B. OVERVIEW AND SCRUTINY ACTIVITIES

6. RESPIRATORY HEALTH IN BRADFORD DISTRICT

1 - 20

Respiratory disease is an important cause of ill health and early death in Bradford District. The District performs relatively poorly compared to other areas in England. Recognising this, partners across the District, including the local authority and NHS, have prioritised respiratory health with the aim of improving health outcomes and reducing inequalities.

The report of the Director of Public Health (**Document “W”**) provides an overview of respiratory health in Bradford District and outlines what partners are doing to improve outcomes for people in the District. This is an update of a previous paper presented to this committee on 22nd November 2018.

Recommended –

That the committee to note and comment on the information provided in the report and to support ongoing work seeking to address the main challenges outlined. Support from senior stakeholders, decision makers and politicians will be necessary to address the issues related to the impact of air pollution and climate change in the health of Bradford population.

The report of the Director of Public Health (**Document “X”**) sets out in brief the demographics of the population of Children in Bradford District, then goes on to discuss the Public Health 0-19 Children's Service and give an update on the recent performance of the service.

The paper comprises:

- Demographics
- The Healthy Child Programme
- The Public Health 0-19 Children's Service in Bradford District
- Performance of the Public Health 0-19 Children's Service
 - o Health Visiting
 - o School Nursing Developments

- School Nursing Performance
- Workforce

- (2) **Members are asked for comments and feedback on the progress to date.**

(Sarah Exall – 07855 177158)

8. HOSPITAL DISCHARGES AND INTERMEDIATE CARE

39 - 56

The Government have announced two grants relating to assisting the NHS with patients who are delayed in hospital in 2022/23. When receiving a budget related item in December 2022, Corporate Overview & Scrutiny Committee suggested that Health Overview & Scrutiny Committee received a report on how these monies were to be spent.

Bradford & District performs well when benchmarked with similar areas and in the NHS Yorkshire and North Region - and has a well-respected in-house council provision to enable people to leave hospital, when clinically ready.

In parallel, financial pressures within the council and the NHS have led to health and care partners to begin a joint review of our ‘intermediate care’ offer – which assists people on a short-term basis to either prevent a hospital admission or expedite a hospital discharge.

The report of the Strategic Director, Health and Wellbeing (**Document “Y”**) updates on how the Government grants are anticipated to be spent, an analysis of our current health and care intermediate care offer and detail on how that review will progress.

Recommended –

That the Committee comments on the proposals as part of the wider programme of transformation of intermediate care services in the district.

(Jane Wood – 01274 437312)

9. HEALTH AND SOCIAL CARE OVERVIEW AND SCRUTINY COMMITTEE WORK PROGRAMME 2022/23

57 - 62

The report of the Director of Legal and Governance (**Document “Z”**) presents the committee’s work programme 2022/23.

Recommended –

- (1) That the Committee notes the information in Appendix A and considers any amendments or additions it may wish to make.**
- (2) That the Committee notes that the March meeting will take place on Wednesday 22 March 2023.**
- (3) That the Work Programme 2022/23 continues to be regularly reviewed during the year.**
