

## Decisions of the Regeneration and Environment Overview and Scrutiny Committee on Tuesday, 31 January 2023

**These decisions are published for information in advance of the publication of the Minutes**

### Decisions

5. **REPORT ON THE USE OF GLYPHOSATE FOR WEED CONTROL WITHIN BRADFORD METROPOLITAN DISTRICT COUNCIL**

- (1) That, following consideration the solutions set out in **Document “V”**, that Solution 2: Reduced Use of Glyphosate, be recommended to the Executive for adoption. This would see a reduction in the use of glyphosate, primarily by avoiding those areas of the highest environmental sensitivity, whilst allowing for some form of weed control on the rest of the highway network.
- (2) That it be further recommended to the Executive that public engagement and communication regarding the reduced use of glyphosate in some areas be undertaken and that Officers continue to engage with other Local Authorities that are also reducing the use of glyphosate.
- (3) That an update report be presented to this Committee by the Strategic Director, Place, in 12 months' that includes information on the trial involving no use (or exceptional use) of glyphosate within 2 parks within the Shipley ward that is planned for 2023 and learning from other Local Authority areas.

*Action: Strategic Director, Place*
