Subject: RE: Variation to 489-491 Little Horton Lane

Good afternoon Melanie

I would like to highlight issues that local residents have raised about the shop. There is already a number of young people hanging around and outside the shop. Mainly using a punch machine. There are a number of elderly residents living close by, who have complained of noise and anti-social behaviour. Also the lighting on the front of the shop is too overwhelming to local residents. The fear is, if this variation is successful, the above issues will continue.

I hope these developing issues can be taken into consideration when the panel are making their decision.

Kind regards

Cllr Talat Sajawal
