Subject: Bar 26 extending hours to 2-30am

Having witnessed the late night drinking on the street and mindful of the resident flats over most of the Brook Street shops I support the objectors who made representation to me and object to the extension on the following basis:-

- 1, the extent of broken glass on the pavement and empty bottles the following morning which a local supermarket keep cleaning up.
- 2, Drinking on the street and Causing disturbances of which the Police are aware.
- 3, Unaware that they have a licence to place seats on the footway.

Cllr Martin Smith
