Dear Sir/Madam,

I am writing in regard to License Renewal, of Oakwood Hall Hotel Lady Lane, Bingley. In relation to the complaint of Public Nuisance; noise nuisance from guests using the outdoor area.

I have lived at this address for the last 16 years. I have concluded that the noise levels have got increasingly louder over this time with the last 2-3 years particularly dreadful. On a Saturday we often experience guests noise, and children shouting, but laughter, generators from ^{Jard noise} blow up bouncy castles, from large groups of people standing literally 3ft from my garden. The noise can go on from lunch time, all afternoon and continue into the evening and

night - getting louder as people consume more alcohol. Noise from disco music then adds to all this as the doors to the 'new extension' are left open. This goes on until midnight.

I no longer feel I can have quiet enjoyment of my garden space.

I no longer feel I can ask friends round to be able to sit out on a summers evening and enjoy my outdoor space.

I am now starting to have concerns about the height of the hedge as it now towers above my house height and nobody has cut it this year and no reduction to the height has been made for years. This means that guests in the Oakwood Hall garden have no concept whatsoever of the fact that they are in a residential area. The noise can be on a Friday, Saturday and Sunday. The noise can be for 12 hours continually. I have rung to ask if something can be done and this has been to no avail, and now later on a night the phone doesn't even get answered.

Thanking you, and hoping for quiet.
