Appendix 2

BRADFORD DISTRICT LOCAL PLAN

Bradford City Centre
Area Action Plan Publication Draft

Engagement Plan

October 2015
FOREWORD

This document sets out how City of Bradford Metropolitan District Council (CBMDC) will seek to engage the public in considering the Bradford City Centre Area Action Plan (AAP) which will guide the transformation of the Bradford City Centre area up to 2030. It sets out the aims and principles that will underpin the final public consultation on the Bradford City Centre AAP and will be referred to as the Engagement Plan.

The Bradford City Centre AAP will form part of a portfolio of Development Plan Documents (DPDs) that will guide future growth and development in the Bradford District in the period up to 2030. The Bradford City Centre is a priority regeneration area in the Bradford District and has been identified as one of four Urban Eco Settlement locations within the Leeds City Region.

The AAP will identify the location of new development and help make decisions on planning applications. It will also influence decisions about transport, infrastructure, community facilities and economic development. The Bradford City Centre AAP will be developed in collaboration with neighbourhoods, local organisations and businesses.

The AAP will support the Council’s emerging plans and regeneration ambitions for the corridor. At a strategic level the emerging Core Strategy sets out broad proposals and targets for future development in Bradford City Centre up to 2030. At a site level there are regeneration areas in the Corridor, which are developing detailed development proposals, such as the Canal Road Urban Village Joint Venture Company site.

One of the key aims of the Planning system is to strengthen community involvement in the planning of the places in which people live and work. Importance is placed on community involvement throughout the preparation of the Development Plan Documents, in particular at the early stages. Local Planning Authorities are required to prepare a Statement of Community Involvement (SCI) which sets out how the Council intends to engage with the community when preparing its Development Plan and also how it engages with the community in dealing with planning applications. Bradford Council is committed to ensuring that everyone has an equal opportunity to play an active and positive role in considering the planning issues, which affect them and the District. The SCI for Bradford was adopted by Full Council on 8th July 2008.

This public consultation on the Publication Draft forms the last consultation stage in developing the AAP before being submitted to the Planning Inspectorate. It provides an opportunity for the community to consider the big issues facing the area, help shape the long-term vision and ultimately the strategic polices and proposals to deliver the vision.
This Engagement Plan has been developed based upon:

- Town and Country Planning (Local Planning) (England) Regulations 2012
- National Planning Policy Framework (NPPF March 2012)
- Planning Advisory Service (PAS) – Plan Making Manual
- CBMDC Local Development Scheme 2014 - 2017 (LDS) (July 2014)

This Engagement Plan is separated into three parts:

- **Part One** sets out the aims and principles that will underpin the public consultation on the Bradford City Centre AAP Publication Draft report.
- **Part Two** forms a consultation and participation plan which sets out how the Council will meet the aims and principles in Part 1 and comply with the adopted Statement of Community Involvement (SCI).
- **Part Three** sets out how the consultation and engagement will be recorded and how any comments received will be taken into consideration during the next stage of developing the Bradford City Centre AAP.

**Further information:**
A ‘Glossary of Terms’ is available in Appendix A of this report.

PART ONE: AIMS AND PRINCIPLES

BACKGROUND

The Replacement Unitary Development Plan (RUDP)

1.1 The current Replacement Unitary Development Plan (RUDP) for Bradford was formally adopted on 15th October 2005. A number of policies within this plan were saved under a Secretary of State Direction and Schedule of Saved Policies on 30th September 2008.

The Local Plan

1.2 The Government introduced proposals for planning reform to speed up the planning system through the Planning and Compulsory Purchase Act 2004. This changed the current pattern of development plans from the old system which consisted of a single Unitary Development Plan (UDP) covering the whole District, to a new planning system consisting of a development plan that is made up of a series of separate documents and known as the Local Development Framework (LDF). Following the Town and Country Planning (Local Planning) (England) Regulations coming into force on 6th April 2012 the Council will now produce the Bradford District Local Plan, formally known as the Local Development Framework.

Local Development Documents (LDD)

1.3 Documents that make up the Local Plan are called Local Development Documents; these have to have regard and conform to the policies and guidance put forward by Government in National Planning Policy Framework (NPPF). There are two compulsory types of Local Development Documents; these include Development Plan Documents (DPD's) and the Statement of Community Involvement (SCI).

Development Plan Documents (DPD)

1.4 DPD's are documents that form part of the statutory development plan for the District, which will be known as the Bradford District Local Plan and are subject of a Public Examination by an independent Inspector. Table 1 lists the Development Plan Documents being prepared by Bradford Council :-
### Table 1 Development Plan Document

<table>
<thead>
<tr>
<th>DPD</th>
<th>DOCUMENT DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Core Strategy DPD</td>
<td>This document sets out the spatial vision for the District, the strategic policies for guiding development, the housing requirement, and a framework for monitoring and implementing the Strategy.</td>
</tr>
<tr>
<td>Waste Management DPD</td>
<td>This document sets out the spatial strategy and policies for dealing with waste streams within the district. It will also identify waste management sites for dealing with different stream of waste.</td>
</tr>
<tr>
<td>Allocations DPD</td>
<td>This document identifies sites for development including housing, employment as well as green space.</td>
</tr>
<tr>
<td>Area Action Plans DPD</td>
<td>These documents set out a local plan that are targeted at a specific area of change or conservation. Bradford City Centre AAP and Bradford City Centre AAP are the two regeneration areas being targeted by use of AAP’s.</td>
</tr>
<tr>
<td>Proposals Map DPD</td>
<td>This document will show the proposals for the District on an OS Map base, and will be updated as individual documents are adopted.</td>
</tr>
</tbody>
</table>

1.5 Two Area Actions Plans are currently being prepared by the Council. These are the Bradford City Centre AAP and the Shipley and Canal Road Corridor AAP. The purpose of these AAP’s is to provide a development plan to show how the Core Strategy will be delivered for these two specific regeneration areas within the District.

1.6 The AAPs will set out detailed land uses and direct future development and investment. They will allocate land for development, make proposals for supporting infrastructure and define the steps to be taken to ensure delivery.

#### The Publication Draft Report

1.7 The process and stages in producing Development Plan Documents such as AAPs are laid down by the Government. They are designed to ensure that by the time the plan is finalised it has been tested through extensive consultation and involvement of the public and wider stakeholders and all reasonable options have been considered.

1.8 The Publication Draft Report is the final consultation version before submission of the AAP to the Planning Inspectorate and the last opportunity to comment on the content of the AAP before
a public inquiry is organised. The Bradford City Centre AAP will go or has gone through the following stages as part of its preparation:

<table>
<thead>

</tbody>
</table>

Statement of Community Involvement (SCI)

1.9 The Statement of Community Involvement sets out how the Council intends to engage the community in producing Local Development Documents that make up the Bradford District Local Plan, and in the consideration of planning applications. The SCI is itself a Local Development Document that is the subject of a Public Examination by an independent Inspector.

1.10 Bradford’s SCI was adopted on 8th July 2008. All other Local Development Document’s will have to comply with the requirements for community involvement as set out within the adopted SCI.

1.11 This Engagement Plan will set out how the Bradford City Centre AAP Publication Draft consultation will be in accordance with the adopted SCI through an identification of who will be consulted, by what means and when this will happen. Following this consultation, a Statement of Consultation will record exactly what took place and the outcomes of all the meetings, events and comments.

Local Plans and Legal Compliance

1.12 The requirement for the Development Plan Document to undergo an Examination in Public is to establish whether it is ‘legally compliant’ as prescribed in the Act. The Plan should:

- Be within the current Local Development Scheme (LDS)
- Ensure the process of community involvement is in accordance with the adopted Statement of Community Involvement (SCI)
• Comply with the requirements prescribed within the Town and County Planning (Local Planning) (England) (Amendment) Regulations 2012 with regards to publishing the DPD, advertising it in the press and notifying any persons requested to be notified.

• Be accompanied by a Sustainability Appraisal report

• Have regard to the Sustainable Community Strategy.

Local Plans and Duty to Co-operate

1.13 The duty to co-operate came into force on 15th November 2011 and any plan submitted for examination will be examined for compliance. The duty requires cooperation between adjoining Local Planning Authorities (LPA) and other public bodies to maximise effectiveness of policies for strategic planning matters in the Local Plan. LPA are expected to provide evidence of how they have complied with any requirements arising from the duty.

Local Plans and the Test of Soundness

1.14 The requirement for the Development Plan Document to undergo an Examination in Public is to establish whether it is ‘sound’ as prescribed in the Act. The Council is required to submit the Core Strategy, together with associated documents and representations made, for consideration by an independent inspector appointed by the Government. The examination of the DPD is an independent process for determining whether it is fundamentally sound. In assessing the issue of soundness the Inspector will have due regard to the evidence submitted alongside the plan and the representations made at the publication stage.

1.15 The Publication Draft is the final stage prior to submission to Government for independent examination. As such this is the stage when it becomes the plan that the Council wishes to see adopted. At this stage the Council needs to ensure that it will pass the key tests of soundness at independent examination.

1.16 The Local Plan will be examined by an independent inspector whose role it is to assess whether the plan has been prepared in accordance with the Duty to Cooperate, legal and procedural requirements, and whether it is sound. To this end, LPA should submit a plan for examination which it considers is “sound” – namely that is:

1. **Positively Prepared**: the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where is reasonable to do so and consistent with achieving sustainable development;

2. **Justified**: the plan should be the most appropriate strategy when considered against the reasonable alternatives, based on proportionate evidence;
Bradford District Local Plan

3. **Effective**: the plan should be deliverable over the plan period and based on effective joint working on cross-boundary strategic priorities; and

4. **Consistent with national policy**: the plan should enable the delivery of sustainable development in accordance with the policies in the NPPF.

**Bradford City Centre Area Action Plan**

1.17 The main purpose of the Area Action Plan (AAP) is to:
   - inform communities, businesses and other organisations about the scope and preparation process of the AAP;
   - develop the vision and key objectives for the area;
   - identify the key priorities for delivering development;
   - and to prompt interested parties to put forward sites / proposals for consideration.

1.18 The AAP will support the Council’s emerging plans and regeneration ambitions for Bradford City Centre. At a strategic level the Core Strategy sets out broad proposals and targets for future development in the Bradford City Centre up to 2030. At a site level there are many sites in the City, which are developing detailed development proposals.

**Aims**

1.19 This Engagement Plan has been drawn up to ensure that the Bradford City Centre AAP is in compliance with the Council’s adopted SCI and associated statutory planning regulations and that as many different stakeholders and the wider community, as appropriate, are engaged in the process. This should ensure that as far as practicable the Bradford City Centre AAP:
   - Reflects the needs of the District, its communities and stakeholders;
   - Is technically robust and based on sound information and evidence;
   - Enjoys broad consensus.

**Objectives**

1.20 This Engagement Plan will:
   - Identify the stakeholders that should be consulted on the content of the AAP;
   - Set out how these stakeholders and the local community will be able to inform and make comment on the AAP;
   - Establish when there will be opportunities for stakeholders and communities to make representations on the content of the AAP;
   - Set out how comments received will be recorded and taken into consideration as the Council works towards the Submission stage.

**Principles**
1.21 The National Planning Policy Framework (NPPF) stresses the importance of public consultation in the production of the Local Plan. The NPPF states:

“Early and meaningful engagement and collaboration with neighbourhoods, local organisations and businesses is essential. A wide section of the community should be proactively engaged, so that Local Plans, as far as possible, reflect a collective vision and a set of agreed priorities for the sustainable development of the area, including those contained in any neighbourhood plans that have been made.” – Paragraph 155.

1.22 There are several principles which will underpin the approach this engagement in support of the publication, namely:

- Identify and provide opportunities for stakeholders and interested parties to be informed of the publication of the Core Strategy
- Provide good quality, accessible and relevant information
- Meet the requirements as set out in the relevant planning Regulations and the Councils Statement of Community Involvement (SCI)
- Meet the requirements of the Strategic Environmental Assessment (SEA) Directive with regards to consultation.

**Strategic Environmental Assessment (SEA)**

1.23 In accordance with Section 19 (5) of the Planning and Compulsory Purchase Act 2004 the Sustainability Appraisal (SA) of the Development Plan Document will incorporate the requirements of the European Direction on Strategic Environmental Assessment (SEA) with regards to community consultation.

**Equality Impact Assessment (EqIA)**

1.24 The Bradford City Centre AAP will be subject to an EqIA which, is a process designed to ensure that a policy, project or scheme does not discriminate against any disadvantaged or vulnerable people within society. The protected characteristics groups include:

- Age
- Disability
- Gender Reassignment
- Race
- Religion / Belief
- Pregnancy and maternity
- Sexual Orientation
- Sex
1.25 The EqIA Scoping report is a background document which is to be published as part of this consultation for comment.

1.26 Consideration of equality issues will be given during the entire consultation exercise to ensure that a representative view of the Bradford City Centre AAP is sought.
PART TWO: ENGAGEMENT PLAN

2.1 This Engagement Plan outlines how the general public, key stakeholders, local organisations and groups will be notified of the issuing of the Publication Draft document for formal representations in line with Government regulations.

2.2 On the 20th October 2015, Full Council approved the Publication Draft and associated documents to be issued for a 6 week formal consultation in line with the regulations and Submission to Government for Examination.

2.3 Formal consultation on the Publication Draft is limited to inviting representations on the soundness of the Plan, its legal compliance and the duty to co-operate, as set out in paragraphs 1.12 - 1.16 of this report. These three elements will be considered by the examining Inspector appointed by the Government.

2.4 Engagement will involve the publication of the Bradford City Centre Area Action Plan DPD and associated documents; raising awareness and understanding of the approach of the representation process; along with assisting those in making representations to the Council.

Consultees

2.5 A range of stakeholders will be notified of the issuing of the Publication Draft for formal representations. Appendix B provides a list of all Local Plan consultees, including statutory bodies and key stakeholders, general consultees such as groups and organisations along with those who have requested to be notified on aspects relating to the Local Plan. All requests regarding this list, including being added or removed should be directed to:

Planning.policy@bradford.gov.uk

2.6 In order to comply with the adopted Statement of Community Involvement (SCI) a range of consultation mechanisms have been proposed to meet the principles and objectives set out in Part 1.
Mechanisms For Public Consultation

2.7 Table 3 sets out the key mechanisms which will be used during the consultation stage and who the target audience would be.

<table>

Information provision during the process

2.9 The following documents and supporting material will be subject of the consultation:-

- Bradford City Centre - Baseline Analysis Report or Base line Evidence Report
- Bradford City Centre – Supporting Statement/Briefing Note
- Sustainability Appraisal
- Equalities Impact Assessment – Scoping Exercise
- Bradford City Centre AAP Publication Draft Report
Availability of publication documentation

2.10 The consultation documentation will be made available at the statutory deposit locations across the district, as listed in table 5 below:

<table>
<thead>
<tr>
<th>Council Planning Offices</th>
<th>Jacobs Well, Manchester Road, Bradford, BD1 5RW</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Mon – Thurs 9am to 5pm, Fri 9am to 4.30pm</td>

<td></td>
</tr>
<tr>
<td></td>
<td>Mon – Fri 9am to 7pm, Sat 9am to 5pm</td>
</tr>
</tbody>
</table>

2.11 The publication stage documents will be available to view and download on the Council’s website at: [www.bradford.gov.uk/planningpolicy](http://www.bradford.gov.uk/planningpolicy) The Council will limit the number of hard copies of the documentation that is produced in order to reduce the environmental impacts of printing and potential waste as well as minimise financial costs.
2.12 In accordance with Regulation 36, (The Town & Country Planning (Local Planning) (England) Regulations 2012; Part 9; 36 (page 17) any requests made to the Council for a copy of the Publication documents (listed in 2.9 above), either electronic or hard copy, will be met as soon as reasonably practicable after receipt of the request. Electronic copies will be free of charge; however there will be a charge incurred for requests for a hard copy document. This charge will cover the Council’s materials, printing and administration costs.

Targeted Consultees

2.13 Statutory consultees, as set out in Section 1 of Appendix B, will be notified by either letter or E-mail of the issuing of these documents and their availability for formal comment.

2.14 The local authorities and public bodies which are subject to the Duty to Co-operate under the Town and Country Planning (Local Planning) (England) Regulations 2012 are included within the statutory consultee list as mentioned above.

2.15 The Council will notify, in writing either by letter or E-mail, all other consultees and those who have indicated they wish to be kept up-to-date with progress on the Local Plan for Bradford. These organisations and individuals are set out in Appendix B. These lists are updated as and when requests are made to the Local Plan Group.

Internal Consultations and Member Briefings

2.16 The Local Plan Group will hold regular meetings with the Portfolio Holder for Housing and Planning.

2.17 All 90 Members of the Council and Members of Parliament (MPs) will be informed of the publication period and will be issued with a member briefing note for their information and guidance.
External Bodies – Adjoining Local Authorities & the Duty to Cooperate

2.18 It is important that the Bradford City Centre AAP aligns with other development plans in adjoining local authorities and the plan meets the new ‘Duty to Cooperate’ legal test. The Leeds City Region Partnership is one key mechanism which is used to consider cross boundary issues and seek to align different development plan approaches. The Council will, during plan preparation and prior to any formal submission, engage actively and positively with key adjoining Local Authorities, namely Leeds, Calderdale, Craven Kirklees, and North Yorkshire, as well as other bodies as listed in the Regulations, to discuss the preparation and content of the Publication Draft.

Internal Council Services

2.19 The Local Plan Group will engage with internal services departments within the Council regarding the publication of the AAP documents. In addition, targeted contact will be made with key departments or officers through meetings, Email and telephone conversations to discuss elements of the AAP. The strategic services and Departments are highlighted in Table 6 below.

<table>

• Waste and Collection Services |
Internal Consultation – Neighbourhood Services

2.20 The Local Plan Group will liaise with Neighbourhood Support Services to assess whether there is scope to use their networks to help raise awareness of the issuing of the AAP Publication Draft document and signpost members of the public to information sources for further information.

Key Partnerships and Networks

2.21 The Council has previously engaged with the key partnerships within the Bradford District during the preparations of the AAP. At this stage the Council will notify the partnerships (as listed in Table 7) of the publication and invite them to make formal representations. The Strategic Partnerships are currently under review and any engagement will reflect the arrangements in place at the time of consultation.

Parish & Town Councils

2.23 Each of the 18 Parish and Town Councils within the District (as listed in Section 1 of Appendix B) will be notified of the issuing of the Publication Draft documentation for comment.
Press and Media Coverage

2.24 The Council will produce press releases and provide briefings at the launch of the Publication Draft document for all locally circulating newspapers, local radio networks and where appropriate local television networks. These include:

<table>

Local Plan Newsletter – *Plan-it Bradford*

2.25 The Council produces a quarterly electronic newsletter, known as Plan-it Bradford, to provide an update on the progress with the Local Plan and to provide notification of any forthcoming consultations. The newsletter is distributed via e-mail to contacts who have requested to receive it. It is also available to download on the Council’s website. Details of the Publication Draft and how to comment will be explained within this newsletter as an additional mechanism for informing stakeholders and members of the public.

Social Media: CBMDC – Twitter Page

2.26 Bradford Council has an official Twitter page: ‘@bradfordmdc’ to promote the services and activities of the authority. The page is updated on a daily basis to alert members of the public (followers) of current local information.

2.27 The Council will consider the use of this social media method to promote the Publication Draft and any events to Bradford Council twitter followers.
2.28 Planning Aid England (PAE) (formerly Yorkshire Planning Aid) is part of the Royal Town Planning Institute (RTPI), a Registered Charity. It provides free, independent and professional planning advice service to individuals and groups who cannot afford professional fees through a dedicated telephone service. They offer a number of services including a national Planning Advice service and a neighbourhood planning services which provided support in engaging with people and communities which are disadvantaged and marginalised in gaining knowledge about the planning system and how they can get involved. Local services operate through a Community Outreach Coordinator and a network of professionally qualified volunteers.

2.29 The Council will continue to publicise Planning Aid England’s services on its corporate website. Planning Aid England may be able to assist members of the local community in making their representations.

‘Drop-in’ Sessions
A number of ‘drop-in’ sessions will be run which will specifically target local residents and businesses within the neighbourhoods of the Area Action Plan. These will be run throughout the day and early evening to ensure sufficient flexibility to accommodate the needs of local residents.
PART THREE: NEXT STEPS

Record and Publication of Consultation Responses

3.1 During this consultation, the Council will seek to promote the submission of formal representations by electronic communications by email. Formal written representations will also be accepted.

3.2 The Council will collate and record all representations made at the publication stage. If the consideration of the representations highlight an issue which would make the plan unsound the regulations allow for further changes prior to submission to Government, although these will be an exception. A copy off the representations will be sent to the Planning Inspector.

Submission to Government

3.3 Following submission to Government an independent inspector will be appointed to undertake the examination of the Plan, examining specifically the soundness, legal compliance and the duty to co-operate. The examination will take the form of roundtable hearings into key matters determined by the Inspector taking into account the representations received. Those who made a representation can request to appear at the examination. The Inspector would normally review the plan and representations to be satisfied that the plan can proceed to examination.

3.4 Following examination the Inspector would provide a report setting out whether the plan is sound, legally compliant and meets the requirements of the duty to cooperate. The inspector can recommend non substantive changes to the plan as part of the report. If significant soundness issues are found they may result in the plan being found unsound and further work required and the plan being resubmitted for examination at a later date.

3.5 If the plan is found sound the inspectors report and recommendations would be brought back to the Council for consideration and a decision on formal adoption. Once adopted the Core Strategy would be part of the statutory plan for the District and would replace certain policies of the currently saved policies of the RUDP.

3.6 Further work on more detailed development plan documents would then seek to ensure the supply of the detailed sites to meet future development needs in line with the policies of the Core Strategy.
