Shipley Neighbourhood Policing Team briefings
Shipley Area Committee Grants Advisory Group

Keighley and Shipley Planning Panel (alternate)
Corporate Overview and Scrutiny Committee's response to the 2015 floods
Hirst Wood Regeneration Group
Higher Coach Rd Residents' Group

My priorities for the past year were (May 2016 to April 2017)

Continue to be an effective link between ward residents and Council officers.

Continue to be accessible to residents at all times.

Continue to communicate with residents through regular quarterly newsletters.

Continue to be available to residents at all times.

Continue to alert residents to proposed developments in their neighbourhoods.

Continue to put individual and community concerns before corporate concerns.

Continue to go out of my way to represent those less able to speak out for themselves, by nature of age, language, disability or any other reason.

Continue to put the needs and safety of pedestrians and cyclists, particularly where these are children, before the convenience of motorists.

Continue to liaise between community groups and Council officers to ensure speedy resolution of issues.

Continue to highlight the need for our community, led by its Council, to change its lifestyle in order to avert the disaster of climate chaos that will ensue if we continue with business as usual.

To attempt to mitigate the on-going impact of central government funding cuts to the local authority in order to protect the most vulnerable residents of my ward and wider Bradford District.

My priorities for the coming year (May 2017 to April 2018) are:

(Please list or describe your priorities or targets as a Councillor for the coming year)

Continue to be an effective link between ward residents and Council officers.

Continue to be accessible to residents at all times.

Continue to communicate with residents through regular quarterly newsletters.

Continue to be available to residents at all times.

Continue to alert residents to proposed developments in their neighbourhoods.

Continue to put individual and community concerns before corporate concerns.

Continue to go out of my way to represent those less able to speak out for themselves, by nature of age, language, disability or any other reason.

Continue to put the needs and safety of pedestrians and cyclists, particularly where these are children, before the convenience of motorists.

Continue to liaise between community groups and Council officers to ensure speedy resolution of issues.

Continue to highlight the need for our community, led by its Council, to change its lifestyle in order to avert the disaster of climate chaos that will ensue if we continue with business as usual.

To attempt to mitigate the on-going impact of central government funding cuts to the local authority in order to protect the most vulnerable residents of my ward and wider Bradford District.

**What I have achieved in the past year (May 2016 to May 2017)
(Please list or describe some of your activities as a Councillor and what you see as your key achievements)**

Along with my ward colleagues, Cllrs Hawarun Hussain and Kevin Warnes, I have dealt with many hundreds of individual issues on behalf of residents, including such everyday matters as blocked gullies, street sweeping, gritting, missed bin collections etc, as well as more urgent individual issues such as advising on school appeals, benefits appeals, housing complaints, untidy land, fly-tipping, anti-social behaviour etc.

I have also acted as a link between ward residents and non-Council bodies such as Incommunities, Metro, the Neighbourhood Policing Team, the rail and bus companies and the utilities such as Yorkshire Water, and I am also in regular contact with my ward's MP.

On a larger scale I have continued to advise and, where necessary, represent residents on planning matters throughout the ward, objecting where necessary to inappropriate developments and unwanted in-fill developments, and assisting applicants to compromise where necessary so that their developments do not adversely affect their neighbours.

I have continued to support local community groups in their bids for funding from outside bodies, for example Hirst Wood Regeneration Group, Norwood Residents Association, and the new Higher Coach Rd Residents' Group as they bid for funds to improve their local communities.

I have acted as a go-between to assist residents where they are in dispute with Council or other organisations and also assisting in neighbour disputes.

I have attended all the Shipley ward Neighbourhood Forums and World Heritage Site Forums and have had regular get-togethers with the Neighbourhood Policing Team Inspector and her team to discuss problems in the ward, such as anti-social behaviour and drug-dealing. This has allowed me an insight to their work and gives me the chance to raise residents' concerns directly with the police.

As Green Group Leader I have represented the group at a number of Civic functions, including the Remembrance Day Service, the Holocaust Day Memorial and the Bradford City Fire Memorial, and various other district-wide cultural and sporting events and receptions. I have regularly attended meetings and briefings with senior Council officers dealing with Council-wide issues such as the budget. I took part in the LGA Peer Review process on behalf of the Council, specifically with regard to Overview and Scrutiny.

Along with my ward colleagues I have regularly spent Saturday mornings knocking on doors throughout the ward to ask residents who might not come to forums what needs doing in their neighbourhoods. We attempt to knock on every accessible door at least once during the year and I have individually knocked on over 1500 doors during the year to discuss issues with residents. We organised a meeting of Saltaire residents to discuss traffic issues in the village.

As Chair and then Deputy Chair of the Environment and Waste Management Overview and Scrutiny Committee I have chaired and attended meetings dealing with wide-ranging issues such as:

- The Council's long-term waste strategy
- The Council's Trade Waste operations
- The Council's response to the threat of climate change and the use of renewable energy on Council buildings and schools
- The on-going issues surrounding the operation of the Omega Proteins animal waste rendering plant
- West Yorkshire Combined Authority
- Leeds City Region Green Deal contract
- Fuel poverty
- Woodlands strategy
- The proposals of Friends of Bradford's Becks to improve the city's natural watercourses
- The district cycling strategy
- Low Moor Railway Station
- Ilkley Moor
- Public Health Outcomes Framework
- Road safety and numbers of people killed and seriously injured on the district's roads
- the change to alternate weekly collections of waste
- Water management in the Bradford District

What training sessions, seminars, briefings and conferences have you attended to develop your skills and gain knowledge that has helped you to serve the people of the district? (Please list them).

Various flooding and water-management related events
Member briefings on alternate weekly collections
