1. Summary

- 1.1 This report outlines the allocation of the Community Chest Budget for the financial year 2022/2023 and asks Members to consider the make-up of the Grants Advisory Group in the Bradford East Area for 2023/2024. The Queen's Jubilee and the King's Coronation funding allocations are also highlighted.

2. Background

- 2.1 The Community Chest Budget assists and enables a wide range of community initiatives to be developed for the benefit of communities in the Bradford East Area.
- 2.2 The Community Chest Budget allocated to the Bradford East Area Coordinator's Office for 2022/2023 was £11,500 and the same amount is available for 2023/2024.
- 2.3 Applications that meet the published criteria are considered from community groups and organisations and sometimes from individuals living and benefiting the Bradford East Area.
- 2.4 The Area Co-ordinator, or designated officer, is responsible for making the decisions on the Community Chest applications received. These decisions are made in consultation with the Grants Advisory Group whose membership is made up of three Elected Members, reflecting the political make up of the Bradford East Area Committee. In previous years the Chair, Deputy Chair and the Opposition Spokesperson have made up the Grants Advisory Group.
- 2.5 Interest in and the demand on the Community Chest Fund continues to be extremely high. Over the years, the Community Chest Fund has been well used by local community and voluntary organisations and individuals. Numerous activities and events have been supported which otherwise may have been difficult to run. Organisations and activities funded in 2022/2023 in Bradford East are shown in appendix A.
- 2.6 Funding was also made available for events and activities to support the Queen's Jubilee and the King's Coronation. The grants awarded are listed in appendices B and C.

3. Other considerations

- 3.1 During the financial year 2022/2023, 30 applications for Community Chest Grants were awarded to community groups, a breakdown of these is shown in appendix A.
- 3.2 In reviewing the Community Chest grant allocation for 2022/2023, it is important to note the high demand on the fund available to Bradford East Area Co-ordinator's Office. Owing to the high demand on the limited Community Chest fund it has been a practice of the Bradford East Area Co-ordinator, or designated officer, in consultation with the Grants Advisory Group, to contribute towards the total cost of the activity and to only occasionally approve the full amount requested.
