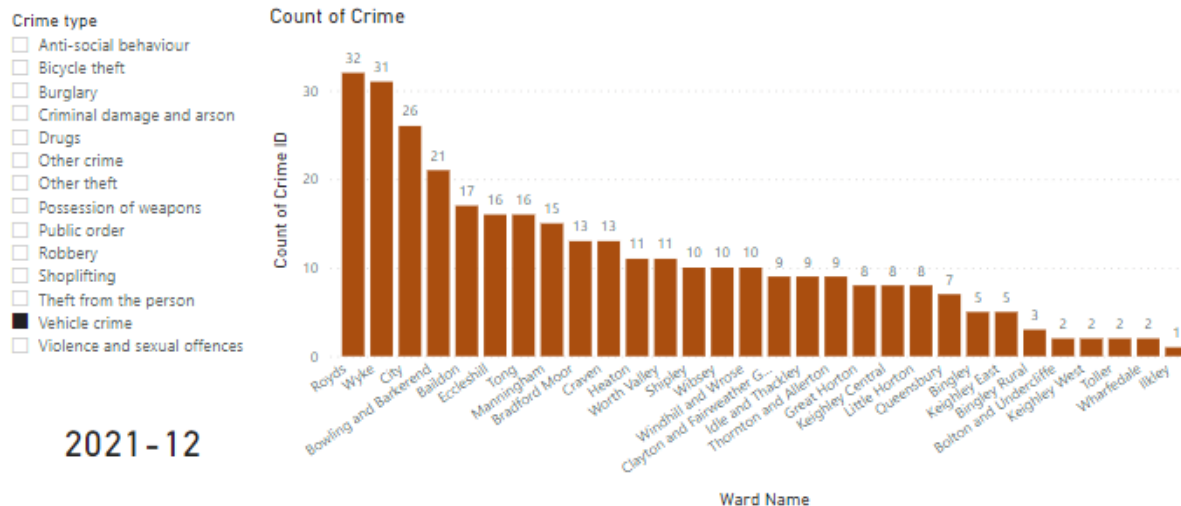

KS4 data is not available for all wards within the district based on school location. Great Horton and Wyke have a rate of 33.8% making them the 9<sup>th</sup> highest rank out of the 22 available wards in Bradford for percent achieving 9-5 passes in GCSE English and Maths, the highest rate is in Ilkley 65%. Tong has a rate of 27.7% making it 14<sup>th</sup>, Royds is 15<sup>th</sup> with 26.7% and Queensbury 21<sup>st</sup> with 22.7%. The lowest rate in Bradford is in Manningham, 14%.

#### Sum of Percent NEET and Unknown by Area

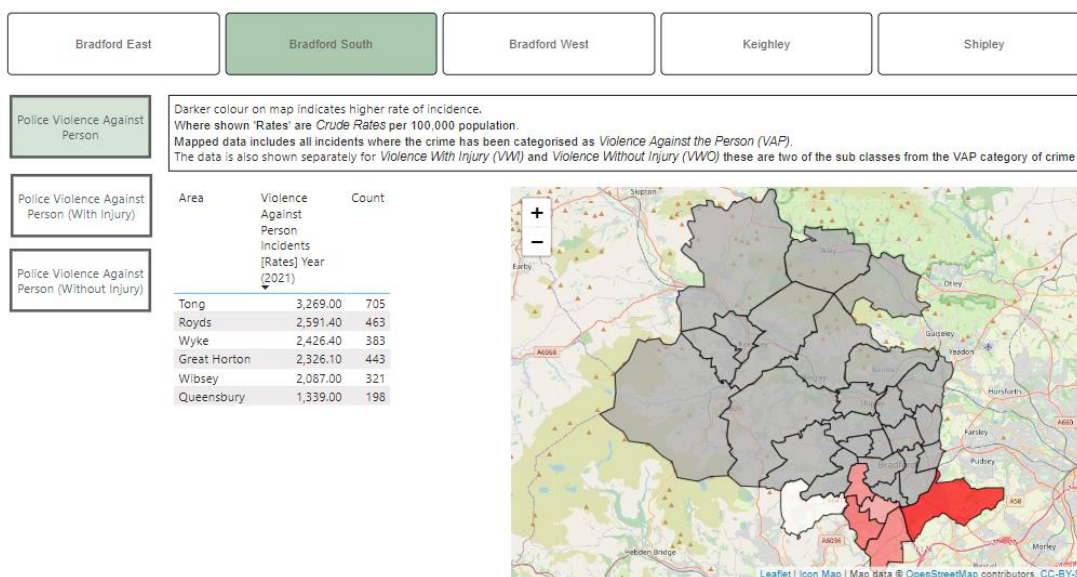

Tong has a rate of NEET (not in education, employment or training at 16/17) or unknown of 9.07%, this is the highest in the district. Royds has the 2<sup>nd</sup> highest in the district of 8.97%. Great Horton is 6<sup>th</sup> with a rate of 7.32%, Wibsey 13<sup>th</sup> with 5.19%, Wyke 21<sup>st</sup> with 3.39% and Queensbury is 24<sup>th</sup> with 2.25%.

In December 2021, Royds and Wyke had the highest count of vehicle crime in Bradford and Tong had the 7<sup>th</sup> highest, this is based on police recorded crime.

## ⬅️ Police Recorded Violence Against Persons

Safe, Strong and Active Communities

Tong has the 4<sup>th</sup> highest rate of violence against person incidences recorded by the police, 3,269 per 100,000. Royds is 8<sup>th</sup> with 2,591 per 100,000 and Wyke is 10<sup>th</sup> 2426 per 100,000 Great Horton 13<sup>th</sup>, Wibsey 17<sup>th</sup> and Queensbury 22<sup>nd</sup> with 1,339 per 100,000. The lowest rate in Bradford is in Wharfedale 388 per 100,000. The darker saturation on the map indicates a higher count. Again this has been filtered to Bradford South wards, but this filter can be removed to compare across all wards.

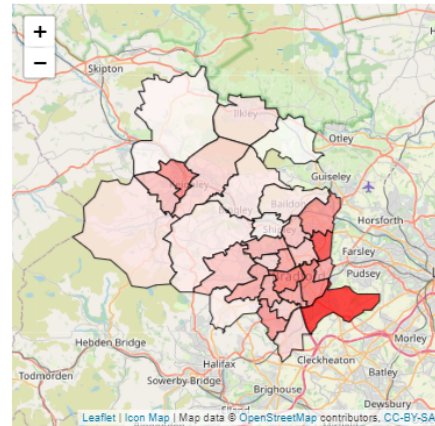

# Fire Call Outs

Safe, Strong and Active Communities

Bradford East	Bradford South	Bradford West	Keighley	Shipley
---------------	----------------	---------------	----------	---------

Darker red indicates a higher rate of fire call outs (per 100,000).  
Data includes all *deliberate fire incidents*, and also any incident where an *attack on fire crew* was recorded.  
*Primary fires* are generally more serious fires that harm people or cause damage to property. *Secondary fires* are generally small outdoor fires, not involving people or property.

Ward	Fire Incident Rate per 100,000	Count of Fire Incident
Tong	765.10	165
Eccleshill	636.00	113
Bowling and Barkerend	461.50	112
City	451.50	119
Keighley Central	389.60	67
Idle and Thackley	380.10	72
Royds	358.20	64
Little Horton	302.50	72
Clayton and Fairweather Green	301.40	54
Bradford Moor	300.70	60
Manningham	296.80	59
Great Horton	267.80	51
Heston	250.50	45
Keighley West	210.60	35
Windhill and Wrose	204.80	34
Thornton and Allerton	191.20	35
Bolton and Undercliffe	190.30	31
Keighley East	143.70	25
Wibsey	143.00	22
Wyke	133.00	21

Tong has the highest rate in the district for fire incident call outs with 756.1 per 100,000 in 2021. Royds is 7<sup>th</sup> with a rate of 358.1, Great Horton 12<sup>th</sup> with 267.8, Wibsey 19<sup>th</sup> with 143, Wyke 20<sup>th</sup> with 133 and Queensbury has one of the lowest rates in the district of 54 per 100,000.

## **Report of the Bradford South Area Co-ordinator to the meeting of Bradford South Area Committee to be held on 17<sup>th</sup> March 2022**

**Z**

---

### **Subject:**

**2021 / 2022 - BRADFORD SOUTH GRANTS**

### **Summary statement:**

This report summarises the grants that have been awarded in the Bradford South Constituency from 2021 to 2022.

### **Equality & Diversity:**

All of the funding opportunities are open to, and actively promoted to, groups, organisations and individuals working in and with all the communities in the Bradford South Area.

---

Jason Longhurst  
Strategic Director Place

### **Portfolio:**

Report Contact: Mick Charlton  
Bradford South Area Co-ordinator  
Phone: (01274) 431155  
E-mail: [mick.charlton@bradford.gov.uk](mailto:mick.charlton@bradford.gov.uk)

### **Overview & Scrutiny Area:**

### **Corporate**

## **1. SUMMARY**

This report summarises the grants that have been awarded in the Bradford South Constituency from 2021 to 2022.

## **2. BACKGROUND**

- 2.1 The Youth and Community Chest Budget exists to support and enable a wide range of community based projects and activities to be developed to benefit communities across Bradford South.
- 2.2 The Sports Community Chest (Future Boost) grant is intended for young people aged 18-25 to enable groups and organisations which met with the criteria to have grant to purchase sports equipment or towards sports activities.
- 2.3 The Climate Action Fund is intended to help communities through initiatives that can reduce our collective carbon footprint, support sustainable development and raise awareness of climate change in the Bradford South area. Applications which met with the criteria were considered.
- 2.4 The Cleaner Streets, Parks and Open Spaces budget is intended to support volunteer and community led action/ideas that help make a difference to the environment, neighbourhoods and places of community interest in the Bradford South area.
- 2.5 The Additional Restrictions Grant - VCS Support Scheme is intended to support businesses from all sectors that may have been severely impacted by Covid-19 restrictions but are not eligible for the mandatory grant schemes. This scheme, with a total value of £1m for the district to award and direct grants to each area through the area officers.
- 2.6 For all the grants Bradford South Area Co-ordinator's Office, assesses the received applications and prepares Officer Recommendations.
- 2.7 The applications from each Ward are sent to the individual Ward Councillors with a request for comments, which inform the decision making process.
- 2.8 The Area Co-ordinator, under delegated powers, is responsible for making decisions on the received applications. These decisions are made following guidance received from the Grants Advisory Group, whose membership is the Chair, Deputy Chair and Opposition Spokesperson of the Area Committee.
- 2.9 It is also possible, when decisions need to be taken outside the formal process, that the Area Co-ordinator can decide on an application having consulted individually the Members of the Grants Advisory Group.

## **3. OTHER CONSIDERATIONS**

- 3.1 55 applications for Youth and Community Chest Grants were awarded to community groups during the financial year of 2021/2022, a breakdown of which is shown in Appendix A.

- 3.2 19 applications for Future Boost (Sports Community Chest) Grants were awarded to community groups during the financial year of 2021/2022, a breakdown of which is shown in Appendix B.
- 3.3 13 applications for The Climate Action Fund were awarded to community groups during the financial year of 2021/2022, a breakdown of which is shown in Appendix C.
- 3.4 14 applications for Cleaner Streets, Parks and Open Spaces Grants were awarded to community groups during the financial year of 2021/2022, a breakdown of which is shown in Appendix D.
- 3.5 11 applications for Additional Restrictions Grants were awarded to community groups from Bradford South. Bradford South contributed towards 16 other applications that were shared with other areas during the financial year of 2021/2022. A breakdown of which is shown in Appendix E.

#### **4. FINANCIAL & RESOURCE APPRAISAL**

- 4.1 The Youth and Community Chest budget for the Bradford South Constituency was £20,000.
- 4.2 The Sports Community Chest (Future Boost) budget was £30,000.
- 4.3 Climate Action Fund budget was £60,000.
- 4.4 Cleaner Streets, Parks and Open Spaces budget was £50,000.
- 4.5 Additional Restrictions Grant budget was £183,700.

#### **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

- 5.1 There are no issues.

#### **6. LEGAL APPRAISAL**

- 6.1 There are no issues.

#### **7. OTHER IMPLICATIONS**

##### **7.1 EQUALITY & DIVERSITY**

- 7.1.1 In awarding Youth and Community Chest Grants, special consideration is given to particular disadvantaged groups including the elderly, people with disabilities, youth, ethnic minorities and people who are unemployed. In addition, special consideration is given to particular areas i.e. inner city areas and Social housing estates.

## **7.2 SUSTAINABILITY IMPLICATIONS**

- 7.2.1 The Climate Action Fund enables community groups to contribute towards the reduction of our collective carbon footprint and support sustainable development.

## **7.3 GREENHOUSE GAS EMISSIONS IMPACTS**

- 7.3.1 The Climate Action fund aims to have an impact on reducing greenhouse gas emissions. Greenhouse gas emissions and wider environmental impacts will be a consideration in assessing applications.

## **7.4 COMMUNITY SAFETY IMPLICATIONS**

- 7.4.1 Recipients of the Community Chest grant were instructed to follow the national Covid guidance when carrying out any activities.
- 7.4.2 A number of the projects supported are either directly or indirectly concerned with improving community safety within local communities.

## **7.5 HUMAN RIGHTS ACT**

- 7.5.1 There are no implications.

## **7.6 TRADE UNION**

- 7.6.1 There are no implications.

## **7.7 WARD IMPLICATIONS**

- 7.7.1 Projects are undertaken in all wards of the Bradford South area.

## **8. NOT FOR PUBLICATION DOCUMENTS**

- 8.1 None.

## **9. OPTIONS**

- 9.1 None.

## **10. RECOMMENDATIONS**

- 10.1 That the wide range of applications from groups and organisations across Bradford South are noted and welcomed.
- 10.2 That the Grants Advisory Group is thanked for their work in allocating all of the grants from the past financial year – 2021/2022.

## **11. APPENDICES**

APPENDIX A	Breakdown of Youth and Community Chest Grants from 2021/2022 and the Criteria.
APPENDIX B	Breakdown of The Sports Community Chest (Future Boost) Grants from 2021/2022 and the Criteria.
APPENDIX C	Breakdown of Climate Action Fund from 2021/2022.
APPENDIX D	Breakdown of Cleaner Streets, Parks and Open Spaces Grants from 2021/2022.
APPENDIX E	Breakdown of Additional Restrictions Grants from 2021/2022.

## **12. BACKGROUND DOCUMENTS**

None.

Wibsey	February	Wibsey Community Friendship Group	£300
		<b>TOTAL</b>	<b>£19,905</b>

## CRITERIA FOR APPLICATIONS

1. Applications will only be considered from groups/organisations that either operate in, or benefit people who live in, the Bradford South Constituency area.
2. Applications will be considered to assist community-based activities that will be of benefit to the community, and where the activity could not go ahead without financial assistance.
3. Special consideration will be given to particular target groups including the elderly, disabled, youth, ethnic minorities, unemployed and to particular communities (e.g. inner city areas, estates, etc.) and to new starts and innovatory schemes.
4. Bids from new groups or previously unfunded groups will be positively encouraged.
5. Grants may be used to complement other sources of funding. Bradford South Area Co-ordinator's Office expects organisations to make every effort to be self-supporting and will favour grants where other money has been secured.
6. The maximum allocation from the Youth and Community Chest would not exceed £500 for any individual project. Projects that cross boundaries can be considered by a number of Area Co-ordinator's Offices, but the total grant will not exceed £500.
7. Projects should not contravene Equality Legislation (i.e., no discrimination of membership on grounds of gender, race, religion, sexual orientation, pregnancy, disability, age or gender reassignment).
8. The organisation should be a non-profit making voluntary organisation where membership is open.
9. Grants cannot be awarded for events/purchases that have taken place before the application deadline dates. i.e. retrospective payments.
10. No group that has applied for and received funding in consecutive years should automatically assume that funding will continue. Each application will be treated on its merits.
11. Groups/organisations should normally expect only one grant per financial year.
12. Youth and Community Chest cannot be used in support of religious or political activities, or capital expenditure exclusively connected with such activities.
13. Youth and Community Chest is not normally used to enable fundraising for a secondary body, unless within the terms of a loss guarantee.
14. Groups/organisations must ensure that all statutory (and/or legal) Health and Safety requirements are complied with and, where appropriate, advice must be obtained and followed.

**Breakdown of Sports Community Chest (Future Boost) Grants in 2021 / 2022**

<b>WARD</b>	<b>ROUND</b>	<b>GROUP / ORGNATISATON</b>	<b>AMOUNT</b>

# **Report of the Bradford South Area Co-ordinator to the meeting of Bradford South Area Committee to be held on 17<sup>th</sup> March 2022**

**AA**

## **Subject:**

**SUPPORTING COVID RESPONSE ACTIVITY - £60,000 REWARD GRANT**

## **Summary statement:**

Bradford South Area Committee has been allocated £60,000 for voluntary organisations who supported and continue to support local communities since the pandemic started in March 2020. This report proposes how grants could be allocated.

## **EQUALITY & DIVERSITY:**

The grants to voluntary community organisations will contribute to delivery of the Councils' equality objectives through strong and active ongoing engagement with organisations and groups to assist in activities and work which are inclusive for all communities.

## **Overview & Scrutiny Area:**

**Corporate**

## **1. SUMMARY**

- 1.1 Bradford South Area Committee has been allocated £60,000 for voluntary organisations who supported and continue to support local communities since the pandemic started in March 2020. This report proposes how grants could be allocated.

## **2. BACKGROUND**

- 2.1 At Executive meeting on 2nd March 2021 it was agreed to provide each of the Area Committee's with £60,000 to invest in supporting Covid response activity.
- 2.2 It is proposed that the fund is split equally across the six wards and that Ward Cllrs in consultation with ward officers consider the most appropriate organisations to allocate the fund.

## **3. OTHER CONSIDERATIONS**

- 3.1 None

## **4. FINANCIAL & RESOURCE APPRAISAL**

- 4.1 £60k to be split equally between the six wards in the Bradford South Constituency (10K each)

## **5. RISK MANAGEMENT AND GOVERNANCE ISSUES**

- 5.1 None

## **6. LEGAL APPRAISAL**

- 6.1 None

## **7. OTHER IMPLICATIONS**

### **7.1 SUSTAINABILITY IMPLICATIONS**

- 7.1.1 There are no sustainability implications.

### **7.2 GREENHOUSE GAS EMISSIONS IMPACTS**

- 7.2.1 There is no impact on greenhouse gas emissions

### **7.3 COMMUNITY SAFETY IMPLICATIONS**

- 7.3.1 There are no community safety implications.

### **7.4 HUMAN RIGHTS ACT**

- 7.4.1 None

## **7.5 TRADE UNION**

7.5.1 None

## **7.6 WARD IMPLICATIONS**

7.6.1 This fund is for voluntary organisations in all Wards in the Bradford South Constituency.

## **7.7 AREA COMMITTEE ACTION PLAN IMPLICATIONS**

7.7.1 This fund will assist organisations to continue help local communities.

## **7.8 IMPLICATIONS FOR CHILDREN AND YOUNG PEOPLE**

7.8.1 No specific issues.

## **7.9 ISSUES ARISING FROM PRIVACY IMPACT ASSESMENT**

7.9.1 None

## **8. NOT FOR PUBLICATION DOCUMENTS**

8.1 None

## **9. OPTION**

9.1 That the committee supports the recommendations highlighted in 10.1 and 10.2.

## **10. RECOMMENDATIONS**

10.1 The £60,000.00 is split equally between each of the 6 wards - £10,000 each.

10.2 Ward Officers liaise with their Ward Councillors to decide which organisations will receive a proportion of the grant.

## **11. APPENDICES**

11.1 None

## **12. BACKGROUND DOCUMENTS**

12.1 None
