To whom it may concern .

I am writing this letter with regards to the new take away that opened below me.

JELANIS 21 crag road Shipley
West Yorkshire . BD18 2JR

The owners cars parking on the grass making it muddy parking on the path which means we have to walk on the road gangs of kids hanging around there which is unsettling were me and my daughter take our dog out. The fighting

That took place at the weekend. There is the smell of the food which means I can't open my windows. And there is rubbish they have left outside and us residents are getting the blame and threatened with fines

yours sincerely

To Whom it may concern,

I am writing this letter with regards to the new takeaway that has opened below me. The takeaway in question is JELANI'S of 21 CRAIG ROAD, SHIPLEY, WEST YORKSHIRE, BD18 2JR

I have several issues I would like to bullet point below for you.

- Owners cars parking at the side of the shop on the grass, making it all muddy and boggy, and generally an eyesore,
- Over this past weekend there has been an instance of fighting

Outside the shop at job kicking out time, disturbing the peace on a night time.

- Mr Jelani is leaving lots of rubbish (choovers / pallets etc) out the back of the shop, and us residents are getting the blame for it. Said rubbish is still outside the rear of the shop as I write this.
- There is a constant whirring / buzzing noise coming from the shop until all hours. Also there is other assorted noise nuisances during the day and night, including children congregating out the front causing disturbances on a evening.
- Over Christmas and New Year while Mr Jelani was preparing the shop to open the noise disturbances were more frequent and a lot louder. When it was mentioned to Mr Jelani, he just shrugs and

Says 'It is my business.' The noise during this period was during the hours of 6pm - 9pm, when the residents above are settling down for the evening.

The smell coming from the shop is not very nice, meaning residents cannot open their windows, that's not so bad now but I know it will become an issue during summer when the windows need to be open.

These are my concerns, and I'm hoping that you take these issues as seriously as I feel about them.

Yours Sincerely
