Portfolio:

Health and Wellbeing

Overview & Scrutiny Area:

Health and Social Care

1. SUMMARY

1.1 Future in Mind was published in 2015 by the Department of Health's Children and Young People's Task Force. Local systems were to develop and publish a five year system approach to transforming mental health services through collaboration around five areas of promoting prevention, improvement of care and access to good quality of services, development of our workforce and ensuring transparency.

1.2 This paper describes how our local health and care partnerships have reviewed our progress and achievements and refreshed our local transformation plan. Should the Health and Wellbeing Board approve the refreshed plan, it will be published by all partner organisation to the plan and shared with stakeholders.

2. BACKGROUND

2.1 The Children and Young People's Mental Health and Wellbeing Taskforce was established by the government in 2014 to consider ways to make it easier for children, young people, parents and carers to access help and support when needed. In March 2015 the taskforce published its report and recommendations: *Future in Mind: promoting, protecting and improving our children and young people's mental health and wellbeing*.

The five key themes were:

- Promoting resilience, prevention and early intervention
- Improving access to effective support: a system without tiers
- Care for the most vulnerable
- Accountability and transparency
- Developing the workforce.

2.2 Our Local Transformation Plan was developed in the context of Bradford and Airedale with reference to the Joint Health Needs Analysis of emotional and psychological wellbeing of children in Bradford (Public Health 2015). In January 2017 we launched the strategy for Mental Wellbeing in Bradford and Craven. This all age strategy has been developed through extensive and detailed working with partners and stakeholders. It addresses three principal areas: *our wellbeing, our mental and physical health, and care when we need it*. These areas are aligned with Future in Mind's work streams and our Joint Health and Wellbeing strategy.

2.3 Our aim is that by 2020, we will work together with partners to ensure that children and young people:

1. will be supported to recognise and value the importance of their mental wellbeing and take early action to maintain their mental health through improved prevention, awareness and understanding
2. can enjoy environments at work, home and in other settings which promote good mental health and improved wellbeing
3. will experience seamless care and have their physical and mental health needs met through services that are integrated and easily accessible

4. can reach their maximum potential through services which are recovery focused, high quality and personalised and which promote independence
5. can expect support to be commissioned and delivered in a way that leads to increases in efficiency and enables transformation of care through reinvestment.

2.4 Our Mental Wellbeing Strategy sets out the principles of our work to focus and our Joint Health and Wellbeing Strategy sets out our ambition for a happy and healthy Bradford District, where people have greater control over their wellbeing, living in their own homes and communities for as long as they are able, with the right support when it is needed. Our local health and care partnerships are working towards a district where we achieve the following for our population:

Outcome 1: our children have a great start in life

Outcome 2: children and young people have good mental wellbeing

Outcome 3: children and young people are living well and growing up well

Outcome 4: Bradford District and Craven is a healthy place to live, learn and work

3. OTHER CONSIDERATIONS

3.1 The Future in Mind transformation programme is funded and assessed by NHS England on behalf of the Department of Health. As a requirement of our funding, we provide quarterly reports to NHS England and an annual refresh of our plan. This plan is to be signed off by the Health and Wellbeing Board. The November 2018 refreshed plan, attached as Appendix 1, is presented for consideration and approval for publication to the Health and Wellbeing Board.

3.2 Engagement is carried out with children, young people and stakeholders. These are shared in Appendix 2.

4. FINANCIAL & RESOURCE APPRAISAL

4.1 The Mental Health and Wellbeing Partnership Board sets the direction and provides a broad framework for decisions about the use of resources for the Future in Mind Programme. This is reviewed by NHS England on a quarterly basis.

5. RISK MANAGEMENT AND GOVERNANCE ISSUES

5.1 The Health and Wellbeing Board owns and provides overall governance of the local transformation plans. Risk and delivery is managed by the Mental Health and Wellbeing Partnership Board through a performance management framework with annual reporting to the Health and Wellbeing Board. NHS England, on behalf of the Department of Health, review our monitoring reports on a quarterly basis and an example report is provided in Appendix 3 with example case studies provided to NHS England attached as Appendix 4.

6. LEGAL APPRAISAL

No legal issues.

7. OTHER IMPLICATIONS

7.1 EQUALITY & DIVERSITY

7.1 The local transformation plan aims to reduce the barriers and issues children and young people face in accessing mental health services and address the wider determinants of health inequalities which in some instances can disproportionately affect people with protected characteristics under the Equality Act 2010. As such the Strategy aims to make a positive contribution to children and young people with protected characteristics.

7.2 SUSTAINABILITY IMPLICATIONS

7.2 The transformation plan supports work at the local and West Yorkshire & Harrogate level to ensure that services are sustainable within the available budget.

7.3 GREENHOUSE GAS EMISSIONS IMPACTS

7.3 No direct implications. Implementation of the transformation plan involves increased opportunity and access for young people to community and physical activities in the District which may have some impact on greenhouse gas emissions if the number of car journeys were to decrease as a result.

7.4 COMMUNITY SAFETY IMPLICATIONS

7.4 No direct implications, however community safety is a key enabling factor allowing children, young people and families to engage in civic and community activities. Reduced social isolation will enhance wellbeing.

7.5 HUMAN RIGHTS ACT

No direct implications.

7.6 TRADE UNION

No direct implications.

7.7 WARD IMPLICATIONS

7.7 In areas with poor health and wellbeing and higher levels of health inequalities, different approaches are needed to improve access, deliver effective services, improve mental health and wellbeing and reduce health inequalities.

7.8 AREA COMMITTEE ACTION PLAN IMPLICATIONS

Not applicable.

7.9 IMPLICATIONS FOR CORPORATE PARENTING

No direct implications.

7.10 ISSUES ARISING FROM PRIVACY IMPACT ASSESSMENT

Not applicable.

8. NOT FOR PUBLICATION DOCUMENTS

None.

9. OPTIONS

No options are provided.

10. RECOMMENDATIONS

The Health and Wellbeing Board are invited to:

- a. Reflect on the progress made to date.**
- b. Receive and provide feedback on the refreshed transformation plan.**
- c. Approve the refreshed Local Transformation Plan.**

11. APPENDICES

Appendix 1; Future in Mind Local Transformation Plan November 2018.

Appendix 2: Engagement and feedback from stakeholders on our current plan.

Appendix 3: Example reporting requirements to NHS England

Appendix 4: Example case studies supporting Appendix 3 reporting requirements.
