Report of the Strategic Director, Place to the meeting of Keighley Area Committee to be held on 20 July 2023

D

Subject:

SAFE ROADS PROGRAMME 2023/24

Summary statement:

This report considers to seek approval for the 2023/24 Safe Roads programme for the Keighley Area Constituency.

EQUALITY & DIVERSITY:

It is expected that there will be no disproportionate impact from the projects recommended for implementation within this report; furthermore, some of the schemes would advance equality of opportunity for people who share a protected characteristic. Any projects where a potential disproportionate impact is identified, through more detailed investigation and design, will be subject to Equality Impact Assessment.

1.0 SUMMARY

- 1.1. This report considers to seek approval for the 2023/24 Safe Roads programme for the Keighley Area Constituency.

2.0 BACKGROUND

- 2.1. The West Yorkshire Transport Strategy 2040 was approved by the West Yorkshire Combined Authority (WYCA) in August 2017. In conjunction with the Strategic Economic Plan, the overarching aim of the strategy is “...for Leeds City Region to be a globally recognised economy where good growth delivers high levels of prosperity, jobs and quality of life for everyone
- 2.2. The key objectives of the strategy are:
 - Economy:** Create a more reliable, less congested, better connected transport network.
 - Environment:** Have a positive impact on our built and natural environment.
 - People and place:** Put people first to create a strong sense of place.
- 2.3. In terms of the Safe Roads element of the Strategy, it states ‘We will work through our Safe Roads Partnership to deliver evidence-led highway design and road safety interventions to improve safety on the highway network, and to fund education, training and publicity programmes to improve road user behaviour and reduce casualty numbers, aspiring to ‘zero tolerance’ of transport-related deaths.
- 2.4. Following completion of the last Local Transport Plan Implementation plan programme funding for Safe Roads projects from the 2022/23 financial year onwards is now provided via the (Leeds) City Region Sustainable Transport Settlement (CRSTS).

3.0 OTHER CONSIDERATIONS

- 3.1. It is recommended that the Area Committee re-affirms its commitment to progressing Disabled Persons Parking Places and undertaking mobility access improvement works by again including budgets for these within the 2023/24 programme. The cost of any traffic surveys required to assess requests for traffic management measures and assist in determining future schemes programmes will also need to be met from this budget as these are now generally externally procured to maximise resources
- 3.2. It is also suggested that the successful exercise of promoting a constituency-wide Traffic Regulation Order (TRO), to include a number of sites where minor amendments to waiting restrictions have been requested, be repeated in 2023/24. (Due to the more extensive processes involved, it would not be feasible to include any larger schemes or Residents Permit Parking Schemes within the constituency-wide Order). This programme should contain only non-contentious sites and therefore, due to budgetary limitations, should objections be received for any of the sites contained therein then that particular scheme will be dropped from the TRO.

4.0 FINANCIAL & RESOURCE APPRAISAL

- 4.1. A budget of £120,000 is available for 2023/24. Suggested schemes programmes are detailed in Appendices 2 and 3.

5.0 RISK MANAGEMENT AND GOVERNANCE ISSUES

- 5.1. In line with other sectors of the UK economy construction price inflation is now running at significantly higher rates than previously. Inflationary pressure has seen suppliers, and in turn contractors, being unable to sustain previously quoted prices or maintain price certainty for protracted periods as materials costs fluctuate to reflect demand in the market. Consequently, there is a significant risk to the full delivery of the projects in the 2023/24 programme should inflationary pressures continue their upward trajectory. Whilst every effort has been taken to account for such pressures in developing this years' programme there remains a possibility that costs will rise more significantly than anticipated meaning that not all projects approved will be deliverable from the 2023/24 funding allocation.
- 5.2. The advent of CRSTS funding will see a new oversight and governance arrangement implemented by WYCA to meet the requirements of central government.

6.0 LEGAL APPRAISAL

- 6.1. There are no specific issues arising from this report. The course of action proposed is in accordance with the Council's power as Highway Authority.

7.0 OTHER IMPLICATIONS

7.1. SUSTAINABILITY IMPLICATIONS

The proposed projects seek to promote walking and cycling activities either by the provision of specific facilities or the creation of safer environments.

7.2. GREENHOUSE GAS EMISSIONS IMPACTS

Any reduction in car-borne journeys resulting from these schemes will contribute to reducing GGE's

7.3. COMMUNITY SAFETY IMPLICATIONS

It is anticipated that the proposed schemes will have a significant positive impact on community safety by facilitating safer movement for vulnerable road users and reducing vehicle speeds.

7.4. HUMAN RIGHTS ACT

There are no implications on the Human Rights Act.

7.5. TRADE UNION

None.

7.6. WARD IMPLICATIONS

Elected members will be consulted on individual schemes within their wards

7.7. AREA COMMITTEE ACTION PLAN IMPLICATIONS

None

7.8. IMPLICATIONS FOR CHILDREN AND YOUNG PEOPLE

None

7.9. ISSUES ARISING FROM PRIVACY IMPACT ASSESMENT

None

8.0 NOT FOR PUBLICATION DOCUMENTS

8.1. None

9.0 OPTIONS

9.1. Members may nominate alternative schemes to those recommended in Appendices 2 and/or 3 (to the same total budget value). Officers will provide appropriate advice on any suggested substitutions. Any alternative sites suggested for inclusion in Appendix 2 will be subject to justification in terms of Casualty Reduction potential.

10.0 RECOMMENDATIONS

10.1. That the Keighley Area Committee approves the programmes of Safe Roads and Traffic Management schemes for 2023/24 listed in Appendices 2 and 3.

10.2 That any Traffic Regulation Orders, or any legal procedures linked to the processing of traffic calming measures or pedestrian crossing facilities which are necessary to implement the chosen schemes be approved for processing and advertising subject to the scheme details being agreed with the local Ward Members.

10.3 That any valid objections to the advertised Safe Roads schemes be submitted to this Area Committee for consideration or in the event of there being no valid objections the Orders be sealed and implemented, and the traffic calming or pedestrian facilities be implemented as advertised.

10.4 That should inflationary pressures on the projects listed in Appendices 2 and 3 make delivery of the full programme impossible a further report be brought to the Area Committee to reconsider scheme priorities.
