RE: Bono Cafe Bistro

To add to my objection regarding the extension of licence for the upper floor use of the establishment Bono Cafe Bistro also know as Daisy Bar kitchen. I feel at this time of night when the establishment will actually close it will be well passed 11.30pm it is not appropriate in this area as it will cause noise and disturbance similar to the kind that is heard when public houses close and so disturbing local residence like myself and this is every day of the week. With regard to the request to play music, as far as I am aware there has been no public notice given about this application.

Please feel free to contact me if needs be.

Dear Melanie

Thankyou for getting back to me. I have been unable to get through to any of your team by phone hence corresponding by email.

I think I have not made it clear as to which premises I mean. I was referring to 490 Leeds Road Thackley BD10 8JH and it goes by the name of Daisy Bar Kitchen. The original planning application that was submitted and agreed on was for a Coffee Shop and at this time the proprietor applied for a drinks licence until 10pm and now wants it extending to 11pm. As yet the planning department have not granted permission for the use of the Coffee Shop to be opened until 11pm and I am unsure why a licence would be needed for a Coffee Shop. The notice about extending the licence is in the window of the establishment and reads 'wanting to extend the licence from 10pm to 11pm from Sunday to Saturday', objections in by 2/1/20.

I have attached again the information I sent to planning as the reason why I am objecting are all related to having a licence.

My details are

Mrs [redacted]

[redacted] Bourne Street
Thackley
BD10 8LE

Thankyou again
Regards

Dear Madam

Please state your full postal address to enable me to proceed with your representation. However, I would also advise that a premises licence was granted on 14 February 2019, with the following permitted hours for the sale of alcohol;

Monday to Sunday: 11.00 to 23.00

No representations were received in respect of the grant application. Therefore, in the absence of a valid objection within the 28 day representation period; the Council was required by law to grant a licence.

I would also advise that the application to vary the licence is to also licence the upper floor and include the playing of recorded music, with the hours as stated above.

I note your comments to the planning department, but advise that the Licensing Authority is unable to consider matters relating to planning issues.

Please can you help with a query I have with regard the application to extend the license of the above property until 11pm.

I was under the impression that the initial planning application was passed as a Coffee Shop however they have already been granted a licence. Since then they have carried out work to change the premises into a Licenced Restaurant without planning permission or taking into consideration the views of local residence. I am objecting to the extending of the licence and have attached what have I forwarded to the planning department in objection to the change of use.

I have a query regarding the application to extend the licence of the property at 490 Leeds Road Thackley Bradford as they want to extend the licence to 11.00 pm. The initial planning was for a coffee shop, which they have already been granted a licence for this. They have since done more work to the premises to make it into a licenced restaurant without planning permission or having no consideration for local residents. I am objecting to the extending licence as there is no parking also the noise it will course to our property very near by.
