My priorities for the past year were (May 2016 to May 2017)

To be accessible and available to all my constituents and to do my best to help them when they need me.

To make Great Horton Ward a safer place to live and to have an input in making Bradford and the district a place of choice.

**My priorities for the coming year (May 2017 to May 2018) are:
(Please list or describe your priorities or targets as a Councillor for the coming year)**

To work hard for my constituents and support them with issues they have.

Work with the Authority and other agencies to reduce Crime and Anti-Social Behaviour in the area.

Support local community groups who are trying to do positive things in the community in spite of a lack of funding.

In consultation with local residents to improve Brackenhill Park

To reduce littering and fly-tipping in the area

**What I have achieved in the past year (May 2016 to May 2017)
(Please list or describe some of your activities as a Councillor and what you see as your key achievements)**

Helping constituents is one of the most rewarding parts of the role of being a councillor. Where possible, I have helped and supported residents with range of enquires and difficult situations. The confidential nature of the work means that I cannot outline details of individual cases.

I have been working and supporting to progress the work of Brackehill Park and last year had the children's play area refurbished through appropriate funding and now working with other individuals to raise additional funds to improve Brackenhill Park.
