- 1.1 The purpose of Contract Standing Orders is to set clear rules by which the Council spends money on works, goods and services. The rules apply to any contract or grant that results in payment being made by the Council.
- 1.2 Public procurement must be undertaken in accordance with principles enshrined in EU and national legislation. The Council must always act to promote competition and to ensure that each procurement is conducted as an open, transparent and fair competition. The Council must avoid practices which may restrict or distort competition.
- 1.3 All amounts quoted in these Standing Orders are exclusive of recoverable VAT.
- 1.4 Any dispute or difference as to the interpretation of these Standing Orders shall be resolved by the City Solicitor.
- 1.5 The Director of Finance shall undertake a formal review of Contract Standing Orders on an annual basis which will be reported to the Governance and Audit Committee.

 - EU Procurement Directives
 - All relevant statutory provisions including the Public Contracts Regulations 2015, competition law and Public Services Acts (e.g. Social Value, Care Act 2014)

The Council's Employee Code of Conduct must be followed at all times.
- 2.4 In applying these Contracts Standing Orders, all officers shall have regard to the duty of Best Value under the Local Government Act 1999.
- 2.5 Within limits specified by him/her, an Appropriate Officer may permit other officers to authorise orders and contracts in their own names on behalf of the Council. Any orders or contracts made shall remain the responsibility of an Appropriate Officer. Appropriate Officers must maintain an up to date record

of authorised officers and submit a copy of the list of the Director of Finance on an annual basis at the commencement of the financial year.

2.6 The Director of Finance may delegate some, or part of their responsibilities set out in these Contracts Standing Orders to Officers in their service area.

2.7 All orders for works, goods or services must be placed using the Council's approved systems in advance of the invoice being received and coded to the appropriate account codes.

2.8 Miscellaneous payments must only be used where the payment is not as a result of a purchase (for example a refund or grant payment). **Miscellaneous Payments must not be used to:**

- Pay suppliers for goods, works or services (including fees in relation to consultancy work and training), or

2.8.1 Non-compliance with Council's procedures and processes for the use of its requisition, ordering and payment systems may result in the Director of Finance removing Officer access.

2.11 All Appropriate Officers are responsible for ensuring compliance by their staff and shall report all breaches to the Director of Finance

3 Social, Economic, Environmental and Ethical Considerations

3.1 In formulating proposals for a contract, the Authorised Officer must consider the Public Services (Social Value) Act and follow requirements set out in the Council's Social Value and Inclusive Growth Policy.

3.2 Where appropriate and always subject to EU law and Public Contract Regulations, the Authorised Officer should ensure tenders or quotes are framed in such a way to encourage local suppliers, small and medium sized companies (SME's) and third sector organisations such as social enterprises to bid. This may include dividing the contract into lots.

4 Pre-Contract Requirements for all Contracts

- 4.1 After Council has agreed the Council's budget and before commencement of the financial year the Authorised Officer must prepare and maintain an annual procurement plan for all contracts with an estimated value greater than the EU Threshold for supplies and services, and then consult the Director of Finance.
- 4.2 The procurement of works, goods or services should be done through existing approved arrangements where they exist. These include:
- In-house provision
 - Corporate contracts, framework agreements or DPS
- 4.3 Other arrangements should be considered and used where it can be evidenced that they provide best value for money:
- Contracts, framework agreements or DPS established by central purchasing bodies (Crown Commercial Services, YPO etc.) or other public body
 - Collaborative or shared service arrangements with another public body
 - Alternative delivery vehicles such as Controlled Entities (Teckal) or Public Service Mutuals
 - Sheltered workshops
 - Other approved e-procurement solutions (e.g. purchasing cards)
- 4.4 Where the Council has an in-house provision and the estimated contract value is less than the EU Threshold for supplies and services external suppliers can only be used when the Appropriate Officer providing such in-house provision confirms that they are unable to meet the requirements on that occasion due to insufficient resources, skills or capacity.
- 4.5 If the estimated contract value is more than the EU Threshold for supplies and services the Appropriate Officer providing such in-house service may also be required to clearly demonstrate that they provide best value for money.
- 4.6 All procurement processes will be proportionate to the total value of the contract (see Table 1), the nature of the works, goods or services and the Council will produce clear accessible documentation which must be available in electronic format.
- 4.7 Before inviting tenders or quotations, the Authorised Officer must:
- 4.7.1 for contracts with a total estimated contract value in excess of £2m report details to the relevant Overview and Scrutiny Committee using the standard Committee report template. Reports are to be taken at an early stage once officers have a draft procurement strategy and specification to allow members to consider the matters in 4.7.2, 4.7.7, 4.7.8 and 4.7.10. For clarity, details of call-off contracts from a framework or DPS do not need to be separately reported providing the original framework has been reported except where the relevant Overview and Scrutiny Committee request a separate report.

- 4.7.2 have carried out, where appropriate pre-procurement engagement with the market (including talking to suppliers, clients and other stakeholders) to understand the availability, strengths and weaknesses of markets and to develop the specification and the best value for money procurement and contractual approach. Pre-engagement with the market must be done in such a way that ensures the subsequent procurement process remains open, fair and transparent with no supplier gaining an unfair advantage which would distort competition.
- 4.7.3 Before commencing any process for procuring contracts with an estimated value in excess of the EU Threshold for supplies and services or any process which involves a proposed service transfer or the development of a strategic partnership, the Authorised Officer must consult the Director of Finance.
- 4.7.4 consider whether a framework agreement, DPS or electronic auction is appropriate and would deliver best value for money seeking advice from the Director of Finance where necessary
- 4.7.5 be satisfied that a written and clear specification has been prepared which will form the basis of the contract.
- 4.7.6 for all contracts with an estimated annual cost of more than the EU Threshold for supplies and services, or a total value more than the EU Threshold for supplies and services (if the contract is for less than 1 year), or where there is a significant supply risk (identified using a procurement risk assessment form available on Bradnet) a documented risk log must be maintained.
- 4.7.7 consider at the outset any equality and diversity implications that may require an equality impact assessment to be undertaken
- 4.7.8 consider at the outset any TUPE implications
- 4.7.9 identify all contracts involving the processing of personal data, information security or data processing implications that may require additional schedules or terms and conditions considering the General Data Processing Regulation, the Data Protection Act, and the need to notify the SIRO
- 4.7.10 consider at the outset any implications from the Social Value Act
- 4.7.11 prepare and document an estimate of the whole life-cycle costs including where appropriate any on-going costs and/or disposal costs and ensure that the cost is within the approved current and future budget provision for both capital and revenue expenditure
- 4.7.12 ensure that all evaluation criteria including sub-criteria have been determined in advance, put in order of relative importance or weighting and published in the tender documentation. Selection criteria must be

relative and proportionate following statutory guidance issued by the Secretary of State.

4.7.13 ensure that electronic versions of all the appropriate and approved forms of procurement documentation is available through an internet portal immediately on publication of any advert

4.8 Before entering into any contract, the Authorised Officer must

4.8.1 be sure that they have the necessary authority to enter into the contract and that these Contracts Standing Orders, the Council's Financial Regulations and procurement advice have been complied with, and that the proposed contract represents best value for money

4.8.2 be satisfied about the technical capability of such proposed Supplier; and

4.8.3 where a significant supply risk has been identified (in accordance with CSO 4.7.6 and for all contracts which exceed £100,000pa, or £100,000 (if the contract is for less than 1 year) for the procurement of works or goods consult with the Chief Financial Officer to agree appropriate checks on the financial and resource capacity of the Supplier to perform the contract and to agree what, if any, security should be provided for performing the contract. Forms of security include such as: parent company guarantee, Director's guarantee and performance bonds.

4.9 Authorised Officers are responsible for arrangements to ensure the proper control and use of Council ordering and contracting procedures, in accordance with guidance issued by the Chief Financial Officer and the City Solicitor.

4.10 All quotations and tenders must be undertaken using the Council's standard template documentation unless prior approval has been obtained from the Director of Finance.

5 Contracts under £25,000

5.1 The Authorised Officer must be able to demonstrate best value for money and must invite quotes using local suppliers where the supply base is available. All quotations must be in writing.

5.2 Officers shall retain a written record of actions taken and the reasons.

5.3 Invitations to quote of £5,000 or above must use the Council's procurement portal, YORtender and all contracts of £5,000 or above must be recorded on the Contracts and Grant Registers.

6 Contracts between £25,000 and the EU Threshold for Supplies and Services

- 6.1 The Authorised Officer must either:
 - 6.1.1 for contracts worth less than £100,000 seek written quotations by selecting suppliers registered on YORtender and inviting 4 local suppliers where there is a local supply base available, or
 - 6.1.2 for contracts worth more than £100,000 seek written quotations by selecting suppliers registered on YORtender by inviting 6 suppliers to quote, including at least 4 local suppliers where there is a local supply base, or
 - 6.1.3 advertise an open invitation to tender using both YORtender and Contracts Finder
- 6.2 If the minimum number of quotations or tenders cannot be obtained owing to insufficient suitable suppliers prepared to quote or provide tenders, then the Authorised Officer must keep a record of this.
- 6.3 No pre-qualification questionnaire is permitted during the procurement stage. Suitable assessment questions to assess eligibility are part of the Council's template procurement documents. Only the winning bidder(s) will be required to submit certificates and documents as evidence of their legal and financial standing and technical or professional ability in addition to specific requirements relating to insurance, health and safety, equality, environmental management etc.

7 Contracts over the EU Threshold for Supplies and Services

- 7.1 Where the contract value is likely to exceed the EU threshold, taking account of the rules of aggregation, it must be tendered in accordance with the relevant EU procurement rules, unless this rule is through an existing framework or DPS agreement that has been established via a compliant EU procurement process.

Commented [DF1]: Moved to section 4

- 7.2 Suppliers must be appointed by one of the procedures under Contract Standing Order 8.
- 7.3 All tenders shall be advertised and available for download on the YORtender system and Contracts Finder. Standard template documentation must be used
- 7.4 All tenders above the relevant EU threshold must be advertised in the OJEU.

8 Procurement Procedures

- 8.1 The **open procedure** under which all those interested may respond to the advertisement by submitting a tender. This is often the most expedient system and enables all of the suppliers in the market that wish to engage in the process to submit a tender. There is no pre-qualification questionnaire (PQQ) or short-listing stage prior to invitation to tender (ITT).
- 8.2 The **restricted procedure** under which a selection is made of those who respond to the advertisement and only they are invited to submit a tender. This procedure can only be used for tenders above the EU threshold for supplies and services.
- 8.3 The following procedures apply to more strategic, complex or high value projects and must be done in consultation with the Director of Finance as there are limited circumstances under which these process can be used.
- 8.4 The **competitive dialogue procedure** under which a selection is made of those who respond to the advertisement and the Council enters into dialogue with potential bidders to develop one or more suitable solutions on which the chosen bidders submit a tender. This can be used where the contract is complex and cannot be purchased “off the shelf”.
- 8.5 The **competitive procedure with negotiation** under which a selection is made of those who respond to the advertisement and only they are invited to submit a tender. The Council may then open negotiations to seek improved offers.
- 8.6 The **innovation partnership procedure** under which a selection is made of those who respond to the advertisement and the Council uses a negotiated approach to invite suppliers to submit innovative ideas to meet a need where there is no suitable existing “product” on the market. The partnership can be awarded to more than one supplier.
- 8.7 For contracts procured under the Light Touch Regime the Director of Finance must be consulted and the Authorised Officer must ensure that principles of transparency and equal treatment are observed.

9 Exceptions to Requirements of Competition

- 9.1 Subject to:
- The statutory requirements for procurement processes above EU thresholds,
