

Report of the Chair of the Equalities Group to the meeting of the Well Being Board to be held on 15th June 2021.

B

Subject:

The Equality Group (EG) has been working together over the last 6 months to develop initiatives to tackle inequalities across the District.

Summary statement:

This paper provides a high-level summary of the proposed projects and ideas generated by the Equalities Group to date.

EQUALITY & DIVERSITY:

The Equalities Group exists to address and support equality objectives. The ideas presented within therefore align closely with the objectives, and therefore an equality impact assessment is not required at this stage.

Professor Udy Archibong PhD MBE
Pro Vice Chancellor E, D & I
University of Bradford

Portfolio: Leader of Council and Corporate

Report Contact: Dermot Bolton,
Programme Manager, University of
Bradford
E-mail: djbolton@bradford.ac.uk

Overview & Scrutiny Area: Corporate

1. SUMMARY

The Equalities Group was formed to support the WBB in implementing its commitment to tackling inequalities. The chair, Professor Udy Archibong, decided to take the approach of forming a group of cross sector EDI (Equality, Diversity and Inclusion) professionals to come up with ideas for initiatives to tackle inequalities within organisations across the Place. Bradford Council's equality objectives provided the starting point and work was undertaken in subgroups to come up with clear proposals. The ideas are presented within the main section of the report as follows:

- Various leadership related ideas for the HRD (Human Resources Director) led group to consider
- A district wide **staff induction programme**
- A coordinated **recruitment campaign/movement**
- A **positive action toolkit**
- A **Diversity Exchange** web portal
- **Diversity Exchange** community hubs
- An EDI **peer review framework**, and collaborative **benchmarking exercise**

These proposals would do much to address the inconsistencies around EDI based practice across the public and third sector in Bradford District and Craven. They will provide a significantly more solid basis for effective working, best practice, and a consistent approach to ensuring that equality diversity and inclusion is at the core of our work in Bradford District and Craven.

2. BACKGROUND

Background

The Equalities Group was first convened in November 2020 to ensure that all the Strategic partnerships are actively tackling inequalities in their work and support the WBB in implementing its commitment to tackling inequalities. This was also a reflection of calls by community groups for action following significant events in 2020, such as the murder of George Floyd and the Black Lives Matter Movement as well as the impact of the Covid pandemic on deepening health inequalities across the Place.

Approach

The group is chaired by Professor Udy Archibong of the University of Bradford and the membership of the Group is primarily EDI professionals from public sector, third sector and business. Professor Archibong decided to proceed in working with professionals who already had a good understanding of the EDI issues to ensure that the limited time could be spent on discussing and developing practical solutions. The EDI professionals also bring a level of experience and knowledge of previous initiatives, both those that have been positive and those that have ultimately failed to deliver meaningful change. Additionally, the intention has always been to engage and work with a wider group to include community perspectives in order to further develop the proposals of the Group.

On convening, the group agreed to frame its work around the thematic areas aligned to the equality objectives of the Local Authority Equality Plan. Four workstreams were established addressing: Leadership, Workforce, Community and Service Delivery and Design. Each workstream was assigned a Lead who voluntarily took on the role to steer sub-groups.

The key guiding principle for the working groups has been that proposed interventions should be:

- Sustainable
- Transformative
- Dismantling
- Structural
- Intersectional

The four areas and their definitions were analysed and amended, and these sub-groups then met separately to produce ideas that will be worked up into Action Plans. Workshop sessions have also been undertaken to include a wider group and promote a creative co-design approach.

Workstream 1 - Leadership

This work stream has been led by Kim Shutler of the VCS Assembly with support from a range of Equalities Group members. Early in the process the Equalities Group realised that there was a significant crossover with the work being undertaken by the HRD group on increasing diversity in senior leadership. As that work was being developed the Equalities Group came together to consider a range of ideas that could be adopted by the HRD initiative. Several group meetings and workshops were undertaken to explore these ideas, their rationale and the benefits. These ideas include:

- Create cross sector **development opportunities** (like the ICS BAME Fellowships)
- Create **volunteering opportunities** including charity Boards (this may require organisations to release staff)
- Review dated **recruitment and interview processes** and consider other ways to enable people to be their best (mock interviews shown to work well)
- Create one **central place** where people can find and be matched to **development opportunities**
- Establishment of a **Bradford Leadership Scholarship** that we can collectively sign up to.
- Map our current **coaching and mentoring programmes**, identify and address gaps, build on them, and incorporate sponsorship
- Establish some form of **charter mark** or membership for organisations to sign up to who will embed the principles/skills in their organisation/curriculum (if each org contributed a little this could create the infrastructure)

Some of these ideas can be taken up or included in other Equalities Group proposals, or they could be incorporated into the One Workforce programme. However, it is felt that ownership of this work should be taken on by the HRD initiative to ensure there is no

duplication and for implementation reasons. Fortunately, this engagement is now underway, and the ideas presented here will be reviewed in the HRD leadership work.

Workstream 2 - Workforce

This workstream has been led by Kez Hayat from Bradford Teaching Hospitals NHS Foundation Trust with support from the Equalities Group and the One Workforce programme. The key ideas that have been suggested are:

- A district wide **staff induction programme** covering the theme of 'Inclusion' should be developed and adopted by Bradford public sector organisations. In order to prepare our workforce to work in both individual organisations and the Bradford Place, and to drive our aspirations of being employers of choice. Equality, Diversity and Inclusion being the main cross cutting theme in how we do this.
- A coordinated district wide **recruitment campaign/movement** to create and instil a sense of belonging in our district. It will focus on creating compassionate and inclusive cultures where everyone feels they belong, have a voice and feel empowered to make a difference. This will be a coordinated approach across the Place to both "grow our own" and attract new diverse talent to benefit the district as a whole and close the gap between skills and jobs.
- A universal **positive action toolkit** to help managers and leaders apply positive action approaches to recruitment, especially for senior management roles, across the district. This will also enable and support all staff and candidates to better understand the benefits of positive action.

It is recognised that there is an overlap with the leadership workstream, and this will be aligned accordingly. The working group has also had active support and engagement with the One Workforce programme team who could also provide the delivery mechanism for the initiatives above. Further details including benefits and delivery plans are being drafted in an Action Plan document.

Workstream 3 - Community

This work stream is led by Janet Ford from CNET with input from a wide range of colleagues, with the voluntary sector particularly well represented.

The proposal is to develop a cross sector "**Diversity Exchange**" web-based portal to enable stakeholders to pool and share intelligence and information about equality, diversity and inclusion. The aim of the "Diversity Exchange" is to join the dots so that equality related messages and information are consistent and become embedded across the public, private and VCSE sectors. The portal will also be used as an arena for dispelling myths and misinformation.

The following are examples of some of the key functions and content of the proposed Diversity Exchange portal:

- i. Deposit and retrieve useful information, for example:
 - Library of research (links contributed by partners)

- Policy and practice models for groups and organisations such as recruitment, governance, volunteer recruitment and support
 - Training resources
 - Bradford for Everyone shared values
 - Funding opportunities
 - Equality Impact assessment information and tools
 - Opportunities for community representation and collaboration
 - Opportunities for co-design and delivery
 - Campaigns
- ii. Inclusive Workforce Toolkit and tutorial (Bradford for Everyone, Grant Thornton)
 - iii. Calendar of activities (cultural celebrations, awareness and remembrance days/weeks/months e.g., Black History Month, Disability History Month, Autism day, religious festivals etc.
 - iv. Tools and resources that incorporate creativity as an effective way to engage people to encourage and enable non-verbal expression of feelings, opinions, circumstances, lived experience, access barriers etc.
 - v. Tools, resources and information developed by the other workstreams within the Equalities Group initiative e.g., Leadership, Workforce and Service Design and Delivery.

An extension to the proposal is to develop physical **Diversity Exchange Community hubs**, predominantly based in community centres and places where key issues affecting the most marginalised communities are raised daily. For example, Equalities Together, Race Equality Network, Highfield Women's Centre (Keighley), Artworks, HALE, Bradford Women's Forum. The hubs would be places for celebrations of diversity (history, art, culture, events etc.) and places to conduct user led consultation and collaboration events for providers to learn from and listen to the community as part of a co-design process.

This proposal has a number of benefits that should be realised over a five-year period. Immediate benefits include:

- Improved communication between public sector and VCS.
- A joined-up district wide approach to tackling inequalities
- Increased opportunities for learning between organisations

Within 2 years we would expect to see:

- New and improved cross sector relationships
- Recognised and trusted groups and organisations who can engage, consult and collaborate with grassroots communities

Within 5 years we expect

- The Diversity Exchange will contribute to pooling the tools, information and resources together in a one-stop-shop
- We will have moved considerably towards becoming an inclusive, fair and

accessible Bradford

- Working together and in partnership we will achieve the outcomes which began as ideas and aspirations at the start of our journey within the Equalities Group project

An expanded explanation of the proposal and delivery plans is being drafted in an Action Plan document, which is still under development.

Workstream 4 - Service Design and Delivery

This work stream has been led by Lisa Wright from Bradford District Care Foundation Trust and Alison Leech from InCommunities with input from many others across the Place.

The proposal recognises that there is a lot of good EDI practice in existence within local organisations. The proposal is to set up a **peer review framework**, a supportive and collaborative **benchmarking exercise** will examine how well this practice is currently embedded. This will provide:

- Support and scrutiny to organisations
- An arena for positive challenge
- Active sharing of best practice
- Identification of gaps and actions for improvement

The framework combines evaluation and accountability with questions around whether systems and processes are being applied and followed as well as the quality of monitoring. It is not an audit tool, but an appreciative enquiry of current practice. The framework would be known as the 'Bradford Standard' or the 'Bradford Approach'. This peer review model would include, but not be limited to:

1. Service user perspectives
2. Client engagement (including digital)
3. Service users accessing services, including accessibility of buildings
4. Recruitment and selection - cross link to other project strands
5. EDI Data collected –what is collected and how is evaluation process built in?
6. Equality Impact Assessment: does this happen and is it effective and what were the outcomes. Can we work towards a shared methodology.
7. Digital transformation (post covid) (and the impact on accessibility for different groups)
8. How is EDI embedded in procurement and commissioning?
9. Policies and implementation of those in practice - is EDI effectively included?

The proposal would be delivered in three stages, over a period to be defined based on the resource available to undertake the work.

- Stage 1: Map existing best practices - across organisations in the District

- Stage 2: Devise a benchmark tool by reviewing the existing practices and findings
- Stage 3: Test and learn by piloting with a sample of organisations

This proposal has a number of benefits that should be realised over a five year period. Immediate benefits include:

- Bringing a variety of organisations together to share knowledge and experience of EDI
- breaking down of communication and other barriers between sectors
- Easier access to and understanding of EDI standards e.g. Stonewall, Bradford LGBTQ+ Charter
- Buddying of organisations to continue ongoing support and learning

Within 2 years we would expect to see:

- Peer review being used as standard across sectors and organisations
- Consistent practices across the District
- Strengthened partnerships across the District through collaborative appreciative enquiry
- Consistent monitoring of data to assess inclusive and accessible service delivery and design approaches
- Accountability, transparency of monitoring of service delivery and design

Within 5 years we expect

- Synergy and whole system working
- Creation of more inclusive and accessible services across the District
- Annual peer review of EDI as standard within local authority, NHS & VCS
- Profile for the Bradford Approach/Standard as it is successfully adopted by other Councils/areas
- Fairness, happiness, wellbeing, more opportunities for citizens.

An expanded explanation of the proposal and delivery plans is being drafted in an Action Plan document, which is still under development.

3. OTHER CONSIDERATIONS

Consultation

A development workshop was held in March 2021 to test the proposals above and was attended by a wider group of stakeholders, the views from this workshop have been included within the current proposals above. A plan for wider consultation still needs to be formed and the Equalities Group will be asking the SCG for further guidance on appropriate consultation processes. Any guidance or suggestions for consultation on the

various initiatives from Well Being Board is welcome.

Delivery plan

Delivery plans for workforce, community and service design and delivery have been started and are in development by each of the working groups. Plans will include consideration of the four key requirements of sustainable, transformative, dismantling, structural, and intersectional. Plans will include timescales and clarity of how each will need to be resourced as well as risks, benefits and other standard project proposal considerations. Further guidance on these plans will be sought from the Strategic Coordination Group.

4. FINANCIAL & RESOURCE APPRAISAL

This document has presented the ideas generated by the Equalities Group. Full financial and resource requirements will be considered during the development of the delivery plans. It is not expected that the ideas presented in this paper will have significant financial requirements, although there will be some additional development and resource costs.

5. RISK MANAGEMENT AND GOVERNANCE ISSUES

No significant risks have yet been identified, and the impact on governance is anticipated to be low. Detailed delivery plans are under development for the proposals above and will include a full analysis of risk and governance issues.

6. LEGAL APPRAISAL

No legal issues are anticipated at this stage.

7. OTHER IMPLICATIONS

7.1 SUSTAINABILITY IMPLICATIONS

These proposals have been drawn up with sustainability for EDI in mind, they should therefore meet sustainability objectives. Further assurance will be sought from the relevant policy officer on the finished action plans.

7.2 GREENHOUSE GAS EMISSIONS IMPACTS

There are no anticipated negative greenhouse gas emissions impacts with the proposals. The Environment & Climate Change Manager will be contacted for further guidance on the finished action plans.

7.3 COMMUNITY SAFETY IMPLICATIONS

Overall the proposals should provide a net benefit to community safety as they are designed to support and promote community cohesion.

7.4 HUMAN RIGHTS ACT

As above these proposals completely and support human rights act aims.

7.5 TRADE UNION

None

7.6 WARD IMPLICATIONS

Not applicable

7.7 AREA COMMITTEE ACTION PLAN IMPLICATIONS (for reports to Area Committees only)

Not applicable

7.8 IMPLICATIONS FOR CORPORATE PARENTING

Not applicable

7.9 ISSUES ARISING FROM PRIVACY IMPACT ASSESMENT

Not applicable

8. NOT FOR PUBLICATION DOCUMENTS

➤ None

9. OPTIONS

➤ The Equalities Group set out to bring about transformational change on the issues of equalities across the District. The group has now developed a number of proposed projects at scale to support this ambition. The organisations that make up the Wellbeing Board have been well represented in the Equalities Group and the Group would now like the Wellbeing Board to ratify the project concepts. Further papers (action plans) outlining the operational delivery of the proposals are in development and will be shared with the SCG at a later date.

10. RECOMMENDATIONS

Recommended -

That the Wellbeing Board consider the recommended projects identified in section 2 of this report.

11. APPENDICES

➤ Appendix A: List of members for the Equality Group.

12. BACKGROUND DOCUMENTS

➤ None

Appendix A: List of members for the Equality Group.

This list includes all members of the main Equalities Group. Some members were able to attend and be involved more regularly than others. The group terms of reference allowed members to send substitutes to cover meetings they were unable to attend.

Membership

Prof Udy Archibong (Chair)	University of Bradford
Kez Hayat	Bradford Teaching Hospitals NHS Foundation Trust
Lynne Carter	Bradford District and Craven CCG
Lisa Wright	Bradford District Care Foundation Trust
Lynsey Nicholson	Airedale NHS Foundation Trust
Anne Lloyd	City of Bradford Metropolitan District Council
Rachel Davis	City of Bradford Metropolitan District Council
Penny Wangari-Jones	Racial Just Network / VCS assembly
Mark Nicholson	Equality Together / VCS assembly
Janet Ford	CNET / VCS assembly
Kim Shutler	The Cellar Trust / VCS Assembly
Bash Anwar	West Yorkshire Police Service
Andy Flynn	West Yorkshire Fire & Rescue Service
Angela McVay	Department for Work & Pensions
Fran Innes	Department for Work & Pensions
Alison Leech	InCommunities
Charles Dacres	Bradford Hate Crime Alliance
Zahra Niazi	Bradford for Everyone
Richard Emmott	Yorkshire Water

In attendance

Dermot Bolton	Programme manager, University of Bradford
James Drury	Programme Director ICP Board
