1. SUMMARY

The Council, working with partner agencies, is undertaking work to strengthen its approach to Locality Working. A key part of that approach is the development of Locality Plans. This report presents a draft of the Bradford East Locality Plan 2022-25 and also includes the six Ward Plans for the Area Committee's approval.

2. BACKGROUND

- 2.1 The vision for the Strengthening Locality Working approach is to build safe, strong and active localities where citizens and local leaders are empowered to work alongside public agencies and partners to address local needs and issues. Working collaboratively and creatively, they utilise local assets, resources and opportunities to enhance community capacity and tackle inequalities. People are at the heart of service design and delivery, and experience coordinated support within their localities and only need to tell their story once. A stronger focus on prevention and early help promotes better outcomes for local people and helps reduce the need for statutory interventions wherever possible.
- 2.2 To achieve the vision the project advocates a stronger role for Bradford Council and its partners as a leader and place shaper, aligning delivery and resources, renewing emphasis on the role of Area Committees and supporting local Councillors in their capacity as democratic champions.
- 2.3 Further work has been undertaken with District Councillors and partner agencies to inform the development of the locality plan through a range of consultation and events including focus groups, surveys, Ward-based priority setting events and a Bradford East conference held on 24 May 2022.
- 2.4 This report presents the completed draft Bradford East Locality Plan 2022-25 (Appendix A) for consideration and approval by the Area Committee. In addition, the six Bradford East Ward plans (Appendix B) for consideration and approval.

Bradford East Locality Plan 2022-25

Developed and delivered in partnership with local Councillors, partner agencies, voluntary, community and faith organisations and residents

Foreword

Bradford East Area Committee Chair – Cllr Zafar Iqbal and Area Co-ordinator – Louise Williams

- The Bradford East Locality Plan (2022-25) *has been developed* during a period of unprecedented challenge and uncertainty as we continue to work alongside residents, communities and local partners to tackle Covid-19 and its effects on our communities.
- The response and support by individuals, communities and local partners across the Bradford East constituency during the Pandemic has been phenomenal.
- The residents of Bradford East, and all the villages and towns that make up the constituency, have truly demonstrated that **People Can** make a difference, highlighting key strengths and further potential.
- We want the Bradford East Locality Plan to be ambitious and forward thinking. Our vision is to a build safe, strong and active communities where local voices are heard and citizens are empowered to work alongside public agencies and partners to address the needs and issues of the locality. We will concentrate on **our strengths and assets** to enhance **community capacity** and **tackle inequalities**.
- It is important that we focus on **prevention** as well as **intervening early** when problems do emerge so that everyone can live a long, healthy, and full life.
- We understand that Bradford East forms an important part of wider **plans for the District**. This is why we have aligned our locality wide and ward specific priorities to the **District Priority Outcomes**: Better Skills, More Good Jobs and a Growing Economy, Decent Homes, Good Start, Great Schools, Better Health, Better Lives, Strong, Safe and Active Communities, and a Sustainable District.

This plan is everybody's business!

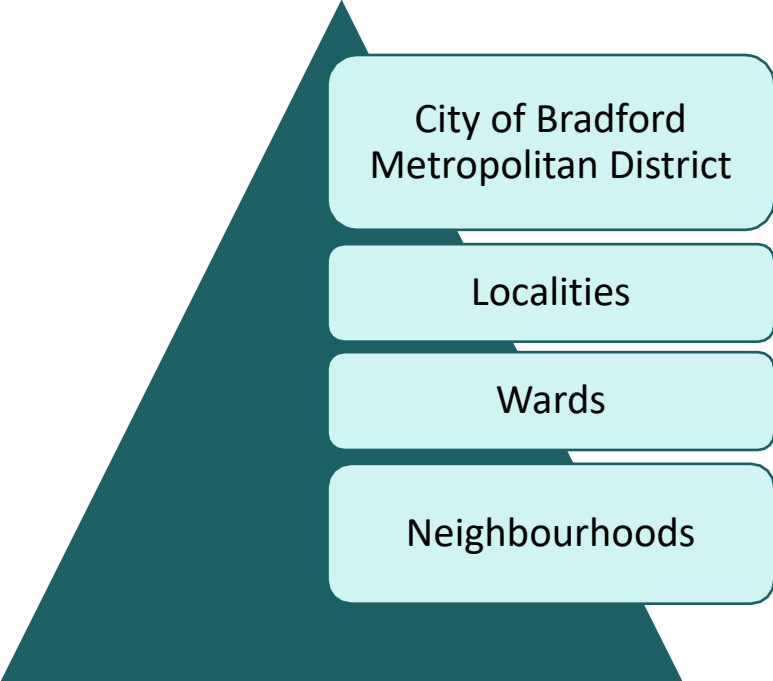

To make a significant positive difference in the Bradford East Area, we need everybody to get involved.

Cllr Zafar Iqbal
Chair of Bradford East Area Committee

Louise Williams

Wards

Neighbourhoods

There are 3 important levels at which decisions are made across Bradford; District, Locality and Ward. Sub-ward level neighbourhoods exist through a more informal arrangement.

Locality:

The physical geographies in which locality working is delivered; primarily the 5 constituencies of Keighley, Shipley, Bradford West, Bradford East and Bradford South. Also known as an 'Area'.

Ward:

An administrative division of a locality that elects and is represented by 3 ward councillors. There are 6 wards per locality and 30 wards in total.

Neighbourhood:

At sub-ward level, residents may identify with a particular neighbourhood e.g. Braithwaite. This is a more informal local structure.

Prevention:

Preventing or delaying problems from arising in the first place so that everyone across the Bradford District – whatever locality they come from – can live a long, healthy, and full life.

Early Help:

Tackling problems head-on as soon as they emerge, intervening early before problems escalate.

About the Locality Plan

What is the plan?

- A working document for what we want to achieve to create as good a quality of life as possible for the people living here.
- It includes information about our strengths, needs and issues and informs our key local priorities.
- Some priorities are relevant to the whole of Bradford East while others are ward specific.

Why have one?

- It will focus our attention on the key strengths and challenges in Bradford East and help address them.
- It focusses on prevention and early help, so that everyone can live a long, healthy and full life.
- It makes sure that what we do locally is aligned to the bigger plans for the whole Bradford District.

How did we develop it?

- We used the latest local data and intelligence.
- We heard from a wide range of local voices including Cllrs, residents, colleagues in our partner agencies and in voluntary, community and faith organisations.
- A public perception survey was used and the Plan has been agreed by the Area Committee.

How do we deliver it?

- Now we know our key priorities, we can develop a detailed action plan to help us deliver them. An action log will help us track positive impact and helps make sure everybody involved knows what else we need to do.
- The Area Committee monitors the plan to make sure we're making progress.

Who's involved?

- Everybody living in Bradford East can make a difference!
- Local services and organisations will all work together with local people and communities to address our key priorities.

What are the Bradford District Priority Outcomes (2021-25)?
Better Skills, More Good Jobs and a Growing Economy; Decent Homes, Good Start, Great Schools; Better Health, Better Lives; Strong, Safe and Active Communities; and a Sustainable District.

Bradford East Locality – Achievements and Investments

There is a strong sense of community in neighbourhoods in Bradford East. Although people are facing challenges, they stick together and support each other. This was evidenced during the Pandemic when faith-based organisations and voluntary groups mobilised with hundreds of volunteers to support people with food, shopping, befriending and much more. Through the priorities in this Plan, we are hoping to empower local people and businesses to work collaboratively with partners to strengthen community-led approaches.

Bradford Council is committed to continuing to invest in Bradford East. Projects delivered as part of the Active Travel Programme to encourage walking and cycling will be complemented by the conversion of Wakefield Road to a bus and cycle priority corridor. The City Connect Superhighway, segregated cycle route, links Bradford to Leeds and the multi-million pound junction improvement at Greengates has improved pedestrian facilities and reduced traffic congestion. The Council is working with Canal Road Urban Village Ltd to deliver over 1,200 properties and commercial units along the centre section of the Canal Road Corridor.

Significant improvements have been carried out in parks and following an extensive refurbishment of Bowing Pool in 2020, a new fitness facility opened at the site in early 2022. Better Start Bradford started delivery of a 10 year £50 million test and learn programme in 2015 working with pregnant women and children aged 0-3 and their families to improve child outcomes and school readiness in 3 wards in Bradford East.

1 SUMMARY

- 1.1 This report updates members on key policing and anti-social behaviour issues in the Bradford East Constituency.

2. BACKGROUND

- 2.1 Bradford East Neighbourhood Policing Team works closely with Bradford Council's Neighbourhoods (Area Co-ordinator's) Team across the East Constituency. There are named Police and Council Ward Officers aligned to wards across the area who are supported by designated staff with allocation to specific areas. The operational boundaries of the Police and Council are co-terminus and therefore enable effective co-ordination, tasking and problem-solving.
- 2.2 A breakdown of crime figures for the Bradford East Area can be found in Appendix 1. The figures show January – July 2022 and are compared to the same period in 2019 to allow a fair comparison owing to Covid restrictions in the intervening period. When comparing this period 2022 to 2019 there has been a 10% rise in crime. It must be noted that several priority crime types have seen significant decreases, these being residential and business burglaries, robberies and theft from motor vehicle. The overall increase can be attributed to a number of factors. An increase in proactivity has seen the number of drugs' offences increase by 20%. The other contributing factor is an increase in violent crime without injury, which saw a rise of 27%.
- 2.5 Incidents of anti-social behaviour began to increase rapidly in Spring 2022. These issues centred around Thorpe Edge and Ravenscliffe. A multi-agency response saw partners from the Police, Council, Anti-social Behaviour Teams, Youth Service, social housing landlords and schools come together. A group of approximately 60 young people were identified as being involved at various levels. This group has been split into tiers and are being worked with accordingly by relevant partners. Those identified as committing criminal offences are being dealt with via the criminal justice system. Anti-social behaviour legislation is being utilised where appropriate. However, services are also working together to ensure the relevant support is in place. Intervention work is ongoing with the lower tiers.
- 2.6 A regular calendar for multi-agency days of action involving Police, a multitude of Council services, Youth Services, Operation Steerside and other agencies began following the lifting of Covid restrictions. The days of action occur every 2 weeks and rotate across the 6 ward areas, focusing on priorities raised during ward partnership meetings.

An example of the results from a recent day of action on Leeds Road (BD3) are shown below;

- 1 section 59 warning issued;
- Disqualified driver arrested;
- Four stop searches under section 23 Misuse of Drugs Act;
- 2 vehicles seized for no insurance;
- 3 Notice and Producers served for vehicles carrying waste and scrap metal without a waste carrier's licence and not being able to provide waste transfer notes;

- 6 (vehicles) defects immediate prohibitable – This means your vehicle becomes immobilized and you cannot drive it, could potentially be prosecuted. The type of defects found, noisy exhaust silencer removed, tires, steering components, lamps, warning lamps indicating fault;
- 11 (vehicles) defects delayed prohibitions;
- 1 vehicle summoned to court for driving whilst on the phone;
- 25 Tors issued (points/fines) – including people not wearing their seatbelts, driving whilst on their phones, due care and attention, no child seat, tyre tickets, no insurance;
- 11 FPNs (fixed penalty notices) issues for parking and
- Speed watch – two vehicles caught speeding; warning letters issued.

- 2.7 Last year Police, Council Services and local communities came together to reduce firework-related anti-social behaviour across Bradford East. This was largely successful, however there were still small pockets of disorder in particular in the Undercliffe area. Planning for this year began in Spring and work is ongoing with young people in this area to prevent a re-occurrence this year. This is being led by Youth Services.
- 2.8 The BD3 Unites Partnership continues, seeing the Police, Council and local community work together on a number of community-led projects. Further policing operations in early summer saw several additional arrests in this area alongside the seizure of drugs and cash. These matters remain under investigation.
- 2.9 School engagement work has begun with a focus on delivering a consistent product to all primary schools across Bradford East. All primary schools have been contacted and offered the opportunity to sign up to the school engagement programme which will see the Neighbourhood Policing Team teaming up with Bradford City Community Foundation to deliver 3 inputs across the school year. The inputs will be to year 6 students, focusing on 3 priority areas (knife crime, anti-social behaviour and healthy relationships). This also provides an opportunity for the Police and Council to hold joint contact points at local primary schools during parents' evenings.
- 2.10 Council and Neighbourhood Wardens and PCSOs have been completing joint parking patrols and a rota has been completed for this school year to ensure joined-up work to make drop off and pick up times safe for parents, children and young people.

3. OTHER CONSIDERATIONS

- 3.1 There are no other considerations.
