Subject:

Reducing Inequalities Alliance

Summary statement:

This paper provides An overview of the work and priorities of the Reducing Inequalities Alliance (RIA). The RIA is an 'Enabler' to our Partnerships and place based working and the ambition to reduce inequalities underpins the work of the Wellbeing Board and the District Plan. The Alliance has four strategic objectives: Setting the Strategic vision, building confidence and skills, supporting best practice and creating opportunities to share best practice and evaluate learning.

The paper will provide options for the Board to consider at a future development session about how we can deeper embed our approach to tackling inequalities across the Partnerships.
