

Report of the Bradford South Area Co-ordinator to the meeting of Bradford South Area Committee to be held on Wednesday 22 November 2023

M

Subject:

Allocation of West Yorkshire Mayor's Climate Community Grant Scheme (Bradford)

Summary statement:

This report summarises the applications received from eligible local organisations, across the Bradford South Constituency from West Yorkshire Mayor's Climate Community Grant Scheme (Bradford).

EQUALITY & DIVERSITY:

The District Plan and Locality Plans are underpinned by a cross cutting principle of tackling inequality in our communities and sustainability considerations including reducing our Carbon Footprint. Applications have been encouraged from across the district particularly from underrepresented communities and communities who need support via a just transition to meet challenges around climate change.

1. SUMMARY

This report summarises the applications received from eligible local organisations, across the Bradford South Constituency from West Yorkshire Mayor's Climate Community Grant Scheme (Bradford).

2. BACKGROUND

2.1 The City of Bradford Metropolitan District Council (CBMDC) via its Constituency Area Offices jointly working with the Sustainability Service invited applications from eligible groups to apply funding available from West Yorkshire Mayor's Climate Community Grant Scheme (Bradford).

2.2 The grants from this funding were part of a two-stage process – an expression of interest form and then after approval a further grant application were considered by the Bradford South Grants Advisory Group. The West Yorkshire Mayor's Climate Community Grant Scheme (Bradford) had a total budget of £369,000 allocated across the five areas is £73,800.

2.3 Applications were invited for between £5,000 and £50,000 towards projects and services that help take actions to reduce CO₂ across the district through initiatives for:

- Energy – local clean and flexible energy solutions
- Building – healthy, affordable and efficient community buildings
- Transport – walking, cycling and public transport
- Nature – green and climate ready nature and biodiversity solutions

2.3 Projects may include:

- Developing locally generated clean energy schemes, producing onsite energy/renewable energy, for example solar panels, wind turbines
- Making community buildings resilient to climate change and increased fuel costs, through insulation, A-rated appliances, LED lighting or heat pumps – reducing consumption and promoting good practice to local residents
- Reducing car and fossil fuel usage by making it more appealing to cycle, walk or use public transport
- Finding ways of working with nature, such as preserving or increasing biodiversity in our green spaces, strengthening the link between residents and nature through access to green space, local food growing, and creating opportunities for people to connect with nature.

2.3 Proposals were encouraged towards projects which were community-led and driven by an understanding of local needs. The funding focused on activities that had the potential to make a meaningful and lasting difference to the carbon footprint of our diverse communities across the district with longer-term benefits. In addition, applications that supported long-term changes in behaviour, ways of working and practices positively reducing carbon footprints within communities.

2.4 The application form and guidance for applicants is attached as Appendix 1. A total of 13 applications were submitted to the Bradford South Area, with two of these

applications being combined. Of these a total of 5 applications for a total value of £73,800 are being recommended for approval from the Bradford South Area Committee.
