Regarding the application outlined below, I would like to raise a concern when people use the outside, both front and back, the noise the drinkers create can be heard inside my kitchen and this affects my husband and I and anyone who may be visiting us. I am concerned that allowing alcohol to be sold outside will encourage more people to drink and be rowdy in a residential area as there is not only my house but there are houses and a care home directly surrounding 3 sides. The only non residential spaces are the car park and the fields from the stables on the opposite side of lane side.

I hope you take this complaint against the application seriously as I am tired of being affected by things done in this pub

Thanks
