

FAO ENVIRONMENTAL HEALTH.

As per telephone conversation please find attached signed letters from the Gain Lane community.

We are at the end of our tether and come to you for help.

We hope these documents find you and together we can find a solution that will bring peace and safety for the residents of the Gain Lane area.

Please do not hesitate to contact us with any questions or clarification.

Any contact details can be used from the attached letters.

Many thanks,

Gain Lane Community

**Bradford Council**

**To who it may concern,**

**RE: TODAYS EXTRA 24HR SHOP ON GAIN LANE**

There are a lot of problems during the night outside the shop:

1. Alcohol use
2. Drug use (suspicions of dealing as well)
3. Very loud music
4. Very loud shouting and banter
5. A lot of litter left including: bottles, cans and drug use equipment (gas cans) on the footpath and road.
6. People also bring different cars to race, accelerate and skid (most of them have loud exhausts)
7. Drive up and down Gain Lane at high speeds approx. 100mph. (would like speed limit changed / speed camera or speed bumps)

This is causing a lot of anxiety and depression (to all residents)

We are all unable to sleep especially our young children whom constantly get woken up by the noise. This is also causing problems with work and our daily lives.

We are wanting some peace especially due to the current times we are living in at the moment and this problem added on top is making our lives more difficult.

We are all at the end of our tether and need your help desperately.

We would deeply appreciate any help from you as soon as possible.

Many Thanks

Gain Lane Community.

**RE: TODAYS EXTRA 24HR SHOP ON GAIN LANE**

There are a lot of problems during the night outside the shop:

1. Alcohol use
2. Drug use (suspicions of dealing as well)
3. Very loud music
4. Very loud shouting and banter
5. A lot of litter left including: bottles, cans and drug use equipment (gas cans) on the footpath and road.
6. People also bring different cars to race, accelerate and skid (most of them have loud exhausts)
7. Drive up and down Gain Lane at high speeds approx. 100mph. (would like speed limit changed / speed camera or speed bumps)

This is causing a lot of anxiety and depression (to all residents)

We are all unable to sleep especially our young children whom constantly get woken up by the noise. This is also causing problems with work and our daily lives.

We are wanting some peace especially due to the current times we are living in at the moment and this problem added on top is making our lives more difficult.

We are all at the end of our tether and need your help desperately.

We would deeply appreciate any help from you as soon as possible.

Many Thanks

Gain Lane Community.
