Dear Sir/maam

CLUB BINGLEY - PREMISES LICENCE REVIEW

Further to the recent tragic event outside the above premises and subsequent Summary Licence Review I understand there is to be a formal review of the premises licence. To this effect could you please take into account my letter to Sisa Hitchcliffe, dated 2nd October 2017 and the pertinent evidence contained therein. In particular there is much evidence of total disregard for the licensing objectives. Indeed previous to recent events there has been two potentially life threatening incidents connected with the nightclub, that I am aware of.

Yours faithfully
