Subject: Objection to license application for Odsal Stadium

[REDACTED]  
[REDACTED] Cleckheaton Road  
Bradford BD61BE

I objected to an application which was the same as this a few years ago.

We already face traffic and noise disruption on match days and when other events are on. The infrastructure does not support volume traffic on narrow roads to access the venue which is a safety concern. The licensing hours would increase the risk of public disorder in the residential area. 7 days a week is also not acceptable for the noise a live event would create in terms of being able to sleep and be up at 6am for work including weekends.

Kind regards

**Subject:** Objection to Live entertainment licence application Odsal Stadium

Can you please help, we are residents of the housing estate next door to the Odsal stadium and think the application for live events to run to 1am and 2am Monday to Sunday is an absolute outrage. The noise levels already generated at events at the stadium dont allow any peace to relax, watch TV, or even go to sleep. Our estate includes young families, children of all ages and mature residents too, so approval of this application would make living here a nightmare considering the disruption this already causes. I want to know how we can stop this application going through.

I look forward to your prompt reply and receipt confirmation.
