This Partnership Annual Performance Report is intended as a summary of the Health and Wellbeing Board's performance over the last 12 months. It highlights challenges and describes the focus of activity over the coming 12 months. Please use the contact details above to obtain further information.

## 1. PARTNERSHIP OVERVIEW

### 1.1 Purpose of Partnership

To create a close working partnership between organisations of the NHS and City of Bradford Metropolitan District Council and to bring a new local accountability to assessing health and care needs. To be the key partnership forum for determining local health and wellbeing priorities, enabling and driving the integration of health and social care to create more effective pathways for both service users and those who need to access services. This relationship should significantly reduce health and social inequalities and ensure accountability for local commissioning plans by creating a 'whole systems' approach that aims to be more than the sum of its parts, through joint planning and closer working relationships to improve health and wellbeing and maximising value for money.

### 1.2 Partnership Member Organisations

City of Bradford MDC – members and senior officers, the three local Clinical Commissioning Groups, NHS Area Team, one representative of the Voluntary, Community and Faith Sector organisations - elected through Bradford Assembly, Bradford and Airedale HealthWatch; one representative of the three main NHS providers (on rotation).

### 1.3 Relevant District Dashboard Measures

The District Dashboard is a collection of high level statistical measures used by the Bradford District Partnership to understand the overall state of the district. All the measures in District Dashboard are updated annually. The list below covers the names of the measures in the District Dashboard that are relevant to this partnership.

PHOF0.1ia and PHOF0.1ib	Healthy Life Expectancy at Birth (Female and Male)
PHOF0.1iia and PHOF0.1iib	Life Expectancy at Birth (Female and Male)
PHOF0.2iia and PHOF0.2iib	Difference in life expectancy at birth between the most and least deprived parts of the District (Female and Male)
PHOF1.02ia	School Readiness: The percentage of children achieving a good level of development at the end of reception
PHOF1.01i	Children in Poverty 0-19
PHOF 2.06i and PHOF 2.06ii	Excess weight in 4-5 years olds and 10-11 year olds
PHOF4.01	Infant Mortality

## 1.4 Relevant Strategies

The list below shows the main strategies that the partnership works to, including the overarching Community Strategy 2011-2014, the New Deal for Bradford District, and the Bradford District Joint Health & Wellbeing Strategy. For each strategy, a reference has been allocated so that the partnership activity detailed on the following pages can be cross referenced back to individual strategies and their outcomes, objectives or priorities.

The New Deal for Bradford District is a change programme that is intended to prepare the Council (and its partners) for a radically different future with a much smaller and more integrated local state. For more on New Deal visit [www.bradford.gov.uk/newdeal](http://www.bradford.gov.uk/newdeal).

## 2. ANNUAL PERFORMANCE REPORT - 12 MONTHS TO 31.04.2015

---

### 2.1 Key achievements over the last 12 months

The list below shows the main achievements from partners working together over the last 12 months. Each achievement listed is referenced back to the **Community Strategy 2011-2014** and any other relevant strategies listed in section one; some achievements may work towards more than one strategic aim and therefore they are referenced back to more than one strategy.

	Reference
1 The statutory Joint Strategic Needs Assessment was updated to improve data and intelligence on health and wellbeing issues, and was commended by a Local Government Association Peer Challenge Review in November 2014.	CS2 ND1-5 HW1-18
2 The Board supported work based on the Low Emissions Strategy to address harmful levels of emissions from older public transport vehicles in the District, and to undertake a successful joint bid to the Department for Environment and Rural Affairs to undertake regional research on behaviour change.	CS2 ND3-4 HW 2,3,14,18
3 The Board has ensured that appropriate clinical commissioning arrangements are in place for diabetes through a Diabetes review that outlined the longer term approach to prevention of diabetes - with outcomes expected to improve as a result.	CS2 ND3 HW 2,5,12,17-18
4 The statutory, local Pharmaceutical Needs Assessment was updated to inform decision-making in relation to applications for new pharmacies, to help target services more effectively and to inform decisions about the commissioning of new services.	CS2 ND3 HW1-11, 17-18
5 The Board directed work on further integration between health and social organisations and processes – supporting and directing work on the development of integrated strategies for the delivery of health and care, a bid to the Better Care Fund and development of the Better Care Plan.	CS2 ND1,3 HW7-10
6 Themed work on Mental health and Mental wellbeing has focused on reviewing mental health practice and developing understanding of the broader concept of mental wellbeing. Significant progress was reported for arrangements for people with mental health problems in the criminal justice system or who experience mental health crises in the community.	CS2 ND3 HW7

7	The Board has initiated a strategic approach to joint commissioning across health and social care; directing health and social care commissioners to develop shared understanding of commissioning intentions across key council departments and health and wellbeing organisations, and to identify commissioning gaps and potential areas for joint commissioning. This work will continue into 2015-16.	CS2 ND3 HW1-18
8	An integrated strategy has been commissioned to address Physical Inactivity and its associated health impacts. Progress will be reported back to the Board in 2015-16.	CS2 ND3, 4 HW4,7,8,10,12,17,18

## 2.2 Challenges for the Health and Wellbeing Board for the next 12 months

The list below details the main challenges facing the partnership over the next 12 months.

- 1 To provide leadership to work across the District and between partners on further co-ordination and integration between health, education and social care, specifically to provide leadership to the Integration and Change Board and the Health and Social Care Commissioners.
- 2 To reduce health inequalities and to lead the January 2015 resolution by Council Executive “Requiring all council departments systematically to consider the potential impact of their work on health inequalities” and to work with partners to ensure that this approach is embedded across the Health and Wellbeing Board partners.
- 3 To provide leadership to improve health and wellbeing and to reduce health inequalities across the District in the context of ongoing budget reductions across the local state.
- 4 To enact the recommendations of the Local Government Association Peer Challenge Review on communication, performance and governance.

## 2.3 Potential focus for joined-up partnership activity over the next 12 months under New Deal

The list below covers the potential joined-up partnership activities that could inform the New Deal programme to be developed in June & July 2015. Each area of activity is referenced back to the **New Deal for Bradford District** and any other relevant strategies listed in section one; some activities may work towards more than one strategic aim and therefore they are referenced back to more than one strategy.

- 1 Establish and communicate the Health and Wellbeing Board as the lead body for strategic decision-making and direction-setting in the arena of health and wellbeing .

---

- 2 Establish the Bradford, Health and Social Care Commissioners as the decision-making body to enact the strategic direction set by the Health and Wellbeing Board through decisions on joint commissioning.

---

- 3 Establish a health and social care Provider Alliance.

---

- 4 Identify and progress further areas of joint commissioning between health and social care agencies.

---

- 5 Review, streamline and align key strategic documents on health and wellbeing including the JSNA, Joint Health and Wellbeing Strategy and Health Inequalities Action Plan.

---

- 6 Lead New Deal Outcome 3 - Better Health, Better Lives
