2.7 Relevant Representations Received

Responsible Authorities

A representation has been received from the Environmental Health Officer who advises that the shop is closely surrounded by residential premises and raises concerns that any extension is likely to generate noise nuisance complaints, such as noise from the slamming of car doors, car engines, music in cars and customer's voices, which are all noises that are more noticeable at night.

The officer therefore recommends that the application is refused in the interests of protecting amenity of local residents living next to the shop premises.

The representation is attached at Appendix 3.

3. OTHER CONSIDERATIONS

Legal Appraisal

3.1 The Licensing Act 2003 requires the Council to carry out its various licensing functions so as to promote the following four licensing objectives:

- a) the prevention of crime and disorder
- b) public safety
- c) the prevention of public nuisance
- d) the protection of children from harm

3.2 The Council must also have regard to the guidance issued by the Home Office under Section 182 of the Licensing Act 2003. Regard must also be taken of the Council's statement of Licensing Policy for the District.

3.3 Where it is decided it is necessary to depart from the statutory guidance or the Licensing Policy on the merits of a particular case; then special reasons justifying this must be given that can be sustained.

3.4 Only "relevant representations" can be taken into account. In order to be "relevant" a representation must fairly relate to achieving a licensing objective. If it does not, it must be discounted.

3.5 Any licensing conditions that Members may propose attaching must also relate to achieving one of the licensing objectives; be tailored to the actual premises and style of licensable activity; must be reasonably achievable by the applicant and in his/her control.

Statement of Policy Issues

3.6 The following parts of the Licensing Policy are of particular importance; Part 6 (prevention of public nuisance).

3.7 The Annexes to the Policy sets out various types of model condition that could be considered.

Article 1 First Protocol to the Convention – Right to peaceful enjoyment of possessions subject to the state's right to control the use of property in accordance with the general interest. The Council's powers set out in the recommendations fall within the states right. A fair balance must be struck between public safety and the applicant's rights.

Article 6 – A procedural right to a fair hearing. As refusal of the application is an option, adherence to the Panels' usual procedure of affording a hearing to the applicant is very important.
