Subject:

West Yorkshire Pension Fund unaudited Report and Accounts for 31 March 2019.

Summary statement:

This is the unaudited report on West Yorkshire Pension Fund financial activities and financial performance for the year 2018/19 (attached as Appendix 1). The value of the Fund as at 31 March 2019 is £14,363.0m, a net increase of £796.4m, an increase of 5.9% on asset value of £13,566.6m as at 31 March 2017. The increase in value the result of positive market movement for the year.

During the 2018/19 financial year we completed a large scale bulk transfer of asset for the First Bus West Yorkshire of £492.1m (estimate of £450m was used in the 2017/18 account). The increase was due to favourable investment performance.

The actuarial valuation at 31 March 2016 determined that WYPF funding level was 94% one of the highest funding levels within LGPS in the last valuation. The latest update provided by Aon gives a funding level of 108%. This improvement is due to the strong financial markets since the 2016 valuation. As this is merely an updated funding level, it will not provide any cashflow benefit to employers. 2019 is a valuation year and work is ongoing with Aon to provide the latest funding result for WYPF.
