

Beech Grove Greenway proposed access upgrade and playful sculpture locations

Beech Grove Greenway
(3 metre strip)

Bradford Council, along with Better Place (a Better Start Bradford project) and InCommunities, with funding from WYCA Active Travel Fund and The National Lottery Community Fund are upgrading Beech Grove Greenway to make it more attractive to walk, scoot and cycle to school. They will be resurfacing a central strip, improving access and adding playful spaces along the route. We would like your thoughts on the proposed works.
