3 Social, Economic, Environmental and Ethical Considerations

- 3.1 In formulating proposals for a ~~services~~ contract, the Authorised Officer must consider the Public Services (Social Value) Act ~~implications and whether and to what extent any ethical, social or environmental aspects of procurement should be taken into account. These would include: the Council's Fair Trade Policy, sustainability, equality and diversity, living wage, means of production and community benefit (including maximising employment and training opportunities within the District) and follow requirements set out in the Council's Social Value and Inclusive Growth Policy.~~
- 3.2 Where appropriate and always subject to EU law and Public Contract Regulations, the Authorised Officer should ensure tenders or quotes are

framed in such a way to encourage local suppliers, small and medium sized companies (SME's) and third sector organisations such as social enterprises to bid. This may include dividing the contract into lots.

4 Pre-Contract Requirements for all Contracts

- 4.1 Following the conclusion of the Council's budget setting process the Authorised Officer must prepare and maintain an annual procurement plan for all contracts with an estimated value greater than £100k and then consult the Assistant Director Finance and Procurement.
- 4.2 The procurement of works, goods or services should be done through existing approved arrangements where they exist. These include:
- In-house provision
 - Corporate contracts, framework agreements or DPS
- 4.3 Other arrangements should be considered and used where it can be evidenced that they provide best value for money:
- Contracts, framework agreements or DPS established by central purchasing bodies (Crown Commercial Services, YPO etc.) or other public body
 - Collaborative or shared service arrangements with another public body
 - Alternative delivery vehicles such as Controlled Entities (Teckal) or Public Service Mutuals
 - Sheltered workshops
 - Other approved e-procurement solutions (e.g. purchasing cards)
- 4.4 Where the Council has an in-house provision and the estimated contract value is less than £100,000, external suppliers can only be used when the Appropriate Officer providing such in-house provision confirms that they are unable to meet the requirements on that occasion due to insufficient resources, skills or capacity.
- 4.5 If the estimated contract value is more than £100,000, the Appropriate Officer providing such in-house service may also be required to clearly demonstrate that they provide best value for money.
- 4.6 All procurement processes will be proportionate to the total value of the contract (see Table 1), the nature of the works, goods or services and the Council will produce clear accessible documentation which must be available in electronic format.
- 4.7 Before inviting tenders or quotations, the Authorised Officer must:
- 4.7.1 for contracts with a total estimated contract value in excess of £2m report details to the relevant Overview and Scrutiny Committee using the standard Committee report template. Reports are to be taken at an early stage once officers have a draft procurement strategy and

specification to allow members to consider the matters in 4.7.2, 4.7.6, 4.7.7 and 4.7.9. For clarity, details of call-off contracts from a framework or DPS do not need to be separately reported providing the original framework has been reported except where the relevant Overview and Scrutiny Committee request a separate report.

- 4.7.2 have carried out, where appropriate pre-procurement engagement with the market (including talking to suppliers, clients and other stakeholders) to understand the availability, strengths and weaknesses of markets and to develop the specification and the best value for money procurement and contractual approach. Pre-engagement with the market must be done in such a way that ensures the subsequent procurement process remains open, fair and transparent with no supplier gaining an unfair advantage which would distort competition.
- 4.7.3 consider whether a framework agreement, DPS or electronic auction is appropriate and would deliver best value for money seeking advice from the Assistant Director of Finance and Procurement where necessary
- 4.7.4 be satisfied that a written and clear specification has been prepared which will form the basis of the contract.
- 4.7.5 ~~where there is a significant supply risk and~~ for all contracts valued over with an estimated annual cost of more than £100,000 pa or £100,000 for the procurement of goods or works, or where there is a significant supply risk and complete-identified using a procurement risk assessment form (available on Bradnet) ~~and produce and maintain a documented risk log~~ must be maintained.
- 4.7.6 consider at the outset any equality and diversity implications that may require an equality impact assessment to be undertaken
- 4.7.7 consider at the outset any TUPE implications
- 4.7.8 consider at the outset any data protection, information security or data processing implications that may require additional schedules or terms and conditions and need the SIRO to be notified
- 4.7.9 consider at the outset any implications from the Social Value Act
- 4.7.10 prepare and document an estimate of the whole life-cycle costs including where appropriate any on-going costs and/or disposal costs and ensure that the cost is within the approved current and future budget provision for both capital and revenue expenditure
- 4.7.11 ensure that all evaluation criteria including sub-criteria have been determined in advance, put in order of relative importance or weighting and published in the tender documentation. Selection criteria must be

relative and proportionate following statutory guidance issued by the Secretary of State.

4.7.12 ensure that electronic versions of all the appropriate and approved forms of procurement documentation is available through an internet portal immediately on publication of any advert

4.8 Before entering into any contract, the Authorised Officer must

4.8.1 be sure that they have the necessary authority to enter into the contract and that these Standing Orders, the Council's Financial Regulations and procurement advice have been complied with, and that the proposed contract represents best value for money

4.8.2 be satisfied about the technical capability of such proposed contractor; and

4.8.3 where there is a significant supply risk has been identified (in accordance with CSO 4.7.5 and for all contracts which exceed £100,000pa, or £100,000 (if the contract is for less than 1 year) for the procurement of works or goods consult with the Chief Financial Officer and the Strategic Director Corporate Services and the Assistant Director Finance and Procurement to agree appropriate checks on the financial and resource capacity of the contractor to perform the contract and to agree what, if any, security should be provided for performing the contract. Forms of security include such as: parent company guarantee, Director's guarantee and performance bonds.

4.9 Authorised Officers are responsible for arrangements to ensure the proper control and use of Council ordering and contracting procedures, in accordance with guidance issued by the Chief Financial Officer and the City Solicitor.

4.10 All quotations and tenders must be undertaken using the Council's standard template documentation unless prior approval has been obtained from the Assistant Director Finance and Procurement.

5 Contracts under £25,000

5.1 The Authorised Officer must be able to demonstrate best value for money and must invite quotes using local suppliers where the supply base is available. All quotations must be in writing.

5.2 Officers shall retain a written record of actions taken and the reasons.

5.3 Invitations to quote of £5,000 or above must use the Council's procurement portal, YORtender and all contracts of £5,000 or above must be recorded on the Contract and Grant Register.

6.1.2 advertise an open invitation to tender using both YORtender and Contracts Finder

6.2 If 4 quotations or tenders cannot be obtained owing to insufficient suitable suppliers prepared to quote or provide tenders, then the Authorised Officer must keep a record of this.

Only the winning bidder(s) will be required to submit certificates and documents as evidence of their legal and financial standing and technical or professional ability in addition to specific requirements relating to insurance, health and safety, equality, environmental management etc.

7 Contracts over £100,000

7.1 Where the contract value is likely to exceed the EU threshold, taking account of the rules of aggregation, it must be tendered in accordance with the relevant EU procurement rules, unless this rule is through an existing framework or DPS agreement that has been established via a compliant EU procurement process.

7.2. Before commencing any process for the procurement of works, goods or services with an estimated contract value in excess of £100,000 or any process which involves a proposed service transfer or the development of a strategic partnership, the Authorised Officer must consult the Assistant Director Finance and Procurement.

7.4 All tenders shall be advertised and available for download on the YORtender system and Contracts Finder. Standard template documentation must be used

7.5 All tenders above the relevant EU threshold must be advertised in the OJEU.

8 Procurement Procedures

- 8.1 The **open procedure** under which all those interested may respond to the advertisement by submitting a tender. This is often the most expedient system and enables all of the suppliers in the market that wish to engage in the process to submit a tender. There is no pre-qualification questionnaire (PQQ) or short-listing stage prior to invitation to tender (ITT).
- 8.2 The **restricted procedure** under which a selection is made of those who respond to the advertisement and only they are invited to submit a tender. This procedure can only be used for tenders above the EU threshold for goods and services.
- 8.3 The following procedures apply to more strategic, complex or high value projects and must be done in consultation with the Assistant Director Finance and Procurement as there are limited circumstances under which this process can be used.
- 8.4 The **competitive dialogue procedure** under which a selection is made of those who respond to the advertisement and the Council enters into dialogue with potential bidders to develop one or more suitable solutions on which the chosen bidders submit a tender. This can be used where the contract is complex and cannot be purchased “off the shelf”.
- 8.5 The **competitive procedure with negotiation** under which a selection is made of those who respond to the advertisement and only they are invited to submit a tender. The Council may then open negotiations to seek improved offers.
- 8.6 The **innovation partnership procedure** under which a selection is made of those who respond to the advertisement and the Council uses a negotiated approach to invite suppliers to submit innovative ideas to meet a need where there is no suitable existing “product” on the market. The partnership can be awarded to more than one supplier.

9 Exceptions to Requirements of Competition

- 9.1 Subject to the statutory requirements for procurement processes above EU thresholds and provided that the market for a proposed contract has been investigated and it can be demonstrated that departure from these Rules is justifiable and provides overall value for money, no procurement process is required where one or more of the following exceptions apply:
- 9.1.1 the purchase of proprietary or patented goods or materials or services which, in the opinion of the Authorised Officer in consultation with the Assistant Director Finance and Procurement, are obtainable only from one supplier, and where no reasonably satisfactory alternative is available;
